<p>1. Forwarded as enclosure are requirements for the debriefing of Subject. Together with the requirements is a KUDESK narrative on VERGES-ANDERSSON-Revolution complex for the background information of Katzenbach. Further background on Revolution can be found, if you have not already done so, in the following dispatches:</p> <p style="text-align: center;"> OKLA - 39,346, 26 Sept '63 OKLW - 20,852, 16 Dec '63 OKLA - 40,208, 24 Feb '64 OKLA - 40,542, 15 Apr '64 OKLA - 41,545, 10 Sept '64 OKL - 30,251, 24 Sept '64 </p> <p>2. We have not yet had time to review the tape of your first session with Subject forwarded with Reference, nor do we expect to get a transcription completed in time to reach you by 15 February. The list of names attached to Reference indicate considerable knowledgeability on the part of Subject as well as a tendency to pour out his knowledge in a sort of stream of consciousness style. We fear that, if given the opportunity, Subject will take the bit in his teeth and as much money as he can in his hot little hands and be off and running. To prevent this we would like to suggest that the debriefing be set up on a tightly organized, businesslike basis. It would probably be advisable to write up the terms in a Letter of Agreement contract for Subject's signature before getting started, making sure to include a paragraph in which ODYOKE's obligations and promises are limited to the terms specifically enumerated in the document. We think that any meaningful debriefing will take 3 - 5 days, and there is good reason to believe that Subject will have information of sufficient interest to justify this expenditure of Case Officer time. We do not foresee any long range operational relationship with Subject. While we look at the debriefing as basically a one-shot proposition there will probably be follow-up questions and, perhaps, specific action requests, requiring a later contact. Therefore, the communication channel to Subject should be left open on a "don't call us, we'll call you" basis.</p>

<p>3. In line with the need to put the debriefing on a businesslike (rather than a "flexible") basis, it might be a good idea to start by getting Subject to supply a personal history statement from the time of his first entry into leftist political movements to the present day. (This can be presented to Subject as a basis for us to formulate meaningful questions, not as any sort of personal "confession" on his part.) In addition to providing us with a check on his veracity, this will set the stage for a debriefing conducted on KJBARK's terms, not Subject's. It is important that it be made clear to Subject at the outset that we want <u>facts</u>, not speculation, commentary and analysis.</p> <p>4. Please charge payments to Subject for the debriefing to Acct. Nr. 5137 - 1468 (Hqs. LCHARVEST OOA). Three hundred dollars for the initial 2½ hours talk with Subject is on the steep side. Narrative

Wils ANDERSSON, Swedish-born resident of Switzerland, heads a printing and publishing establishment ("Editions la Cite") in Lausanne, said to have been set up in 1957 for the printing and distributing of Chinese literature. (This ties in with other information that the firm was established in Switzerland during the Algerian war in order to publish printed matter banned in France.) Since 1963 the firm had been responsible for the English-language edition of Revolution, but in 1964 the printing of the English-language edition was transferred to Paris where Revolution's main office is located. Swiss authorities had ordered ANDERSSON to cease publication of Revolution.

Revolution has had a complicated history. It is descended from African Revolution which first appeared in early 1963 in Algeria. Its editor, Jacques VERGES, is a former member of the French CP who broke with that party over the Algerian question. After VERGES, who briefly headed African Revolution, had a falling out with Algerian officials later in 1963 and left that country, he began a new publication in Switzerland using the facilities of the already established ANDERSSON firm. His new publication was called Revolution, sometimes known as Revolution — Asia, Latin America, Africa. (The Algerians continue to publish African Revolution, which has no known connection with Revolution.) Initially both the English and French editions of Revolution were handled by ANDERSSON's firm, but the publishing operations of the French edition were very soon moved to Paris. Later the printing, too, of the French edition was moved to Paris and only the English edition continued to be printed in Switzerland. VERGES and the main offices were located in Paris.*

Currently ANDERSSON is reported to publish Octobre, which is described as the organ of an organization in Switzerland called the "Centre Lenin." Both Octobre and the Centre Lenin are said to be controlled by ANDERSSON, but very little information is available about either. The Centre has been described as a propaganda arm of the Chinese Communists. There is some indication that they also have some connection with pro-Chinese dissident elements of the Spanish CP.

ANDERSSON's firm has also printed Mundo Obrero Revolucionario (MOR),

* Although the English edition was printed in Switzerland, its editorial office was also in Paris, headed by Richard GIESON, American negro. In late May and early June 1964 — when it was already apparent that Swiss authorities were going to close down the printing of Revolution in that country — GIESON and Alexandre STRELMOFF went to The Netherlands seeking a firm there to print and distribute the English-language edition. It is not known why this effort was made instead of transferring the printing directly to Paris as was ultimately done.

the clandestine publication of a major pro-Chinese Spanish Communist group called the Partido Comunista Revolucionario. In view of recent reports that the MCR group may merge with one or more of the other dissident Spanish Communist groups and that a joint organ will be published, MCR may soon cease (or may already have ceased) publication. What role ANDERSSON may play in new publication efforts of the pro-Chinese Spanish dissidents is not known.

The clandestine leadership of the Partido Comunista Revolucionario has been located in Lausanne, Switzerland, with some representation also in Paris, but this group has apparently been receiving Chinese financial assistance through the GRIPPA party in Belgium. Another pro-Chinese Spanish group in Switzerland, the Oposicion Revolucionaria Comunista located in Geneva, has been publishing La China. The China group has reportedly been receiving funds from the Chinese Embassy in Bern. Still another pro-Chinese Spanish group, the Agrupacion Comunista Proletario, has been publishing Proletario, apparently from Paris but with some representation also reported in Belgium. While the group has apparently had some contact with GRIPPA in Belgium, the Paris-based group at one time at least appeared to be sponsored or aided by VERGES. (GRIPPA has played an active role in trying to bring the different Spanish dissident groups to a merger.)

The relationship between GRIPPA and ANDERSSON, GRIPPA and VERGES, and VERGES and ANDERSSON is anything but clear. Some part of the confusion may result from GRIPPA's driving efforts to function as the director of Chinese political operations in Europe, and to try to bring the activities of others under his control.

a. GRIPPA was once reported to have said he had "lost confidence" in Revolution. Among his reported reasons was a belief that VERGES wanted to be designated absolute leader in Europe for the "revolutionary movement." Somewhat later GRIPPA was reported as saying that the Chinese were no longer subsidizing Revolution and that it was now being backed by Paris editor Francois MASPERO.

b. GRIPPA or his aides also appear to have been responsible for stories circulating among some pro-Chinese European dissidents that ANDERSSON had been written off by the Chinese as a "Trotskyite." GRIPPA has also been quoted as saying that the printing of MCR would be transferred from Lausanne to Belgium and to GRIPPA's own publishing facility. (This is not known to have taken place.)

c. There have been reports, unexplained, that there is bad blood between VERGES and ANDERSSON.

