Atchiko was here and said he had written also and had never received an answer.

Mme Kwinitadze is dead and also Mr Galoblichvili,one of this day that will be my turn...will I see you again before?

Very dear Edwards,

We were beginning to wonder if you were still on this planet or if you had ~~emigrated~~^{emigrated} to the moon!

Since the note that you sent me a few days after your departure, we haven't had any news from you. I never received your first letter and I was even very angry for ~~Lulu~~^{Loulou} had told me that Ach had received news of you and that you were in South America. As for Mathela I really don't know if she received your letter but I am going to write her a note. As for the others I don't know their address. Be so kind as to give it to me so that I can carry out your orders!!! Time passes with incredible swiftness and unfortunately life is so monotonous! Apart from Nina's marriage, which was a great success and during which we had a very good time, there's nothing very interesting. Nina and Bernard found an apartment very near the house at Bd. Auguste Blanqui almost at the corner of the rue de la Santé, the building which is behind the little gas station at the end of a long alley-way. Catch on! As for Fiti and Aunick they are still at home but would like to find a place of their own.

You're exaggerating when you say Hopy the "pisser" which is completely wrong. You should instead say Hopy the "biter" for he bites ^{easily} quickly unfortunately! Yesterday evening the whole family was gathered including ~~Lulu~~^{Loulou} and Maguy to ^(word missing) celebrate three days alas! 45 summers! The atmosphere was very friendly, and just this morning, a letter from you bright and early. It's an extraordinary piece of luck that it's still in one piece as it was pouring out when I shouted a letter from you. You can be sure of getting news from the whole family and I thank you for loving us so sincerely! My august former husband has just

201-233477

caught double pneumonia again, he'll be laid up at least until September which has plunged us all into (free translation) our ears in debt -- a matter of money naturally! Therefore, I'd like to tell you that your letter makes me very happy. You should certainly be framed with the most beautiful frame that exists in this whole wide world for there ^{are} ~~is~~ surely no two like you as far as we are concerned naturally. May heaven take ⁱⁿ it/to consideration toward the remission of all your sins, amen! Ouf!!!

I stopped this letter yesterday evening when Odile came to visit me to wish me a happy anniversary with a bouquet of flowers. She stayed for dinner as well as Maguy and all three of us went to the movies to see an old film which was very funny "You Can't Take it With You" in which James Stewart was still young.

What else is there to tell you, you know our life...nothing has changed. So, I impatiently await another letter from you telling us what you are doing with many details. It would be really nice if you could be here for the end of the year. In the meantime I kiss you affectionately.

Hi Mid,

I hope that unlike myself you received my letter. Since the mailing of the last letter a sensational event occurred in the family. A fourth daughter for Atch, Sophie, born on March 13th. As you asked me, I sent them your address and my congratulations.

Yesterday Loulou came by for a few minutes in the afternoon to give us some very bad news. His father's condition is very bad. We are afraid it is a tumor of the lung. Unfortunately, when one says tumor, one often means cancer; I hope to God that I am mistaken. Little (eligible) the cousin of Ramaz had a fine boy named Christophe; and that's the latest news!

The children should write you every day, but if you want to chew them out, here is Nina's address: Mme. Monestier, 159 Bd. Auguste Blanqui, Paris 13.

Nelly has been working since last Monday in a very stylish and terribly expensive little shop. The job of sales clerk seems to agree with her. It is a store for expensive lingerie at the corner of rue Miromesnil and St. Honore.

I am writing you all curled up in the corner of the kitchen for we are out of heat and today, after a few days of radiant sunshine it is raining in torrents!

What crimes must I have committed in a previous life to lead such an ugly life!

Write us quickly and tell us what you are doing. We know nothing, since your last letter never arrived! I am waiting impatiently for some news from you. In the meantime, I kiss you affectionately.

Mais tout ça passe quelques instants dans l'après midi pour nous annoncer une bien triste nouvelle. ton père son très mal. Il doit avoir les résultats des radios aujourd'hui on a peur d'une tumeur au pignon et malheureusement que dit tumeur, dit bien souvent cancer! J'espère le ciel que je ne me trompe pas.

Dear "Eduardo,"

Everybody was very happy to hear from you again. You know that Mimi and Mama have already written you as well as, undoubtedly, Nina and Nelly. Therefore, I'm the very last to write you but that doesn't mean that I don't think of you.

It's almost a year since you left. Time passes rather quickly in spite of everything. Everybody must have already told you the most important news. So much the worse if I talk nonsense.

Last August 15 I went to meet Titi in Algeria. We returned together early in October. A whole year passed without our seeing each other, but with letters every day, and we found each other as if we had parted the day before, or almost. It was funny to see Titi exercising his functions as a second lieutenant with a section under his orders. What a pleasure to find myself with him there. Now when Bebert and company speak of military service I can join them. The life of an officer's wife is not so bad. One is spoiled! The first month we were at the sea shore. Since I love the heat this was just the thing for me! Titi left every morning at 5 o'clock to join his section 25 km from the place where I was staying and returned only at 4 o'clock in the afternoon; -- the weeks passed quickly except for the beach -- and still we could not go very far because of the guerrillas! In short, apart from going out to lunch, I stayed, so to speak, shuttered up in my room waiting for the return of my lord and master. I tried to go swimming alone, but the city and the beach were full of soldiers and I gave up quickly. You cannot imagine, I think, what it's like to eat alone as a woman in a restaurant dining room full of soldiers. I did not dare to raise my eyes from my plate and, to feel looked at while eating, makes you become clumsy. Hardly

21.233477

any women except some middle-aged ones who gave me side ways glances. There was plenty of youth but then too they looked at me like a China doll. That's enough for my "military service".

Titl went back to the school of fine arts, he's coming along fine. Unless someone offers him a wonderful position he will continue at the school. It will be very long! He also works for an architectural firm. Finally you know the procedure having almost been in it yourself, we are looking for an apartment. We would like to have a home of our own. Certain people don't understand why we want to leave la rue Gabanis since there's enough room there. First of all there isn't that much! We have to queue up for the bath room; if Titl wants to walk around in his shorts he can't do it (it's not that he is accustomed to doing this sort of thing) and the people can hear everything that's going on in the room. And then again it's very understandable that we want to have a place of our own which we will furnish as we like and where we will live as we like. To spend a full day in bed or to eat at one o'clock in the morning, etc.--and then, too, there is also a little friction between Mama and me. I'd like to shake her up. If you can do it by letter don't hesitate. She's getting bitter how can she do otherwise. She does nothing or next to nothing and she's letting herself go. She could be so cute if she did what's necessary to get thin, and despite her 45 summers she's still well-built. What she needs is a man to take care of her, to take her out and pull her out of her comatose or almost comatose state. I shake her up often but as for me I am abrupt and sometimes I say what should not be said. I'd like to find her a part-time job, something pleasant which would cause her to get out, take a walk, see people, etc. Evidently the house is less gay than previously and, nevertheless, we are still here. What will it be like when only Nelly will remain who is hardly ever here because she goes out with Ramas. And then there's another thing; people criticize Mama because they see her with nothing to do -- I allow myself to criticize, but I refuse to hear

others do it.