<p>REF: OELA-42,410, 26 January 1965</p> <p>1. Transmitted herewith are copies of JAGUAR's latest report on Richard Thomas GIBSON, which they compiled for us on being informed of our current operational interest in him. We expect that further information will be forthcoming since, as previously noted, they have instituted additional coverage of GIBSON's activities.</p> <p>2. JAGUAR refer us to their previous reporting on GIBSON, which has been contained in their reports on <u>Revolution</u>. These include OEL-36,105(29 August 1963); OELA-40,542(15 April 1964); CELA-41,545(10 September 1964); OEL-39,251(24 September 1964); CELA-4,788(20 October 1964).</p> <p>3. JAGUAR also point out that the paper contains information received from a number of secret sources, and they request that we not give it any distribution beyond KUBARK without consulting them, unless, of course, we have the information from other sources. JAGUAR have made a copy available to ODENVY London.</p> <p>4. JAGUAR also informed us orally that the persons they suspect to have played a most prominent role in the 1963 charges of GIBSON's CIA affiliation - the two persons referred to in para 3 of their paper - were Rosalynn AINSLIE and Patricia MCGOWAN. JAGUAR gave us this information informally and off the record. It is interesting to note that, in Ref, GIBSON agreed that AINSLIE was one but made no mention of MCGOWAN.</p> <p>5. GIBSON spoke of the affair of JAGUAR's para 3 (a) at some length, giving a rather different interpretation, however. Paras 3 (b), (c), and (d) are rather more speculative.</p> <p>6. JAGUAR also told us, informally, that some of their information on GIBSON, as contained herein, derives from some of his correspondence. Richard Thomas GIBSON
Born: Los Angeles on 13.5.31
Address: 30, Stockleigh Hall,
Prince Albert Road, London, N.W.8.

GIBSON has been connected with the pro-Chinese Communist publication "Revolution" and its predecessor, "African Revolution", at least since April, 1963. He made available the following information about himself as part of a publicity campaign planned for "African Revolution" in the first half of 1963:-

1951-52: worked in Rome for the Mediterranean News Bureau of the "Christian Science Monitor";

1955-58: editor with the English language service of "Agence France Presse" in Paris;

1958: arrested by the French authorities because of his work for the Algerian National Liberation Front;

1959-60: returned to the U.S.A. and employed by the C.B.S. News in New York until dismissed because of his pro-Cuban activities;

awarded a C.B.S. fellowship in African Studies at Columbia University;

1960-September, 1962: Executive Secretary of the "Fair Play for Cuba" Committee in the U.S.A.

2. In 1963, GIBSON lived in Lausanne, where "African Revolution" and subsequently the English edition of "Revolution" were printed, but he paid frequent visits to "Revolution's" Paris office until the end of the year when "Revolution" was banned in Switzerland and he was refused permission to continue to live there. He then settled in Paris where, according to one report, he and his wife lived in "quite a luxurious flat". It would, however, be wrong to infer from this that GIBSON's means enabled him to enjoy high living standards, as another source subsequently reported that he had not paid any rent for the flat from May to October, 1964.

3. As far back as August, 1963, there were rumours in Communist circles in London that GIBSON was an American agent and that he had provided United States Intelligence with the names of certain unidentified United States negroes in accordance with a brief received from the Americans. Information from a well-placed source suggests that these rumours may have originated from the jealous reactions of two persons, connected with "Revolution", whose aspirations with the publication were cut short when GIBSON became Editor of the English edition. However, by mid-1964, VERGES, t.l., Editorial Director of "Revolution", was claiming that complaints about GIBSON's activities had been received not only from London, but also from Cuba, American negroes in New York and a relative of GIBSON's who was working for the magazine "Spark" in Ghana. As a result, GIBSON was dismissed from the editorial staff of "Revolution". Charges made against him include the following:-

/ (a) ...

att #16
OELA-42411

CS COPY

201-306052

SECRET

- (a) denouncing, in 1958, an unidentified negro, possibly a Communist, who was expelled from France;
- (b) informing the publication's contacts in China that "Revolution" was disintegrating;
- (c) providing "Newsweek" and the "New York Herald Tribune" with information in an attempt to discredit "Revolution";
- (d) connections with the C.I.A.

Although GIBSON has denied the charges made against him, he realizes that they have stuck and that it will be some years before he will be acceptable to any left wing organisation.

4. Having failed to find employment in Paris after leaving "Revolution" in July, 1964, GIBSON went to the United Kingdom on 7th October and was joined later by his British wife, Joy Marjorie, and his two children. He hoped to find work in London, but at the end of November, he was still without a job and dependent on his wife's family, who were paying the rent of his flat at 30, Stockleigh Hall, Prince Albert Road, London, N.W.8. It is now known whether GIBSON has been able to find employment.

5. Nothing is known at present about GIBSON's contacts in the United Kingdom. Although during the time he worked for "Revolution" he was in touch with members of the pro-Chinese Communist splinter group in the United Kingdom - the Committee to Defeat Revisionism, for Communist Unity - it is not known whether he has resumed contact. It has been reported that he still keeps in touch with the coloured South African journalist, Lionel MORRISON, who is employed by the Chinese-backed Afro-Asian Journalists' Association (A.A.J.A.) in Djakarta.

Comment: "Afro-Asian Journalist", no. 4, dated July, 1964, and published by the A.A.J.A., contains an article "Two Revolutionary Journals" by MORRISON, the journals being "Revolution" and "Spark".

Tape of Interview with Richard Thomas GIBSON

ACTION REQUIRED - REFERENCES

REF: LOND 5706, 21 January 1965

1. Attached is the tape of the interview with GIBSON, recorded in an Embassy office, using a Uher 4000 Report - 5 recorder, recording at a speed of 15/16 feet per minute. The interviewer used the alias of Earl Wilson. Gibson arrived at 1745 and departed at about 2030.

2. We are not attempting to summarize or analyze GIBSON's comments in this dispatch. The tape provides a much more revealing picture than our subjective comments could. A few notes, however, appear to be in order.

3. Speaking of his departure, GIBSON said he planned to leave London on 24 or 25 January. As of noon 24 January, at least, he was still in London because I saw him walking on St. John's Wood High Street. (A potential problem exists here: GIBSON and I live within a few blocks of one another and not infrequently ride the same bus line. This problem can only be met when it manifests itself.) JAGUAR, incidentally, has alerted its immigration contacts (prior to our meeting with GIBSON) and requested that his name be put on a watch list. They said that they would inform us if they learn that he has left the country. We have not yet heard that he has left.)

4. GIBSON was given money amounting to \$300. Under the circumstances of his plans, as he expressed them, it seemed reasonable to do so, to ensure, at least partially, that he would come back to talk more. He was more than willing to take the money and raised the initial suggestion of \$200 to \$300 or \$400. His obvious shift in his line regarding dollars (as opposed to pounds) is further indicative of his willingness to get what he could.

5. The considerable number of names mentioned by GIBSON makes the transcription of the notes a sizable chore, and in order to lessen this burden a listing has been compiled of almost all of the names, in the order in which they appear in the tape, with the exception of VERGES and the Free Play for Cuba Committee, CBS and a few others. The names appear only one time each on the list, although many of them crop up repeatedly in the tape.

A few of the phrases that do not appear too clearly on the tape are included on the list. Occasionally the names are written phonetically, indicated by (ph.).

6. GIBSON's offer of a photograph of VERGES was not accepted, on the assumption that KUBARK already has a photo. If this is not the case, let us know, and we will include that in our requirements for a subsequent meeting.

7. The Afro-Asian Journalists Association man is apparently Lionel MORRISON. He is also referred to as the "man from Djakarta". (See LOND 5575 of 12 January 1965.)

8. The reference to the Cultural Attache of the Cuban Embassy corroborates (rather, is corroborated by) the material referred to in para 4 of LOND 5337 (22 December 1965). We are not fully aware of the Cuban's political orientation, however,

9. In reviewing the tape, it will become apparent that the arrangements with GIBSON were left fairly flexible for the future. It would appear, from his responses, that a longer range relationship with him could, in fact, be established if, after thorough review of his materials, that seems necessary or desirable.

10. We will expect, in addition to the requirements that have been promised, that Headquarters will advise us on their desire to arrange for the one-shot approach previously suggested by Headquarters, or a different arrangement. We are unable to assess the validity or worth of all the comments he made. Our impression, however, is that he is reasonably knowledgeable of a number of fields of interest to us. We also suspect that in some areas his knowledge is quite superficial. His access to various areas of potential interest may be partially proved by his trip around Europe and should be a useful indication of how we may be interested in playing him. The possibility of his being a provocation has not been overlooked, of course, and we welcome Headquarters' comments on this score as well.

11. We would also appreciate further comments on various personalities, with whom we are not familiar - "Anderson" is the most obvious in this category.

12. Headquarters is requested to provide us with a transcription of this tape, as well as the promised requirements, prior to 15 February. ODENVY should also be provided with as much of the material as is of interest to them, and a copy of that material should be given to us to pass to the ODENVY office here. We are also obliged to pass to JAGUAR such elements of this material as is of legitimate concern to them. In this case, we would suggest that this be interpreted rather liberally and Headquarters-prepared copy be forwarded along with the other items listed above. (Note that JAGUAR has been quite cooperative while we have been approaching this case, and their recent run-down on GIBSON is being pouched almost simultaneously with this dispatch.)

SUBJECT	KOBIRD/LCHARVEST/UNBOUND - Identity A, formerly employed by Identity B				
ACTION REQUIRED - REFERENCES					
REFERENCE: PARI 8052					
<p><u>NOTE:</u> The following round-up and commentary on Iden A had been drafted before PALP 3017 of 6 January 1965 and later traffic presented the case in a somewhat different light. We forward the following anyway, as some of the background and suggestions still seem pertinent. Several questions raised below have now been resolved, notably the allegation of an Iden A/KUBARK link (explained by the ODEAVY letter of 1 December 1964, not available when the following was written). Copies of recent PALP correspondence on Iden A, passed to us on 13 January 1965, are attached as Attachment 3, USC.</p> <p>1. Upon receiving the memorandum cited in the reference, we requested further details from UNBOUND, stressing our interest in the report that CPUSA members had given IDEN C documents which showed IDEN A belonged to "the services of KUBARK". D/5986 of 30 December 1964, UNBOUND's answer to our query, merely reiterates that the UNBOUND source, a good one, based the report on a "communication of documents" by American Communists to IDEN C, which supposedly established that IDEN A belonged to KUBARK; UNBOUND states that the source is not in a position to identify the persons in question. UNBOUND's reply suggests the information might have come from an audio operation; we might mention here that IDEN A has appeared occasionally on UNPRY, but never in an informative way. A mail intercept might also be the source of UNBOUND's report, or it may have come from a third service (conceivably JAGUAR or SMOTH).</p> <p>2. Our continuing preoccupation with the IDEN A question is three-fold: (a) his expulsion from IDEN B (and thus from acceptance by pro-Peiping groups) opens the door for his possible recruitment; (b) we would like to determine whether his ouster was engineered by personal enemies or whether he actually did work for an intelligence service, and which one; (c) as Peiping regards the USA as its primary target, the Chinese can be expected to continue propaganda attacks designed to create IDEN D tension and inflame the Afro/Asians</p> <p>Attachments: 1. against the U.S.A. While domestic effects of such propaganda are properly handled by ODENVY, the manipulation of IDEN Ds to further Chinese propaganda abroad becomes KUBARK's concern.

3. KUBARK's recruitment of IDEN A, or establishment of controlled access to him, could be extremely useful in countering attempts to undermine the USA with the Afro-Asians. IDEN A presumably still has a reasonably up-to-date idea of IDEN B plans in this regard, and he must know the names and locations of many persons involved. The most effective approach to IDEN A would probably be through an offer of money (his history indicates venality, and at present he appears to be in financial difficulties), and by stressing his chance to get even with IDEN C. The purity of IDEN A's Communism is open to question and should not impede recruitment; a more formidable obstacle to a successful operation is his possible connection with a foreign intelligence service. This could be a Western service but might also be the Soviets, for whom he would serve the dual purpose of causing trouble for the USA and at the same time reporting on the Chinese propaganda machine; it is a matter of record that the Soviets view IDEN B seriously. Whatever the basis for a KUBARK approach to IDEN A, it would require careful security planning, taking cognizance of his instability and his known attitude toward ODYOKE as an IDEN D.