The ^{Monastiers} ~~Bibart Monastiers~~ are almost next door to us, exactly in the building across the street from the metro Glaciere. They found an apartment; but, hold on to yourself 1,600,000 francs deposit. It's crazy. It's their ^{grandfather} ~~great-grandfather~~ who loaned them the money which they are paying back at the rate of 10,000 francs per month. They have received many gifts and are completely furnished. We see them frequently. Nelly went to a beautiful school which lasted three months. She liked it very much, but after ^{getting} ~~going~~ out, she didn't find a job. Through one of my friends I found her a job as a beginning sales clerk while waiting, but perhaps at the end she'll like being a sales clerk better. She's been working since Monday. Nina is still in the same job. She's waiting impatiently for Bernard to make enough money so she won't have to work.

Mimi is still the same fortunately. As for me, I've changed professions. I am a model. Don't laugh. Evidently I am beginning in this career, but I hope it will work out. One can earn a lot of money and it's a tiring business but pleasant and feminine and a lot more interesting than ^a ~~the~~ job as secretary where you rest your behind on a chair all day. I began at the beginning of November and I worked until the month of March. I've been unemployed since then, but I'm doing a lot of looking around to find something. The mannequin "cabines" are formed only toward the end of May. I must make some photo tryouts next week. Photography brings in much more. If only it works out I'd like it very much.

What more can I write you! We see Louis and Nethela quite often. Nethela has changed jobs and is now earning 150,000 francs a month. Not bad! Hurry up and write us and tell us about the things you're seeing. Do you like Brazil?

My dear Eduardo I am going to leave you. Write quickly if you can. I give you a big kiss and hope to do it for good one of these days.

Mon vif "Eduardo"

Tout le monde a été bien content de savoir de ta nouvelle. Tiens que Mère et Maman t'ont déjà écrit sans sans doute que Mère et Nelly. Je suis donc comme d'habitude à t'écouter mais cela ne veut pas dire que je ne pense pas à toi.

Puisque un an déjà que tu es parti le temps passe malgré tout assez vite. Tout le monde a dû déjà te raconter le principal t'ayant vu si rapidement. Le 15 Août dernier j'ai pu te regarder T.T. en Afrique nous sommes restés ensemble les premiers jours à côté de l'un an entier sans nous voir mais nous nous écrivions chaque jour, et nous nous sommes retrouvés comme si nous nous étions quittés par ailleurs car presque cela faisait dix-huit jours T.T. dans l'exercice de sa fonction de sous-lieutenant avec une action sans cesse

Tit. s'est remis à l'École des Beaux Arts.
Ça marche. A moment qu'on lui propose

Et puis il y a quelques frictions
entre Maman et moi. J'ai envie
de la recevoir, si tu peux le faire

par lettre ne te gêne pas. Elle s'agit.
Le moyen de faire autrement elle ne
fait rien ou presque et ne l'aime aller.
Elle n'a ni chaquette ni elle faisait
ce qu'il faut pour moi car
malgré ses 45 printemps, elle est encore
très bien. Ce que lui faudrait c'est
un homme qui s'occupe d'elle,
la soigne et la tienne de son état
comatense ou presque. Je la vois
souvent mais moi je suis tranquille
et je lui fais ce qu'il me faut
par elle. Je voudrais lui trouver un
travail à mi-temps, quelque chose
d'agréable qui l'oblige à sortir à

La maison est évidemment moins gaie
qu'avant et nous sommes pourtant
encore là ! que n'a-ce lorsqu'il
n'y aura plus que Nelly qui n'est

presque jamais là, sortant avec Ramaz.
 Et puis il y a aussi une chose, les
 gens critiquent Maman, à la voir
 rester sans rien faire. Je me permets
 moi de critiquer, mais je refuse
 d'entendre les autres le faire.

Les Bibest Monastier sont presque à
 côté de nous, exactement dans
 l'immeuble en face du mitro Olavine.
 Ils ont trouvé un appartement
 mais avec, tiens-toi bien, 1 million
 six cent mille francs de reprise. C'est
 fou. C'est le grand-père qui a
 prêté l'argent qu'ils remboursent à
 raison de 10.000 francs par mois.
 Ils ont reçu beaucoup de cadeaux
 et sont muets et montés en vaiselle.
 Nous les voyons souvent. Nelly a
 fait une école d'athlétisme qui a

donc 3 mai. Cela lui plaisait beaucoup.
Mais en sortant, elle n'a trouvé aucune
place. Par une de mes amies, j'
lui ai trouvé une place de vendeuse
débutante en attendant. Mais finalement,
être vendeuse, lui plaisait
mieux. Elle travaille depuis lundi.
Nina est toujours dans la même
boite. Elle attend avec impatience
que Bernard gagne assez pour
ne plus travailler.

Mimi est toujours la même, humeurusement!
Quant à moi, j'ai changé de métier.
Je suis mannequin, ce n'est pas
le début évidemment dans la carrière
mais j'espère que cela marchera, on
peut gagner beaucoup d'argent et
c'est un métier fatigant mais
agréable et féminin. Et bien plus

J'ai commencé au début du mois

quelque chose les cabines de mariage
ne se forment que fin Mai. Je
dois faire des essais de photos la
semaine prochaine. La photo rapporte
encore plus. Pourvu que cela marche.
Cela me plaît beaucoup!

que te racontes encore! Nous voyons
assez souvent Louis et Nathéla.

Nathéla a changé de boîte et
gagne maintenant 150.000 - par mois.
ce n'est pas mal!

Dépêche toi d'écrire et de nous
raconter ce que tu vois ! le Brésil

MARQUE DÉPOSÉE TROPICAL MADE IN FRANCE

My old "Eduardo"

Everybody was very happy for receiving news from you. I know that Grand-ma and Mother have already written and also Nina and Nelly. ~~XXX~~ Therefore I am the last one, but that don't mean I am not thinking to you. It is Nearly one year you are gone but nevertheless the time past very fast. Everyone must have already told you the principal, does no matter if I wander.

Past 15 august, I join TITI (husband) in Algeria, and went back together in the early days from October. One ~~full~~ whole year without seen each other but one letter every single day and we met again like we never were separat or almost. That funny to see TITI in his s/lieutenant fonctions, commanding a section. Such plaisir to see him again. Now when those gentlemen are speaking military duty I may join them.

Officer's wife life is not so desagable after all. We are pampered. The first month we were on the beach. I like warm water and had more as I was asking for. TITI was living at 5am every morning to joining him section 25 km (16 miles) from where I was and return only at 4 p.m. The resources were fast drained off. The beach, and even we could not go very far because the fellaghas!

In short, going to eat for lunch that was all, I was almost inclosed in my room waiting the return of my Lord and Master. I have try, all right, to going swim alone, but the town, the beach was flooded with solders. I had given up very fast.

I don't think you can imazined a woman alone in a restaurant room eating surrounded with solders. The felling from every eyes watching you make the people clumsy. There were very few women which were looking to me not very friendly. Enough speaking from my "military duty".

TITI has been return at Ecole des Beaux-Arts. If no one will proposing him a very good job he will he is determin to follow the school. That will be long. Some time he is working for some architects. We are looking for an appartement, we will like to be in our own. Few peoples do not undersand why are wishing to live this place. Mother and me have sometime few words and we are not always agree. I wish to shake her a little, and if you could do that, with a letter do not be afraid. She will be so nice if she only would try to be thinner. I think she need a man who can take a care of her, remove her from that comatose spirit. I did shake her several time but I am to abrupt and I am saying what I must not. I would like to find a job for her, which will oblige her to go out side and see peoples.

The house is less merry today than before, but what will be when Nelly will take off. She already goes almost every days with Ramaz. And something else too, peoples are criticizing Mother because she is not doing anything. I may criticize but I forbid to the others to criticize my mother.

The Monestiers are living not far from here, exactly in the building who face the subway Glaciere. They have found an apartemer but with 1 million six hundred thousand francs for the key. Crazy is not? The grand father loan the money and they repay him with 10 000 frs a month. They have ~~xxxxxx~~ receive many present for the marriage and they have furniture and everything they need. ~~XXXXXXXX~~ We see them very often.

Nelly follow an esthetiq's school but she has not found job yet in that line, so she work as salesmaid since monday. Nina is still working in the same company. She is waiting that Bernard earn more money to quit the job.

Meme is always in the same shape, fortunatly. I am mannequin now. Don't laugh at me. I hope this job will go very good. Fatiguing job but agreable and feminin. Certainly much more intersting ~~than~~ ~~than~~ secretary. Have your behind one whole day is not very funny. I must make some photo test next week. It is ~~xxxx~~ possible to earn more money with that and I like it very much.

What can I say more. We have seen Nathela and Louis. Nathela now earn 150 000 frs a month. That is not so bad.

Rush us a letter and tell us what are you doing? How like you Brasil.

My old "Eduardo" I will live you now and write us if you can

I kiss you very very strongly and hope I will be able to kiss you for good some of this days.

ANNICK

Very dear "Eduardo"

We were starting to asking us if you were still on this planet or on the moon.

Since your little word send right after your departure we were without news. I had never receive ~~my~~ your first letter and was a little mad after you because Loulou told me that Athico had news from you and you were in South-America. I ignore completely if Nathela has receive your letter but I will write to her. I ignore also where live the others people and I will be glade if you can give them adress. Already 10 month since you are gone. The time past with an incredible speed. Beside Nina's marriage, which was a very well, nothing interesting.

Nina and Bernard have found an appartement very close from our house, Boulevard Auguste Blanqui, corner rue de la Sante, the building which is standing behind the gas-station. You see ?

TIFI and Annick are still with us but wish to find some place to go.

Yesterday evening the whole family was together plus Loulou and Magy to celebret my 45 springs and just this morning a letter from you. It was lucky your letter was still in one place when I screamed 'a letter from you'.

You can be sure to receive news from the whole family and we thank you for your love for us.

My august husband had caught again a double-pneumonia and that will keep him until september, therefore that plunge us in difficulties to the neck....and you may imagine with which happiness I have read your letter. You are certainly the only one to be like that in our world. God bless you and ~~we~~ must take account for the remission of your offences...Alleluia !

I have stop this letter yesterday evening. Odile and Magy were here, we had diner together and went to the movie. James Steward was starring.

What say next, you know our life, nothing is change. I am waiting impatiently another letter of you to tell us what are you doing. That will be so nice if you could be here for the end of the year. Until then I kiss you lovingly.

1. A dispatch had been prepared outlining the various administrative and operational details pertinent to the WIROGUE project. Receipt of reference B negated its value and we prepared this one in its stead. Suffice it to say that all steps outlined in reference A were accomplished and he was dispatched with the specific instructions outlined in paragraph 2 of reference C.

2. During WIROGUE/1's association with the undersigned, the subject of a vehicle was raised by him. He stated he needed one to accomplish his mission. It was suggested to him that under the present circumstances in the Congo it would not be wise to consider such a purchase until he has discussed it fully with you and received your concurrence. If he did purchase a vehicle after receiving your approval, then he would have to do it from his own funds and not use funds made available to him to establish his cover business. Obviously he has violated the suggestions.

3. While WIROGUE/1 was in the employment of REDHOOD, there was a communication channel set up between him and his family. This was an arrangement with a letter drop in Sao Paulo. He would write a letter, post date it, and give it opened to the Case Officer who would pouch it to the COB, Sao Paulo for mailing. Letters to WIROGUE/1 would come to a post office box in Sao Paulo where it would be serviced by ALLOMETER-2 and pouched to the Case Officer. We leave it to your discretion, as to whether or not you wish to continue this type of arrangement. Nonetheless, under separate cover, attachment A is a letter for WIROGUE/1 which was received through this channel.

4. I am sure that WIROGUE/1 will undoubtedly want you to set up a similar arrangement through Germany for him so that he may communicate with a female acquaintance of his in FBPRIME. We are not adverse to the idea of his having such a channel, but only on the condition you are able to censure

<p>1. The plans and development of the WIROGUE project have reached a point whereby a summation of the progress made and the plans for the future is in order. At this writing it is anticipated that WIROGUE/1 will be on the Leopoldville scene on the first of December.</p> <p>2. WIROGUE/1 had originally been recruited in Europe for a REDSOX operation. He was flown to FBPRIME "black" and underwent an extensive training program. This included survival, small arms and other similar type FM training. After a year of such training the project failed to materialize, as a result subject was preparing for resettlement in South America. The AF/Division took interest in WIROGUE/1 and after an assessment decided that with his peculiar background, talents and general makeup he could effectively be utilized along the lines cited in reference A. On 21 October 1960 the case was transferred officially to the Africa Division.</p> <p>3. Since that date to the present, every effort has been made to psychologically orient WIROGUE/1 for this assignment and to prepare him operationally for its fulfillment. To insure the security of the operation, prevent any identification with ODYOKE and/or KUBARK, and to preclude any unexpected uncovering of WIROGUE/1's past which would associate him with his pre-KUBARK life, a number of basic steps were taken. These were:</p> <p style="margin-left: 40px;">a. WIROGUE/1 underwent plastic surgery, which changed the shape of his nose.</p> <p style="margin-left: 40px;">b. A toupee had been made for his constant use. This and the plastic surgery have altered him sufficiently to obviate any recognition.</p>

c. Documentation prepared with accompanying cover story to show that WIROGUE/1 is an Austrian and who has never had ODYOKE connections, nor ever been in FBIKIME. (See separate cover attachment A).

4. It is planned at this time to take WIROGUE/1 "black" to Germany. There he will be met by the undersigned, given his Austrian documentation, contact instructions and letter of credit, stripped of any FBIKIME clothing or personal effects, and dispatched. He is to proceed to Leopoldville on his own and upon arrival make contact. The cover assignment for subject is temporarily left open, although he has been told to look into the prospects of opening a photo or general repair shop. He has actually done photographic work but the decision on this we will leave to your on-the-spot judgment. The letter of credit for three thousand dollars is to be used to finance this venture. There will also be a reserve of one thousand dollars in a Swiss account should expenses necessitate a greater outlay. This money will constitute a non-interest bearing, operational loan which must be repaid by WIROGUE/1 from profits over a period of years. All other profits after the loan is paid off will be WIROGUE/1's.

5. A word about the manner of man with whom we are dealing. He is a small, energetic individual, who has displayed shrewdness, cunning, ingenuity and inventiveness. He has a peculiar turn of mind which lends itself remarkably to nefarious and extra-legal activities. Excitement and intrigue are important factors in his life, he relishes it and as a result may be a little delicate to handle. WIROGUE/1 likes order and clear cut chains of command. He admires the Prussian approach and as a result will take orders even if he may disagree. It is important to him to have the trust and confidence of his case officer. If in his own mind he feels assured of this and is confident of the professional MUTUSE-type competence of the CO, he will reciprocate in kind. He is indeed aware of the precepts of right and wrong, but if he is given an assignment which may be morally wrong in the eyes of the world, but necessary because his case officer ordered him to carry it out, then it is right and he will dutifully undertake appropriate action for its execution without pangs of conscience. In a word, he can rationalize all actions. One last thought which may be useful. Best results will probably be gotten if, when given an assignment, he be permitted to accomplish it in his own way. The latter is connected with his idea of trust and confidence.