4. "Revolution" has featured articles by three American Negroes, Richard GIBSON, Robert Franklyn WILLIAMS, and Malcolm X, all obviously intended to prejudice readers against the USA on ground of racial injustice. All three men are or have been involved with foreign Communists: GIBSON and WILLIAMS with the Chinese and the Cubans, notably, and Malcolm X with the Chinese and various African Communists (actual or crypto). The "New York Herald Tribune" of 4 January 1965 reported Malcolm's statement that he hopes to "internationalize" the American Negro problem, and that he claims to have influenced several African governments to make representations in the U.N. against the USA's treatment of its Negroes. This may be a foretaste of Chinese plans for foreign exploitation of this issue; Malcolm was interviewed by "Revolution" in Cairo, which has since proved its enthusiastic anti-Americanism.

5. OFF-14693 reports that Philip BART, a pro-Soviet official of the CPUSA, stated in December 1964 that the CPUSA has positive proof that four members of their Chinese faction are being paid by the Chinese Communists. (It is perhaps relevant to note here that the advent of "Revolution" was hailed by letters to the Editor from American leftists, including the FPCC; according to OFFA-37875, Vincent T. LEE of "All Worlds Publications" in New York City takes subscriptions for "Revolution"). It is hard to say where IDEN A enters into the clouded picture of American Communist partisanship in the Sino/Soviet rift, but in view of his shifting allegiances he may have divulged to pro-Soviet CPUSA members, or to the Soviets themselves, information on Chinese subversion in the USA. The October 1964 issue of "Hammer & Steel Newsletter" is cited by the Radio Free Europe research bulletin of November 1964 in the latter's review of pro-Chinese factions among Western Communist Parties; RFE research describes "Hammer & Steel" as a monthly produced in Boston by a small American faction. (Portions of the RFE research bulletin with its citations from "Hammer & Steel" are attached as Attachment 1). The marked paragraph from "Hammer & Steel" hits at the idea of white nations' inherent superiority; this is consistent with China's claim of a bond among the colored peoples of the world, which permits such effective anti-Soviet propaganda as the cover of "Revolution" for May 1964, which shows KHRUSHCHEV saying, "we, the whites...".

6. IDEN C's denunciation of IDEN A may have been at least partially caused by suspicion he was trying to gain control of IDEN E; it will be recalled that very shortly before his ouster, IDEN A was in Holland negotiating for that type of printing equipment (MAGU 6137 and OMA 28818). He is now living in London; he has presumably been obliged to find work there (unless he actually is on an intelligence payroll), and he may have landed with some leftist publishing outfit or even with the CPUK, which is sufficiently divided to afford room for his current views, whatever they may be. In addition to IDEN A's potential for reporting on Chinese propaganda efforts, his uses as a penetration of British or other European Communist publishing circles are obvious.

7. UNBOUND reported that American Communists had allegedly given IDEN C documents showing IDEN A worked for KUBARK. One explanation of this allegation may lie in IDEN A's visit to the American Embassy, Paris, in late 1963, at the request of Mr. John G. GOSSETT, then Acting Consul General. GOSSETT was interested in any information he might have on possible connections between IDEN F, with which IDEN A had been connected, and President Kennedy's assassination. (A copy of GOSSETT's Memorandum of Conversation is attached under separate cover as Attachment 2; his appraisals of IDEN A and his reservations concerning his motives are interesting). IDEN A and GOSSETT had a far-ranging talk, including what may have been a tentative feeler by IDEN A for ODYOKE employment. It seems likely that IDEN A would have reported an American Embassy inquiry to his friends in IDEN F, and he may even have mentioned the possibility of future "work" for ODYOKE, which could have led to eventual allegations that he had been recruited by KUBARK. This is of course speculation, but IDEN A's flexible loyalties and liking for money are surely known to his colleagues, and, if he had already aroused antagonism among them, the Embassy visit would serve as a peg for sincere or expedient denunciation.

8. We can shed no light on the allegation that IDEN G is a KUBARKER (LOND 5337). Our only trace is OELA 39346, stating he is IDEN H. We are not clear as to the relationship between IDEN A, IDEN G, and IDEN I, also mentioned in OELA 39346, which states she "appears to be" IDEN A's wife. According to ODENVY Paris, however, IDEN A is married to IDEN J. OEL 39251 of September 1964 reported that IDEN A and his wife (unnamed) had successfully sued IDEN B for salary arrears; the fact that the wife was also employed recalls the IDEN I professional status, which might make her operationally significant whether or not she is married to IDEN A.

One of the most violent reactions came from the heart-land of capitalism, from the small American faction which produces the monthly Hammer & Steel Newsletter in Boston. The October issue of the mimeographed bulletin vengefully gives a list of eight reasons why Khrushchev fell -- each one a vindictive crow of triumph, and many attacking not only Khrushchev but basic Soviet policies such as "the distortion of peaceful coexistence." Points 2, 3 and 8 will serve as illustrations:

2. His German policy -- Khrushchev sought to ingratiate himself with West Germany. He was obviously ready to sell out the German Democratic Republic...
3. The declining influence of the CPSU among the Socialist countries and the Communist Parties. The proposed Moscow gathering was shaping up as a conference of only those Party leaders ready to openly serve U.S. imperialist aggression against the national liberation struggles. For example, Asian supporters of Khrushchev could have gathered in a telephone booth.
8. The nuclear success of People's China. Khrushchev had maintained that nuclear power was the exclusive responsibility of revisionists and imperialists -- of white nations. Khrushchev's great power chauvinism was blown sky high in Sinkiang Province.

Although there is no evidence that the politically insignificant Hammer & Steel group enjoys any direct support from the Chinese (as the Russians alleged in their "Open Letter"

of July 14, 1963), it has always offered its allegiance to Peking in the most extreme form. This is expressed again in the claim that "Khrushchev's failure to recognize the contradiction between the oppressed peoples and imperialism as the focal contradiction of our time resulted in blindness concerning the leading rôle of the Chinese Party."⁸ This is a claim that the Chinese themselves would not want to make, especially at this juncture.

LIVER FUNCTION TESTS

On 24 October 1968, I saw Dr. Daly of the Bio-chemistry Laboratory of West London Hospital for liver function tests. My family doctor, Dr. Hodes, sent me to Daly as a private patient, as British practice is not to take these tests unless the patient's condition seems to be worsening. My doctor thought I showed no signs of a recurrence of hepatitis and the normal practice would have been, at most, for me to have been examined by the specialist at the hospital, who might then decide to ask for the tests.