REFERENCE(S)

1. WIROGUE has received political recognition from the West German government and is fully documented in the name of Georg Frank Sanders. This was accomplished with the cooperation of ODIBEX on the basis of the fabricated story stating that Subject is a Georgian who defected from East Berlin on 14 July 1962 while with a tourist group. It was necessary to acquire political recognition for Subject because this was the only sure means to backstop him if and when he applies for immigration to South America. A Fremdenpass would not withstand the investigation required by immigration authorities.
2. All the South American Consulates in West Germany were contacted with the assistance of CAMANTILLA in an attempt to collect information which would enable HARVARD to select the most likely country to which Subject could immigrate based on his personal preference, opportunities for emigrants, immigration requirements, etc. Columbia, Chile or Peru offer the best possibility.
3. The next step will be for Subject to apply to the appropriate Consulate and begin his processing. Prior to having Subject take this step HARVARD will require Headquarters guidance and thinking regarding the following:
 - a. Subject as a prospective emigrant will have to furnish proof of employment or proof of financial solvency. Subject's West German documentation indicates that he is an engineer. This does not mean that he is a diplomaed engineer but rather a master mechanic. This is borne out by the details of his falsified life history and in fact by Subject's actual skills in electrical and mechanical fields. HARVARD feels that Subject can satisfy any South American Consulate that he is experienced enough in electrical and mechanical fields to be of value to the economy of the South American country of his choice. Once Subject is admitted to South America, HARVARD has no doubt that he can find employment if he desires it. The ideal solution, however, would be for Subject to have a firm offer of employment prior to his immigration. If KUBARK can arrange this, HARVARD feels that Subject's immigration could be practically assured. Subject could seek employment through the German language newspaper in Santiago, Chile but HARVARD feels that no South American firm would take the chance of hiring him sight unseen unless he were a highly qualified specialist.
 - b. If proof of employment cannot be provided, proof of solvency is the next requirement. Only one of the South American countries has stated what it considers to be the minimum proof of solvency. The prospective emigrant must show that he has the funds to subsist for two years at the rate of \$125.00 per month. HARVARD feels that to deposit \$3,000 to Subject's account would be a grave mistake. HARVARD has no doubt that Subject is capable of taking the money and departing for parts unknown unless there were sufficient inducements awaiting him in South America. HARVARD could probably arrange for a letter attesting to the fact that Subject has \$3,000 being held for him. Subject could have been working for ODIBEX as a consultant since his defection. The \$3,000 would be bonuses and salary.

c. HARVARD has not considered processing Subject for immigration through a bona fide refugee organization in order not to involve Subject with the United States Escapee Program and to keep from making a refugee organization a party to fraud with the possibility of embarrassing complications if the immigration does not come off properly. Working through a refugee organization would mean additional paper work and additional problems which for the present would indicate that this immigration avenue should not be considered except as a last resort.

d. When filling out his application forms Subject will have to provide employment and residence addresses consistent with the dates when he was supposedly living and working in the Georgian S.S.R. His wartime military service will have to be covered also. HARVARD feels that this information can be acquired through the facilities of SR/6 when needed.

4. HARVARD is of the opinion that Subject has committed himself to going to South America partly because he will do anything which will prolong his association with KUBARK and partly because he is hoping to realize some personal or financial profit from the exercise. HARVARD has followed the theme that Headquarters desire is to help Subject and that it can best be done by completely legalizing him. Political recognition is the first step but we desire further that he be helped to immigrate and after 5 years acquire citizenship. Subject has asked HARVARD if he would receive financial help during the transition period in South America. He was told that we could only guarantee his plane fare, that Headquarters would decide how much and what kind of additional help he would receive if any.

5. Subject rejects the idea of staying in Germany except as a last resort. It is possible that because of his irritation with his inactivity Subject may simply request his German documentation and leave HARVARD's custody.

6. Subject has been in HARVARD's hands since 22 May 1962 and has been costing us 100 to 150 DM per week, plus many hours of case officer time. Request earliest Headquarters advice per para 3 above.

Summary of Information on Subject of 201-333477

ACTION REQUIRED - REFERENCES

References: A. PARI 6754, 6 October 1964

B. Dir 57448, 16 October 1964

1. Iden was born in 1918, in Georgia, USSR. He emigrated to France with his family when he was three years old. He was a clever, precocious child during his lycee education in France and was frequently dismissed by school directors who did not appreciate his temperamental performance. He also attended several engineering colleges but apparently never graduated. In 1939, he volunteered for the French Foreign Legion and was sent to Tunisia. The occupation of France in 1941 ended his military career. He was demobilized and returned to Paris.

2. Subject claimed that he wanted to fight for France, but he did not wish to join a collective resistance organization. He decided to act on his own so he joined a labor force being recruited in Paris to go to Germany. For awhile he worked in a synthetic gasoline plant in Boelitz near Berlin. Later he was employed as a driver for the NSKK. During this time, he began his career in black marketing and document forging. He claimed that he forged passes into and out of Germany and did it to help imprisoned French officers to get back to France. It is felt that the ulterior motives might still have been love of excitement and wish to make money. He also claimed that he did not work for the French Resistance, although it was possible and probably that they gave him orders to fill. He did mention working through intermediaries and cut-outs, so its possible that he did actually work with the Resistance but did not want to tell us. Eventually Subject was arrested by the German regular police for his activities, and later brought to Berlin where he was interrogated for several months at Gestapo Headquarters. He ended up by spending time in jails and concentration camps. He was finally liberated by the U.S. Army.

3. After the thrill and excitement of the war years was passed, Subject could not settle down to a routine existence. So he joined up with an acquaintance who he says convinced him of the necessity to make more money. They decided to commit robberies. One was successful. Unfortunately for Subject, the other was not. His friend was apprehended and confessed. Subject spent the next five years in various rather notorious prisons in France.

DISPATCH

He was then paroled to his brother and was living near Marsellos. He attempted to go into business using some of the inventions that he had conceived during his confinement in prison. His personality and intense drive and self-confidence quickly gained him a business partner with capital to invest in a cinematographic color reproduction system that was patented and earned decent profits for the two of them. Subject was still on parole and tied to his older brother's "self-righteous intolerance," however. It was shortly after this that Subject was approached by a member of KUBARK who was following up on Subject as an ops lead furnished by a cousin in PERLIS. Subject was favorably assessed and removed black from Franco because of travel restrictions imposed by his parole status.

4. The rest of Subject's career has been generally summarized in DIR 57443. We are also attaching a copy of EGQA-21573 for information on Subject's most recent activities.

5. Subject has been described as being very ingenious, observant, shrewd, glib, and one who relishes intrigue and daring. The latter play a very important part in his character. He learns quickly and carries out any assignment without regard for danger. His drawbacks, as enumerated by his case officers, are that he is headstrong, impulsive and constantly needs new interests, has an ego that feeds on recognition and triumphs, a low frustration point at unpredictable times, would probably "fall in love" with his CO which would make agent turn over difficult, and that he would be difficult to dispose of if he became disenchanted, i.e. Subject is a handling problem.

CONSENSUS ~~OPINION~~ IS THAT SUBJ COULD DO VERY LITTLE DAMAGE, IF ANY AT ALL, IF JOINED OTHER SERVICE.
2. DURING PERIOD WHEN SUBJ UNDER SR DIV CONTROL, CO HAD PERSONAL, DAILY EXTENDED CONTACT WITH HIM. CO BELIEVES SUBJ HAS INMATE DESIRE WORK FOR INTEL SERVICE AS IT CONSONANT WITH PAST LIFE FULL OF DARING, ADVENTUROUS ACTS. IDEA OF "LEGALIZED SPYING" APPEALS TO SUBJ AS IT PUTS HIM IN IMPORTANT, UNIQUE, PROFESSIONAL CATEGORY. CO BELIEVED HE GENUINELY SINCERE IN WANTING TO DO SOMETHING FOR KUBARK AS HE ENJOYED ROLE AS LOWER ECHELON ACTION AGENT. WHILE IT ENTIRELY POSSIBLE SUBJ THREATENING WORK FOR OTHER SERVICE AS BARGAINING TACTIC FOR ADDITIONAL KUBARK FUNDS, CO RECALLS THAT MONEY NEVER HAS BEEN PRIMARY END FOR SUBJ AS HE ALWAYS FELT ENOUGH MONEY WOULD COME FROM SOMEPLACE TO SUSTAIN HIM FROM ONE VENTURE TO ANOTHER. DOES NOT BELIEVE THAT SUBJ EXPECTS TO BE ACCEPTED BY FRENCH IS. HE KNOWS VERY WELL HE WOULD BE INCARCERATED FOR VIOLATING PAROLE. MEMORANDUM FOR: J. Albright, AF/5

SUBJECT : 1. Informal Character Assessment of WIROGUE
During the Period July 59-Nov 1960
2. Suggested Considerations for WIROGUE Resettlement
Phase
3. Damage Report Contribution

1. The following observations and comments are intended to represent an informal personality assessment and factors in consideration of resettlement for AESPIC, now WIROGUE. It is based on a period of training and handling prior to anticipated dispatch--early July through late November 1960. These thoughts are based on personal daily extended contact as trainer/agent handler with Subject as a member of prospective cross-border team for implementation of REDSOX Operation. ASENTINEL. One member was re-assessed operationally unsuitable, which left a team of 2 agents, both of which Undersigned continued to handle. It is hoped that this assessment may be of some benefit to the AF Desk Officer, who requested it the day of this writing. It is intended that Subject's demonstrated suitability for ASENTINEL, an infiltration-exfiltration operation into difficult terrain in the Soviet Union, will serve as a mechanism rather than an end in illustrating Subject's general abilities and limitations for the task at hand. An attempt has been made to present this material in subject categories considered operationally meaningful. Quoted passages in Part I are Subject's own or the closest approximation memory permits.

2. It is my considered opinion that the Subject of this writing has the highest personal and professional regard for Undersigned. I do also consider that, although thoughtful handling and self assuredness were prerequisite agent control factors during this case, Subject did not cause an uncomfortable amount of special handling problems. The senior Project Officer was Mr. Perry Crookham, C/DOD/DOB during the training and holding prior-to-dispatch phase of the operation.

3. Subject Background and Chronological Association Factors
Deemed Operationally Significant

A. Subject is an approximately 49 year old ethnic Georgian fluent in Georgian, French, German and English. Subject emigrated to France with the remains of his family during the pre-Lycée stage of his life. His father, a TBILISI University academician and intellectual of some note, elected to stay in Soviet Georgia, during which period Soviet dominance in the West Caucasus was fairly well solidified. Subject considers that his father's decision was made of

SECRET

his own free will but which nevertheless disappointed Subject greatly, as he greatly admired him, despite the fact that Subject's father's decision was responsible for the suicide of his mother, whom Subject greatly loved. Undersigned believes that Subject's anguish in memories of his parents was genuine. Subject was a clever though precocious child during his Lycée education, and frequently was dismissed by school directors who did not appreciate his temperamental though erratically brilliant performance. Subject, during this stage of development, probably tried as hard as ever in his life to conform to the rules of society, which during that stage of French national education practices, would probably seem quite strict by American middle school practices. Subject greatly desired academic/professional recognition in imitation of his father. These feelings were especially frustrating because of his quick mind and seeming natural ability for mechanical and electrical theory and principals. I do not believe he ever has learned to consider conventions of living anything more than a tiresome game to be played when there is no alternative. Subject's quick mind, and early appreciation, recognition and adaptance of guile did much to ensure the necessary understanding of French culture for moderate success in that country. Subject who is an unusual looking man even by French standards, has no trouble in identifying with the under-privileged elements of French society. Subject is temporally bald, hooked nose, short, slender, bandy legged, wiry, and of dark complexion but possessed of a dry, caustic wit eager to laugh and contribute in the Caucasian spirit of camaraderie to those whom he considers worthy of friendship. Subject, however, makes real friends cautiously, and has consciously established for himself personality assessment criteria that would do justice to many successful senior FI or CE C/O - agent handlers.

B. World War II offered Subject the welcomed opportunity to show his ability and ingenuity by engaging in black market affairs in luxury items and travel documents in German-occupied France. Subject would wistfully recount stories of his escapades during that period, which, after really getting to know Subject, seemed to be entirely possible. Subject admired the Germans as "worthy opponents", particularly their efficiency and ability to act decisively whether the problem be tactical or strategic. An extended period of German incarceration (until war's end) did nothing to alter his opinion. War's end left Subject bored and unfulfilled. The excitement and thrill of "the game" were gone and Subject's unsettled, numb confusion was for quite another reason than most of Europe's milling thousands of displaced and shattered families. Therefore, it was not long before Subject and a close friend from his black market days decided on a daring daylight bank robbery in one of the suburban centers of France. Subject contends he planned the robbery from start to finish, and needed only someone to help. Subject and his accomplice carefully cased a bank, stole a heavy truck and during the height of the business day backed the truck full speed in reverse through the large street level plate glass window. Subject said he hopped out of the truck with

SECRET

an automatic weapon, while "the people were frozen solid", gathered up the money and was away quickly. Subject said the scheme failed because his accomplice went to the cache-site to get some of the money to spend before it was safe to do so. His accomplice was apprehended and in time broke down and implicated Subject. Subject said he was not bitter at his betrayer, but rather professed a genuine admiration for French interrogation techniques. Subject served a difficult confinement of 5 years, and was paroled to an older brother in Marseilles, as I recall.

C. Subject said that he began at that point to appreciate the futility of violent actions, while opposing the authority of society. He therefore attempted to go into business using some of the inventions that he had conceived during his confinement in prison. His winning personality and intense drive and self-confidence quickly gained him a business partner with capital to invest in a cinematographic color reproduction system that was patterned and earned decent profits for the venture. Subject was still on parole and tied to his older brother "self-righteous indulgence", however. It was shortly after this that Subject was approached by a member of the AIS who was following up on Subject as an ops lead furnished by a cousin in the US who was a moderately successful lawyer, and who had been long since recruited as an agent spotter for ethnic Georgians. Subject was favorably assessed and removed back from France, because of travel restrictions imposed under his parole status. I believe that this opportunity rekindled his old feelings of exhilaration and grateful enthusiasm for the opportunity to perform his deeds of dying for an authority, sanctioned by a national state, in this case the AIS.