Daly said that all required tests, except the B.S.P., would be done. He said he thought the B.S.P. unnecessary unless the others indicated negative factors. In which case, he said he would ask me to come in again for that test.

Daly will send me the results of the tests and his bill c/o American Express, Rome, within a week.

1. After considering several alternatives and given ORPHONE/1's lack of financial forward planning, LCPIPIT believes that it would be beneficial and advantageous for WOFIRM to offer to subsidize a portion of an overt life insurance program designed to give him both life insurance and a cash value toward retirement. We have discussed this with ORPHONE/1 and he has agreed to the desirability of such a program. He is willing to participate in such an arrangement and has undertaken to explore the possibilities available to him. We are forwarding under separate cover a copy of several proposals which he has received from the local representative of a reputable WOLADY insurance firm.

2. LCPIPIT requests authority to subsidize up to 1/2 of the cost of a life insurance program for ORPHONE/1. (This WOFIRM portion not to exceed \$50 per month.) From an administration standpoint this would merely take the form of an increased monthly payment and we would take the necessary steps to verify that the funds were indeed being devoted to their designated purpose.

1. On the basis of the documentation submitted under reference dispatch, the Medical Staff feels that ORPHONE/1 made a surprisingly fast recovery and seems well on the way to complete health. However, the hospital report (a quick translation of which into English is attached for your ready reference), dated as it is, still reflects some inconclusive levels in the results of the various chemical tests shown. Undoubtedly these have by now been lowered to completely safe levels, since ORPHONE/1 apparently felt well enough to travel to France, but the Medical Staff believes it would be advisable for ORPHONE/1 to undergo another series of liver function tests, to include the following:

- a. SGOT
- b. SGPT
- c. Bilirubin (1) Direct
(2) Indirect
(3) Total
- d. B.S.P. (Bromsulphophthalein)
- e. Serum Proteins
Albumin
Globulin
Total

We assume ORPHONE/1 has consulted his own physician on his return to the UK, but the Medical Staff has pointed out that clinical examination alone is not always sufficient to determine complete recovery from hepatitis.

2. In terms of our operational utilization of QRPONE/1 at this time, while they reserve finite comment until all the returns (per above) are in, the Medical Staff did stress the paramount importance of proper rest and of not over-taxing the strength of the agent, coupled with his strict adherence to regular, warm, balanced meals in accordance with the dietary restrictions usually imposed, and complete absence of alcohol, in order to prevent a relapso. So long as these caveats are adhered to, however, there is no reason why he could not make some more short trips during the next few months, if necessary. However, since he also has an office to set up and we would like him to concentrate on the Kambona offer, perhaps it would be a good idea to keep those trips to a minimum for the time being.

3. The Medical Staff will be glad to review any further chemical tests per para. 1 above suggestions, or any others which his doctor may have already run.

HEPATITIS BOUT

What I had thought was a touch of malaria and the extreme fatigue I felt when I returned to London in July proved in time to have been acute infectious hepatitis. The disease -- which takes two to three weeks to develop -- was probably contracted in Uganda. At least, I imagine so because my principal contact in Kampala insisted on taking me to a number of local restaurants of dubious cleanliness to sample Uganda delicacies.

Hepatitis was diagnosed by a doctor in Komiza, Vis, where my family had been holidaying since the beginning of July, and I was hospitalized in the isolation section of Split Hospital (there is no hospital on Vis) on the 7th of August.

My liver was swollen by one finger and blood and urine analysis indicated a fairly severe infection. Treatment consisted of terramycin and cortisone therapy, with massive doses of vitamins.

I was put on a fat-free diet, which I have been told to follow for at least six months. Naturally, no alcohol.

On 20 August, I was released from the hospital, mainly because I was pestering the doctors to let me go. I was told to have * "absolute rest" for four to six weeks and to have another blood test within several weeks.

(Attached is the Yugoslav doctor's description of my case and treatment, with results of all blood and urine analyses. It is written ~~in English~~ in Serbo-Croatian.)

7 September 1968

SUBJECT: ██████ Illness

1. The following information was obtained by ██████ from ██████/1 at their meeting on 4 September 1968. It supplements the report which was submitted by ██████/1 which deals with his recent hospitalization for hepatitis.

2. Toward the end of his African trip ██████/1 had been feeling rather weak and nauseous, with no appetite. He was constipated, feverish and had gas pains. These symptoms persisted and after his return from Africa and on 6 August, while in Yugoslavia on vacation, ██████/1 suffered from acute gas pains and vomiting. He was taken from Vis, where he was vacationing, to Split where he was hospitalized. The address of this hospital is:

Opca Bolnica
Zarazni Odjel (Firule)
Split, Yugoslavia

His doctor was Dr. Juraj FILIPOVIC.

3. ██████/1's treatment was free inasmuch as he was able to show his British National Health Card and a reciprocity agreement exists between Britain and Yugoslavia.

4. ██████/1 states that at no time did he receive narcotics nor was he ever unconscious. During his stay in the hospital a young British youth (Derek WHITTAKER, age 19, from Shoreham-by-Sea, Surrey) was in his ward suffering from food poisoning.

Observation: Malena

Medical history: The patient had felt for about a week definite weakness, lack of appetite, an inclination to eructation and distress, a somewhat feverish temperature, heaviness under the right rib cage and in stomach.

Clinical observation under hair follicles showed: subicteric, afebrile, the liver & the epigastrium about 1 P.P., slight swelling accompanied by other regular findings.

Hepatitis tests showed damage of the liver parenchyma of an average nature, resembling infectious hepatitis.

Clinical course: Icterus progressed in the first 2 days, till corticosteroide was introduced in the body, after which there began an improvement and the Icterus disappeared.

After 8 days the whitish-red disappeared from the urine, appetite was restored, abdominal pains disappeared and after 13 days a control hepatogram was made / see findings/.

Increased Federal Income Tax Liability - QMPCHE-1, Employee No. 802799

*File
Gayle - file*

In compliance with the recent Enactment of the Revenue and Expenditure Control Act of 1963, Subject's tax liability has increased from \$70.00 to \$90.00 per month. This represents the additional surtax charge and begins with the July 1963 pay period. Effective 1 December 1963 (1969 tax year) the tax liability will be reduced to \$60.00 per month. The Station should effect the change and continue to T/A tax withholdings to Headquarters.

Opia Bolnica
Zaraghi Odjel
(Firale)
Split
Yugoslavia
13 August 1968.