D. Here at last, he considered, was a secure source of backing and support for his natural outlets. Subject always considered the Agency as an equal business partner, ally, and protector. He was therefore a grateful, sincere "tool" who thoroughly enjoyed his role as lower echelon action agent. *Subject now probably feels like an equal partner.*

E. He was a willing pupil, physically active -- since the job called for physical endurance -- and looked on self-denial and fatigue recognition as a point of honor. Undersigned was never a poor athlete, however, was bested on numerous occasions at whatever the field problem. Subject absorbed Soviet Realities, Border Troops M.O. and basic tradecraft quickly and with great applied flexibility.

F. It was during this period that Subject began to confide regularly and in depth to Undersigned. Subject would often tell Undersigned, "Fred, you must believe me, I want to do something." "I will do anything you tell me to do, only tell me." "You (meaning the Agency) want me to kill somebody. - Okay! I do it anyway you say." I believe Subject was genuinely sincere, and that this was neither an attempt to impress his C/O or a trust/assurance maneuver.

G. When an indefinite hold was placed on ASENTINEL by higher Agency authority, one team member was re-oriented and placed on conservation in a cover job. Undersigned ultimately conducted this agent back to his Scandinavian home where resettlement was achieved with a minimum of arrangements, however, Subject was transferred to AF Division for projected operational use in central Africa. This, if memory serves, was accomplished in late 1960.

6. WIROGUE Resettlement Considerations

A. AF/S representative has requested comment from Undersigned on WIROGUE's apparent reluctance at resettlement attempts in Frankfurt a/M which are underweigh at the present time, I believe. It is undersigned's understanding that Subject has threatened to work for the French Service if resettlement negotiations do not proceed to Subject's liking. Speculation has been that this is probably a bargaining tactic to gouge an appreciable amount of additional dollars in his resettlement claim. Undersigned considers this a quite valid assumption, and entirely attributable to Subject. Subject probably views this threat as particularly critical in view of the seeming political/economic conflict with the French, and appreciates by now one of the differences between the AIS and the IS of a fascist and/or totalitarian state.

SECRET

SECRET

-6-

B. However, Undersigned would like to suggest the following interpretation for whatever value may be in it. I suggest that money, per se, is not the primary end that Subject is striving for now, just as it never seemed to be his primary concern throughout his life. I believe that Subject genuinely enjoys clandestine operations; at least, his conception of clandestine operations. Subject probably would prefer to work for the AIS or possibly the W. German Service because he has a genuine fondness for the people and many aspects of the culture of both countries. The idea of legalized, or at least internationally tolerated, "Spying" offers the opportunity to legitimize, and thereby rationalize, Subject's ~~intention~~ that he is protecting his equity in an important, unique, "professional" category.

C. Subject, during the period of Undersigned exposure, always considered that if he had money-fine, if not, then enough would come his way from someplace to sustain him from one venture to the next. Subject felt that the acquisition of money would be a by-product of his opportunist schemes and technical inventions in pursuance of his main goal: personal recognition for personal achievements and triumphs.

D. I believe Subject does not expect to be accepted in his offer of employment with the French Service, but rather to let our minds jump to the next logical step-the full meaning of the result of such an attempt on his part. Subject knows very well that he has violated his parole and would be incarcerated on his return. I believe his pride and the probability of censure and ridicule of family and friends in France would dissuade him in the final analysis.

E. Subject is a most excellent chess player. I have never won from him, nor have I ever seen him lose a game. I consider that Subject has thought this line of action out thoroughly. It is apparent that he is willing to gamble his quit claim settlement on something that I believe he has specifically in mind--possibly the offer of new documents and identity in some third country. He has always had a great desire to "surprise" everyone back home (i.e. Paris): with new documents, a new identity, plastic surgery, etc. I do not believe that what he wants is necessarily more dollars, but rather for the AIS to once again help him (as co-partner) to achieve his aim of acclaim, success and recognition, possibly this time to family and friends in France.

F. I do not believe that Subject could ever be physically intimidated. He lost half his front teeth to German interrogators and the other half to French prison guards. Additionally, he does possess a defiant spirit that sometimes comes through as sheer obstinacy to friends.

G. If it is considered worthwhile, I believe an attempt should be made to locate a C/O locally who has handled him in the past. A C/O for whom Subject has respect as a higher echelon and whom he considers understands him. I suggest that this C/O interview Subject in an uncontrolled environment to determine what it is that Subject

really wants. To best of my recollection, Subject thought highly of Monty Love (T), the C/O that helped pitch him and who brought him out Black from France. Monty was to go to one of the German Stations or bases the last time I saw him in late 1959.

8. Damage Report Contribution

A. The following constitutes Undersigned's contribution to a damage report that may well be needed in view of Subject's posture in the matter at hand. It covers only that time sequence during which Undersigned actively handled Subject.

B. This span constitutes:

early July 59 - late Nov 1960

C. At that time Undersigned was a junior C/O on the ASENTINEL Project which was to be prepared and launched from the ZI by SR/DOB, a covert site ops base ~~in~~ formerly in the District of Columbia.

D. In early July of 59, Undersigned as "Fred" and George Fill (SR Staffer) as "Mr. George" met Subject and his teammate "Al" who arrived at Natl. Airport, D.C. with their agent handler and trainers. The group had returned from several weeks of survival training in Alaska, and consisted of:

Subject	"Little David" (A)
Gregg Ross (T)	Mr. Gregg (A)
"Al" (agent team mate)	"Big Al" (A)
Bill Rohmer (T)	Bill (A)

E. We drove immediately to a Safehouse in the Virginia countryside and conducted training, holding and orientations from that site until the operation was placed on indefinite conservation and ultimately cancelled because of the Powers U-2 incident.

F. Safehouse keepers were an elderly married couple - "Geof and Janie." There were approximately 6 DOB QP vehicles exposed to Subject.

G. During this holding period another C/O and several agent handlers were there on regular occasions:

Perry Crookham (T)	"Mr. Pat" (A)
Myron Toloczko (T)	"Ski" (A)

H. Subject knew the operating principles and handled the scale mock-up of the ELINT gear to be used on AESENTINEL. Subject was exposed to training in:

- (1) Basic and Advanced Fieldcraft, to include small arms.
- (2) Basic tradecraft techniques and practices
- (3) Soviet Russian language training
- (4) Soviet interrogation techniques
- (5) M.O. of KGB Border troops
- (6) AESENTINEL Ops. plan
- (7) Air infiltration-exfiltration techniques, to include aircraft favored for this.