Dear Mr. Randall,

Unexpectedly, I found myself in the hospital in Split, Yugoslavia, on the 7th of August, confined to the isolation ward with a fairly rough case of infectious hepatitis, undoubtedly picked up in East Africa. (They tell me the incubation period is about 3 weeks.) In any case, I am hoping to be released from here in another 10 or 15 days at the most. The treatment is good and seems thorough. My biggest problem was originally linguistic. I did speak with the doctors, who knew no English, in German or Italian, but my knowledge of Serbo-Croatian has increased steadily with the injections, blood testing and intravenous injections of glucose-saline solution, etc.

The agency behind this note is, though gone, to inform the firm of my condition. I hope to return to London - without many, if any, days on the beach - as planned, but I am told that I should restrict my activities physically for another month. There are many things to do in Britain and on the Continent, but I regret not being able to undertake the conference assignment in September. At

least, I do not think my strength will be sufficiently restored for that count. Anyway, we shall see...

Fortunately, my family is on Vis, an island 5 hours boatride from Split, and have not had their vacation completely ruined because of me. Since this is an isolation hospital for infectious diseases, no visitors are allowed and there is no temptation or urgency on my wife to make that lengthy crossing just to see me. For me, also, my holiday on the beach in the sun has simply turned into lying on my back in a hot room, but it could be worse and I hope to be up and about in the next week or two, at worst. I feel certain that I will be able to meet all my minor commitments in London and elsewhere at the beginning of September, but wanted to draw the firm's attention, as soon as possible, to my possible inability to handle another big assignment immediately.

Very sincerely yours,

Richard Gibson

REVISED MEMORANDUM OF ORAL COMMITMENT

1. QRPHONE/1 collaborates with WOFIRM as a Field Agent who provides certain services of a confidential nature. He has received a Provisional Operational Approval, dated 28 MAY 66. Financial aspects of his activity are charged to approved Project QRPHONE.

2. QRPHONE/1's employment by WOFIRM, which began 1 June 1965, was originally formalized by a Letter of Agreement for a period of three months, replaced by a Memorandum of Oral Commitment dated 1 September 1965. Under this MOC, which remains in effect (as amended) since that date, QRPHONE/1's employment continues on a month-to-month basis. It can be terminated by either party on a 30-day notice.

3. QRPHONE/1 receives the following financial entitlements:

- a. Compensation so computed as to give QRPHONE/1 a "tax-free" income of \$800 per month (this figure effective 1 July 1967).

NOTE: The actual breakdown of QRPHONE/1's finances as carried on WOFIRM's books is \$800 monthly salary and \$70 per month tax supplement withheld at Headquarters to discharge QRPHONE/1's WOLADY tax obligation. These taxes are remitted through the Covert Tax Committee. This procedure was devised to honor the original "tax free" commitment made at the time of his recruitment and at the same time to fulfill the requirement that all WOLADY citizens pay taxes on funds received from LNFORT.

- b. Reimbursement for operational expenses and travel unless these are paid by other sources in which case WOFIRM will offset such outside reimbursement against WOFIRM financial obligations to QRPHONE/1. Since security considerations preclude processing of detailed accountings for miscellaneous operational expenses, and as an added inducement to QRPHONE/1 in connection with his obtaining certain confidential information of interest to WOFIRM, a small operational payment, as authorized by Chief, LCPIPIT will be made to QRPHONE/1 for each day during which he is required to be absent from his home on confidential business.

NOTE: Write-off of the funds passed to QRPHONE/1 is to be effected on the basis of the procedure approved by Chief, LCPIPIT and COS/London, a copy of which is attached. This procedure is authorized in view of the security considerations applicable to QRPHONE/1 and the need to limit the knowledge of this operation within WOMACE.

- c. QRPHONE/1 is authorized to receive a non-accountable office allowance of \$100 per month.

SECRET RYLA

SECRET RYBAT

- 2 -

4. QRPHONE/1 will be compensated by WOFIRM in an amount mutually agreed upon for the relocation of himself and his family to a new residence if such relocation is considered desirable by him and WOFIRM. NOTE: This provision was included in QRPHONE/1's original Letter of Agreement and was retained in this MOC since it may be operationally desirable for QRPHONE/1 to accept employment with a target organization based elsewhere.

5. WOFIRM has arranged for a portion of QRPHONE/1's financial entitlements to be funded to him by QRPURE, which has also agreed to repatriate QRPHONE/1 to WOLADY. This has been done for operational reasons to enable QRPHONE/1 to qualify for foreign residence. Should QRPURE be obliged to honor this commitment, WOFIRM will guarantee this QRPURE commitment and will reimburse QRPURE for any costs incurred.

6. LCPIPIT is authorized to approve purchase by QRPHONE/1 of certain items of operational equipment which are to be non-accountable and which shall be charged against the operational expense category of approved Project QRPHONE.

7. QRPHONE/1 signed a separate Secrecy Agreement (in true name) at the time of his original recruitment. He is aware that its provisions are still in effect.

8. QRPHONE/1 is aware that he may be required, from time to time, to undertake an SGSWIRL.

9. QRPHONE/1 is aware of all provisions of the Memorandum of Oral Commitment with the exceptions of paragraph 6, which describes an internal WOFIRM procedure; certain aspects of paragraph 3a--specifically that WOFIRM is paying LNFORT taxes in his behalf; and certain aspects of paragraph 3b--specifically the procedure for write-off of funds since this is an internal WOFIRM procedure.

BRITISH VISA GRANTED

On 10 April 68, I was finally granted a British visa, without restrictions, valid until 15 Feb. 1969. No questions were asked when I went to the Home Office to get the visa.

My Home Office file number is: G 110880.

From the Metropolitan Police, I received Aliens Registration Certificate E 662567, which lists me as correspondent for Negro Press International.

I was told by the police that I could apply within a year to have the registration requirement waived because I am married to a British subject. Moreover, I am free to take any sort of employment or open a business without restrictions or having to request permission from the Ministry of Labour.

INLAND REVENUE MONOLOGUE (required)

Until April of this year (1968), I lived mainly on assistance from my wife's family and occasional freelance journalism outside Britain. Also, I had some savings and investments in America and Switzerland to draw upon. My brother-in-law, Gordon Kaye, purchased a house at 32 Hartwood Road, Stamford Brook, London, W.12 for us — the price of the house being considered a loan to be repaid over the years as is possible. My children's school fees were paid by covenant by my brother-in-law, as well as a grant in covenant to my youngest daughter.