Final Resettlement of WIROGUE 201-233477					MEMORANDUM 10 JUN 64	

ACTION REQUIRED: REFERENCES

1. WIROGUE, former REDSOX agent candidate and African Division agent has been quitclaimed and resettled on the local economy. This dispatch summarizes the WIROGUE case from May 1962 to March 1964.
2. Subject arrived in Frankfurt/Main from the Congo on 22 May 1962. KUBARK's reasons for establishing contact were dictated by the need to relieve Subject of his KUBARK-supplied false Austrian passport, the need to institute or suggest a course of action which would encourage him to establish himself as a contributing member of society and, above all, prevent his return to the Congo.
3. Subject appeared to be primarily a resettlement problem, therefore, Orme K. DARONNAT was assigned the Case Officer responsibility.
4. Since adequate documentation was a primary consideration for successful resettlement, Subject was briefed on the relative merits of the types of FEDREP documentation available. Although Headquarters had recommended a backstopped Fremdenpass, subsequent discussions between DARONNAT and MKTOPAZ FRAN representatives indicated a Reiseausweis to be the proper document for permanent resettlement. With the cooperation of ODIBEX Camp King representatives, Subject was interviewed and granted political recognition on the basis of a fabricated story in which he claimed to be a Georgian who defected from East Berlin while with a tourist group.
5. The WIROGUE case suffered a temporary setback when in December 1962 the BUNDESVERFASSUNGSSCHUTZ (BFV), the West German organization responsible for the internal security of the FEDREP became interested in Subject and requested all available information. HARVARD briefed OCA Bonn that Subject was strictly a HARVARD agent resettlement case whose name, recognition interview story, etc were complete fabrications to insure his receiving political recognition and a Reiseausweis. OCA advised the BFV that Subject was of continuing AIS interest and HARVARD resumed its resettlement efforts.

6. By summer 1963 detailed South American immigration data had been acquired. This disclosed that Subject's language deficiencies, background, knowledge of the Soviet Union, and work history were insufficient to guarantee his smooth processing through the INTERGOVERNMENTAL COMMITTEE FOR EUROPEAN MIGRATION (ICEM). Our investigation also pointed up the fact that until Subject was provided with a detailed life history containing the information required by prospective employers and/or immigration authorities, he was not in a position to be resettled anywhere, let alone South America. As a result, HARVARD's plans to process Subject for immigration had to be cancelled, at least temporarily.

7. A CABEZONE Stage I C.O. was given the task of preparing a life story containing the factual information needed for the filling out of job applications, to stand up under detailed interviews and, if South American immigration ever took place, to satisfy immigration requirements. This legend was given to ODIBEX Camp King representatives who prepared a new political recognition interview story, arranged for the removal of copies of the old story from the various FEDREP files and replaced them with the new.

8. For the first time since Subject had arrived in HARVARD's custody the way was clear for a final resettlement. Subject's Reiseausweis was renewed and he was quitclaimed and advised to work and establish himself in Germany. He was told that nothing more could be done for him and that immigration to South America at anytime in the future would be without KUBARK assistance.

9. HARVARD has done everything to insure Subject a successful future free from problems resulting from his "black" association with KUBARK. Therefore, there is good reason to believe that KUBARK will not have to become involved with any of Subject's future problems. It is also unlikely he will attempt to coerce KUBARK with threats to reveal all. With his criminal background he is aware that he can be brought to the attention of the French authorities. He also believes that KUBARK's position in the FEDREP is such that we have nothing to fear from any action on his part.

10. At the time of this writing Subject has a position as research and development engineer with a Munich firm. He allegedly receives DM 1500 per month, has an expense account and is to receive a percentage of all profits realized from the sale of any devices he develops. He expects to move to Munich permanently about the end of May or June 1964.

11. HARVARD has arranged with CSB Data Processing Branch to publish a noforndrop notice under Subject's documented name so that any attempt to immigrate to any country will bring him to the attention of KUBARK and appropriate action can be taken.

12. It is suggested that Headquarters arrange to apprise HARVARD of any inquiries regarding Subject under his documented name or any of the names listed in Attachment C.

In Begleitung eines Dolmetschers erscheint der angebliche
ausländische Flüchtling

Georg Frank S a n d e r s,
geb. am 25. Juli 1915 in Tiflis/Georgien/UdSSR.,
wohnhaft in Oberursel/Ts., Hohemarkstr. 145,
Beruf: Elektroingenieur,
Staatsangeh.: ungeklärt, fr. UdSSR.,
Eltern: Simon S. und Maria geb. Kantscheli,
beide verstorben,

und erklärt wie folgt:

" Ich weiß, weshalb ich heute hier befragt werden soll. Mein
Dolmetscher hat mir auch gesagt, daß ich die Wahrheit angeben
soll, da sonst die Gefahr besteht, daß meine Anerkennung
als ausländischer Flüchtling gefährdet ist.

Ich wurde als Ältestes Kind meiner Eltern geboren. Ich hatte
noch einen Bruder, der aber kurz nach der Geburt verstorben
ist.

Mein Vater war von Beruf Ingenieur, ist aber bereits im Jahre
1924 verstorben. Ich selbst kann mich an meinen Vater nicht
mehr erinnern. Meine Mutter ist im Jahre 1934 an einem Herz-
schlag verstorben. Sie war zuletzt Kambliererin in einem
Schuhreparatur-Geschäft in Tiflis.

Meine Schulzeit begann im Jahre 1927, wo ich an meinem Geburts-
ort bis 1934 die dortige Deutsche Schule besuchte. Es war
eine Schule, in der nach deutschen Gesichtspunkten unterrichtet
wurde. Wir bedienten uns zu damaliger Zeit der deutschen Sprache
und hatten nur wenige Stunden, wo wir in der georgischen
Sprache unterrichtet wurden.

Im Jahre 1934 kam ich, nachdem ich durch eine Prüfung die Be-
fähigkeit nachweisen mußte, zum Elektro-Technikum in Tiflis, dem
auch ein Internat angeschlossen war. Die finanziellen Mittel
für diese Schule brauchte ich nicht aufbringen; sondern hatte
ein Stipendium.

An dieser Lehranstalt studierte ich vier Jahre Physik, Mathematik,
Geschichte, Englisch und Literatur.

Haben der eigentlichen Fachausbildung erhielten wir auch eine vorläufige Ausbildung, in der Körperschule mit eingeschlossen war. Während der Sommerferien waren die Studenten meist auf einer Kolchose beschäftigt, um so an der Beseitigung der Ernte mithelfen.

Im Frühjahr 1938 hatte ich meine Abschlussprüfung. Ich bestand diese und erhielt mein Diplom.

Schon von der Lehranstalt wurden uns Arbeitsplätze zugewiesen. Wir mußten uns zu diesem Zweck auf zwei Jahre verpflichten. Ich wurde sagen, daß damit eine gewisse Rückzahlung der uns gewährten Gelder zum Zwecke des Studiums geleistet werden sollte. Ich selbst kam zur Maschinen-Traktoren-Station, die später in Reparatur-technische-Station umbenannt wurde. Mein Arbeitsplatz befand sich in Zschakaja.

Am 28. August 1941 wurde ich zur russischen Armee eingezogen. Ich kam nach Baku. Es handelte sich um eine Flakereinheit, die in der Dalgjanskij Kasernen untergebracht war. Nach meiner zweimonatigen Grundausbildung wurde ich als Kraftfahrer ausgebildet.

Zum Schluß meiner Dienstzeit war ich Fahrer des Divisionskommandeurs, Oberstleutnant GURGENIDSE.

Im Jahre 1944 wurde ich zum Feldwebel befördert. Mit diesem Dienstgrad habe ich auch 1946 die Armee verlassen. Es war im September. Ich kehrte wieder an meinen früheren Arbeitsplatz zurück, den ich bis zu meiner Flucht innehatte.

Nun zu meinen Fluchtgründen

Trotzdem ich in einem kommunistischen Land geboren und erzogen worden war, begann ich doch schon frühzeitig zu verstehen, daß für die Einzelperson keine persönliche Freiheit bestand. Es war mir auch klar, daß persönlicher Aufstieg nicht von dem Talent und der Rechtschaffenheit eines Menschen abhing, sondern von dem Ausmaß der politischen Betätigung. Ich erkannte die kommunistischen Lügen, da die Wirklichkeit so verschieden von der offiziellen Propaganda war. Während und nach dem Kriege traf ich Menschen, die westliche Länder besucht hatten und ich war in der Lage, Bruchstücke der Wahrheit über den Unterschied in den Lebensarten aus diesen Erzählungen abzuleiten, obwohl alle diese Berichte sehr vorsichtig vorgebracht wurden.

Ich hörte schließlich auch noch westliche Sender, um mich zu orientieren. Keine feindliche Einstellung zum Kommunismus wurde immer stärker und es wurde für mich immer schwieriger, mich mit meinen Redensarten zu kontrollieren und diesen Gefühlen nicht offen Ausdruck zu verleihen.

Im Juni 1962 kam schließlich der Sicherheitsdienst zu mir an meinen Arbeitsplatz. In der anschließenden Vernehmung wurde ich beschuldigt, ein langjähriges Mitglied einer georgischen Widerstandsgruppe zu sein und regierungsfeindliche Äußerungen getan zu haben. Obwohl ich solche Äußerungen bei verschiedenen Gelegenheiten gemacht hatte und deshalb schuldig im Sinne des letzteren Teils der Anschuldigungen war, konnte ich fühlen, daß der Sicherheitsdienst nicht genügend Informationen besaß. Ich verneinte deshalb alle Anschuldigungen.

Nach langem Verhör wurde ich in meine Wohnung entlassen und erhielt die Auflage, meinen Wohnsitz nicht zu verlassen. Außerdem wurde mir erklärt, daß ich später vom Sicherheitsdienst noch hören würde. Alle diese Umstände ließen in mir den Gedanken der Flucht kommen. Ich lebte fortan immer in der Angst, vom Sicherheitsdienst verhaftet zu werden. Nach reiflicher Überlegung setzte ich am 25.6.62, also drei Tage nach dem Verhör, meine Fluchtabsichten in die Tat um. Wie an jedem Tag, so verließ ich auch zu gewohnter Zeit, gegen 07.00 Uhr, meine Wohnung. Anstatt aber zum Arbeitsplatz zu gehen, verließ ich die Stadt in Richtung Samtredia. Den Zug getraute ich mir nicht zu benutzen, weil ich der Meinung war, daß dieser überwacht wird. Nach etwa 2 oder 3 Kilometer wurde ich auf der Landstrasse von einem Lastwagen aufgenommen, der mich nach Samtredia brachte. Dort bestieg ich dann schließlich den Zug nach Baku, der gegen 14.00 Uhr ankam. Ich versteckte mich in der Folgezeit bis zur Dunkelheit. Ich ging am See entlang. Nach etwa 2 Kilometer Fußmarsch vernichtete ich meinen Paß (Personalausweis) und vergrub meine Kleidung. Ich mußte nämlich von diesem Ort versuchen, schwimmend türkisches Gebiet zu erreichen. Es mag unglaublich klingen, aber ich sah am bis gegen 04.00 Uhr früh. An Land gekommen, wußte ich nicht, wo ich mich befand. In einer Hütte fand ich aber Gegenstände, aus denen ich annehmen mußte, mich noch innerhalb des sowjetischen Territoriums zu befinden.

Ich versteckte mich wieder und wartete bis zum Abend. Ich ging schließlich wieder ins Wasser und schwamm nur der Küste entlang. Ich mühte mich wieder die ganze Nacht ab, ohne daß ich genau wußte, wo ich mich befand. Im Morgengrauen ging ich wieder an Land. Ich hielt mich zunächst in einer Höhle versteckt. Im Laufe der nachfolgenden Stunden traf ich einen Knaben von etwa 11 oder 12 Jahren. Von ihm erfuhr ich, daß ich mich auf türkischem Gebiet, in der Nähe von Kemal-Pascha befand. Da ich immer noch nicht Sicherheit hatte, versteckte ich mich weiterhin zwei Tage. Der Not gehorchend, näherte ich mich schließlich der Ortschaft Kemal-Pascha. Mit meinen russischen Sprachkenntnissen konnte ich mich den herbeigekommenen Personen nicht verständlich machen. Man bedrohte mich mit Stöcken und Äxten, bis ich sie schließlich überzeugen konnte, daß ich aus dem russ. Gebiet käme und um Hilfe bitte. Männer der Ortschaft übergaben mich schließlich den militärischen Behörden in Kemal-Pascha.

Bei meiner Flucht war ich lediglich mit einer Badehose bekleidet. An den Füßen hatte ich Schwimmflossen. Weiter trug ich ein Klappmesser bei mir, mit dem ich mich im Notfalle verteidigen wollte.

Durch türkische Behörden kam ich nach Erzerum und von dort nach Istanbul, in das Flüchtlingslager. Am 6.7.62 übernahmen mich US-Behörden, die mich noch am gleichen Tage nach Deutschland brachten.

Das ist die Wahrheit. Ich bitte, mich als ausl. Flüchtling anzuerkennen, weil ich aus politischen Gründen und aus Angst vor Verfolgung meine Heimat verlassen habe.

Ich bin bisher noch nicht bestraft.

Wegen meiner Zukunftsabsichten befragt, erkläre ich, daß ich auszuwandern gedenke. Es ist aber auch nicht ausgeschlossen, daß ich mich in Europa niederlasse.

Das ist alles, was ich von mir aus und auf Befragen sagen kann.

Die in russischer Sprache geführte Verhandlung habe ich verstanden und bestätige die Richtigkeit durch meine Unterschrift.

EXCERPT FROM EGCA 21181 -- HARVARD RESETTLEMENT SUMMARY FOR JANUARY 1964:

WIROGUE

Subject's new legend has been translated into German and given to the ODIBEX Camp King representatives who will use it as the basis for a new political recognition interview story. As soon as the new story is completed copies will be placed in the various files to replace copies of the old story. At this point, Subject's documentation will be completely in order and actual resettlement should be accomplished in a few days.

SUMMARY OF RESETTLEMENT ACTIVITY

1 - 30 September 1963

I. DEFECTOR CASES:

Case Name

Action Taken

A. On Hand at Beginning of Reporting Period:

DS-109

Subject moved out of HARVARD housing during the month after having located appropriate employment with CAMANTILLA'S assistance. The results of Subject's T.B. tests were obtained on 24 September and are negative. He will continue in his current job and concentrate on further English study until December when he will again be considered for immigration to the U.S. under P.L. 86-648.

DS-129

Through the assistance of MKTOPAZ and ODIBEX, Subject received his Fremdenpass and was interviewed for FEDREP political recognition. Shortly after being turned over to CAMANTILLA, who is assisting him in his efforts to obtain local employment, the need for additional interrogation arose. While his job hunt was, therefore, slightly delayed, it should recommence shortly. Due to the sensitive nature of Subject's documentation problem (having been previously granted refugee recognition by another country), HARVARD will continue to maintain contact with him until the Reiseausweis is issued.

IDEN-271*

Subject immigrated to the U.S. 19 September 1963 without HARVARD assistance or CAMANTILLA sponsorship.