I was not a legal resident of the U.K. until 8 April 1968, and on that date I began officially my duties as Overseas Representative and Correspondent for Negro Press International of Chicago, with a salary of \$300 per month.

SUBJECT: QRPONE/1 FINANCES

1. This memorandum outlines a new procedure which is to be followed in the handling of the operational costs of field agent QRPONE/1. This new procedure is being instituted in order to enhance the security and compartmentation of the handling of the administrative aspect of this project and parallels revisions in the handling of operational traffic. The new procedure which is discussed below is in accordance with accepted field procedures.

2. Currently QRPONE/1 receives advances and accounts for these with detailed statements of expenses accompanied by true name receipts, etc. These accountings and the accompanying receipts have been maintained in the LCPIPIT files. This system is to be changed. Henceforth monies for operational expenses are to be given to QRPONE/1 by his handler (Career Agent Rufus F. RODIGAST) and will be carried on RODIGAST's accountings as operational expenses supported by receipts from QRPONE/1 acknowledging receipt of the funds. This RODIGAST accounting and the QRPONE/1 receipt will be used for write-off of the funds against approved project QRPONE. No detailed accountings and no receipts carrying QRPONE/1's true name are to be maintained in the LCPIPIT/Admin files.

3. It will be the responsibility of Chief, LCPIPIT and the project case officer to ensure that QRPONE/1 is supplied with the funds necessary for the furtherance of the operation and to ensure that these amounts are carefully controlled to avoid overpayment. In discharging this responsibility the Chief, LCPIPIT may require QRPONE/1 to itemize the various expenses to be covered by the payments.

ARREST AND EXPULSION FROM SWITZERLAND

Brigue, 20 Jan. 1968.

The Milan-Geneva TEE reached the Swiss border at Brigue at about 1030. It was evident that the Border Police were expecting me -- the usual lone civilian inspector of passports was accompanied by a uniformed policeman. I was taken, with baggage, to the station immigration office. My wife went with me, but was apparently not covered by the ban on me. When the official in charge of the office phoned Lausanne and Berne, he was informed that I was to be expelled immediately and that they did not want to interrogate me.

Great effort was made by the official in charge of the office to be polite, especially when I made a rather vigorous protest at the expulsion, claiming that I had never been informed of the ban on my entry in Switzerland, said to date from 16 Dec. 1963, and that, in any case, I had visited Switzerland on numerous occasions since 1963 without interference. Moreover, I was a professional journalist accredited to the United Nations and was indeed on my way to Geneva to visit the U.N. Office there, I said. The official seemed somewhat baffled by this, because he had been informed I was en route to Lausanne, but I showed my tickets valid to Geneva. Nevertheless, with the greatest of apologies, I was escorted -- this time by a plain-clothesman -- to a train back to Italy at 1130. My wife could have stayed in Switzerland but I asked her to return with me.

During my detention, my wife phoned Gilbert Etienne in Lausanne, informing him of the situation, the Associated Press office in Geneva (speaking to a Mr. Atkins) and the U.S. Press Attaché, Frederick ~~Steiner~~ Steiner, in Berne. Actually, I had told her to phone as many wire services as possible, but she assumed I also wanted to get the Press Attaché to protest on my behalf. In any case, the shortness of time between trains prevented her from making more calls.

When given the attached formal notice of the travel ban by the Swiss official, I refused his request that I sign it and warned that the expulsion was a violation of Swiss agreements concerning the freedom of access to the U.N. Office in Geneva which I fully intended to protest formally and bring to world attention.

Later, from Verona, I spoke myself ~~xxxx~~ with Gilbert Etienne, who was convinced -- quite correctly, I believe -- that his phone is tapped and that my arrival was ~~isxmed~~ communicated to the Swiss Federal Police through a phone conversation I had with Etienne from

swiss expulsion - 2 last

Milan on 18 Jan. (My train reservation was made in Milan, not London.) I also spoke with Atkins of AP in Geneva, who told me he had filed a story after my wife's call about an American Negro journalist being refused entry into Switzerland. He asked for more background on me, claiming that New York had expressed interest in developments. Atkins believed that I could get the ban lifted by protesting to the Swiss Press Attaché in London as a professional newsmen. He said he believed Swiss authorities were rather jumpy about "suspicious" individuals entering the country since the large Biafran shipments of Nigerian currency to Zurich earlier in January. Whatever the real reason, although I do resent not being able to talk with Etienne -- I was counting on him to reestablish links with Nils Andersson in Albania and to give me a picture of the altered situation among pro-Chinese Communist parties in Western Europe since the latest split from Jacques Grippa's party in Belgium --, I think the expulsion is a most useful incident to prove that I am indeed a good revolutionary and I intend to exploit it as fully as possible, within reason. That is, no overt diatribes against "how the Man operates in Switzerland," say in the Los Angeles Herald Dispatch, but to inform as many people on the Left as possible of the incident and let them draw their own conclusions.

Michael Bakafa/Petros Defta, who was expecting me in Geneva for an interview on 22 Jan. was informed by a wire from Verona that force majeure prevented me from keeping the appointment and that I would be writing him when I returned to London.

DISPATCH

c. Paragraph 3b:

From talking with RUDIGAST, it would appear that the fine line of demarcation between GREFHONE/1's real "budget" and his "non-accountable exp" is so vague to him (if indeed he was ever fully aware of it in our own bureaucratic terms) as to be virtually non-existent. It is equally confusing and often non-recognizable in other administrative paper-trails (see FIF' G). In terms of the tax collector, the \$100 has already been adjudicated taxable and the \$70 supplement has been computed as tax due on the \$600 total. We suggest, therefore, in the interest of administrative simplicity, that we convert the total \$600 to salary, and amend the MOC to reflect this.

d. Paragraph 5b:

A question came up concerning GREFHONE/1's per diem in connection with the three accountings which RUDIGAST submitted for processing direct at Headquarters. Included were several operational lunches and dinners. GREFHONE/1 indicated he was leaving the computation of per diem due him up to Headquarters (we have allowed for 27 days @ \$30 per day). Since regulations state that no one may receive double compensation for any reimbursable expenditure, and GREFHONE/1's per diem by definition is supposed to cover food, etc., we will have to deduct 15% for each meal specifically claimed by him in his detailed accounting (i.e., \$3.00 per meal). This will be the subject of separate correspondence when the accountings are processed and we T/A the appropriate amount for credit to GREFHONE/1's account, but we raise it now as we are not certain as to LORPIT's intent or previous practice in this regard. The amount that GREFHONE/1 would be processed in, of course, not very substantial, but if LORPIT feels GREFHONE/1 should receive greater financial assistance to further defray his personal as well as operational costs while in travel status, we suggest that this enabling paragraph be amended to permit greater flexibility in the establishment of the per diem amount. Now would be an appropriate time to amend the MOC to give Chief, LORPIT/London, the authority to set GREFHONE/1's per diem at "... \$20 to \$30 per day during periods of authorized travel, amount to be set in advance by Chief, LORPIT/London." Fifteen per cent will, of course, still need to be deducted from GREFHONE/1's accounting for every meal he correctly claims as an operational expense. As to travel which does not extend overnight, regulations only require that 35% be deducted from his per diem, rather than the 50% which, in effect, the \$10.00 represents. We leave it up to you as to which provision you wish included in the final MOC, but in any event we suggest that it be incorporated in the body of the paragraph, rather than set apart as a quotation from another document.

2. We have no further comments concerning the remainder of the MOC.

3. If you concur with the above suggestions, please resubmit an amended MOC which would also reflect these additional changes. We are sorry not to have been able to meet LORPIT's 15 October requested deadline, but press of business related to GREFHONE/1's WOLADY mission intervened.

MEMORANDUM FOR: CCS/NC

SUBJECT: ORPURE/QREBONY/1 Relationship

1. This will confirm our conversation of 18 September 1967, in which we discussed QREBONY/1's plan to visit ORPURE some time during the week of 25 September 1967, and you agreed to give ORPURE/2 prior warning of this visit. In accordance with the same conversation QREBONY/1 was briefed that his visit should be mainly a question of touching base with ORPURE, maybe a friendly luncheon with ORPURE/2 -- but that no substantive discussions affecting their ostensible relationship (i.e., amount of money, amount of QREBONY/1 production for ORPURE, etc.) were to take place. You were to brief ORPURE/2 along the same lines, and also to indicate to him that, contrary to our original thinking, we would now like to have QREBONY/1 given a by-line, whenever ORPURE/2 feels he can do so.

2. In addition to the above, we would appreciate it if you would take up with ORPURE/2 (and/or ORPURE/1, as appropriate) the possibility of increasing the amount of money funded to QREBONY/1 via ORPURE. As indicated to you, we would like to increase the current \$100.00 monthly to \$300.00 monthly, but would like your careful examination with ORPURE principal(s) that this amount is not excessive either in terms of their willingness to handle or in terms of ORPURE's ostensible ability to cover.

3. Please also mention to ORPURE/2 our desire to have QREBONY/1 open a small office in London, and our thought of perhaps including ORPURE (along with other publications) as a name on the door or on his letterhead. Would ORPURE/2 (or ORPURE/1) have any objections? Would he have any objections if any of the other names are of more radical publications? It would not be operationally feasible or desirable to let him know in advance which these would be, but since both

ORPURE's have been briefed carefully as to QREBONY/1's radical aura, presumably they would have a good idea as to the kind of publications these might be.

4. For operational reasons, we would prefer that the arrangements indicated in paras 2 and 3 above not be breached until after QREBONY/1's departure from the United States, some time in mid-October. We will advise you of his departure so that you can make the necessary arrangements thereafter at your convenience.

SUBJECT	DTDORIC/Administrative GREBONY/1 Employment Agreement	
ACTION REQUIRED - REFERENCES		

1. GREBONY/1 was recruited by WOFAC on 3 June 1965. This recruitment was performed by an officer from WOMUSE/ICG since GREBONY/1 (then known as STEBONY/1) was viewed as a "double agent" penetration of pro-Chinese communist groups. GREBONY/1 has performed well in a difficult and dangerous environment. He is a clandestine agent operating against targets violently anti-WOLADY and of priority interest. The administration of GREBONY/1 requires special care since, by the very nature of his role, he is not typical of the average LCPIPIT asset.

2. GREBONY/1's initial employment was by Letter of Agreement for a period of three months. This Letter of Agreement expired 1 September 1965 and was replaced by a Memorandum of Oral Commitment dated the same day. This oral employment agreement remains in effect at this date--some two years later--, but has been amended to adjust compensation. Certain inaccuracies in the original MOC have also been corrected subsequent to its preparation. Given the sensitive nature of GREBONY/1's relationship with WOFAC it is sometimes difficult to adapt the operational realities of his situation to the administrative requirements of WOFAC. However, with great understanding at home and in the field, we have reached a very manageable situation.

3. In order to codify the entitlements and procedures applicable to GREBONY/1's employment the undersigned has prepared the attached revision of the MOC under which GREBONY/1 is employed. It is requested that HQS approve this revised MOC and notify LCPIPIT of approval by 15 October.

REVISED MEMORANDUM OF ORAL COMMITMENT

(Revised to include all changes and amendments operative as of 14 September 1967)

1. QREBONY/1 is employed by WOFAC as an independent contractor for certain services of a confidential nature. He has received an Operational Approval, dated . Financial aspects of his activity are charged to Project QREBONY.

2. QREBONY/1's employment under this agreement commenced 1 September 1965 and continues on a month-to-month basis. It can be terminated by either party on 30-day notice.

3. QREBONY/1 receives the following financial entitlements:

a. Compensation so computed as to give QREBONY/1 a "tax-free" figure of \$800 per month (this figure effective 1 July 1967). NOTE: The actual breakdown of QREBONY/1's finances as carried on WOFAC books is \$700 monthly salary; \$100 non-accountable operational allowance; \$70 tax supplement withheld at HQS to discharge QREBONY/1's WOLADY tax obligation. These taxes are remitted through the Covert Tax Committee.

b. Reimbursement for operational expenses and travel, unless these are reimbursed by other sources in which case WOFAC will offset such outside reimbursement against WOFAC financial obligations to QREBONY/1. Since security considerations generally preclude the detailed accounting for miscellaneous travel expenses, per diem will be paid at the rate of \$20 per day during periods of authorized travel. This per diem authorization was qualified by a personal ruling of Chief of Station, Paris/LCPIPIIT dated 12 July 1965:

"If subject is absent from his home station on authorized travel for part of one day and returns to his home station the night of the same day (i.e. if no hotel expense is involved in the sense of overnight accommodations), then he shall be entitled to draw 1/2 of his authorized per diem of \$20 per day (i.e. \$10)."

NOTE: QREBONY/1 has a revolving fund (advance) to assist in meeting operational and travel expenses.
