2. In connection with [redacted] whose recommended promotion from grade GS-13 to grade GS-14 was approved by the RIGGS Career Service, I consider, as we discussed in Washington during October, that the opinion in favor of his promotion is quite strong. I have discussed the Board's action with [redacted] and while he has accepted it with his usual unflinching and commendable well-disciplined decency, he cannot, of course, help but feel a certain disappointment and this action cannot help but raise grave doubts in his mind as to exactly what future in KUBARK he has been forecasted. Although [redacted] has not himself made any request or comment that I refer action be taken concerning his promotion, I would like to submit for your consideration the following comments concerning him. [redacted] is in fact an excellent and a valuable officer. While it is quite true that he in all probability will never be among the very small percentage of outstandingly competent officers in KUBARK, I consider him well above the average GS-13 officer in KUBARK or KIBIKU as a whole. This judgment is based not on [redacted]'s personal traits which are exceptional but on his consistent day-to-day contribution to the operation and administration of the Base and with the full realization of the fact that quiet properly KUBARK promotions present themselves being granted on much stricter standards than in the past. While [redacted] will never be completely at his best in the direct handling of one of our agent cases, he has shown far more competence at this task most KUBARK officers and there are numerous responsible positions in the organization that he is capable of filling more than adequately. [redacted] as you know is a mature, experienced individual who has held responsible positions in the past and who handled himself quite well both inside and outside the Agency here. He was recently (19 September 1960) commended by [redacted] for EMT by [redacted] and this was a well-deserved recognition not only of his performance in connection with the operation but also a reflection of his consistent performance since he was assigned here in August 1958. The recommended promotion of [redacted] was first submitted on 31 January 1960 and was warmly concurred in by CGS. Further, while as you saw, I do not believe that this in grade should ever be a mere "rolling factor" in any promotion, I do believe that [redacted] time and contributions service with KUBARK and the fact that he has kept in his present grade for almost 4 years substantially increase the opinion in favor of his promotion at this time. Considering the above two are not particularly good ones and, which I believe is well-grounded. If [redacted] as a career officer could stand with officers of about equal

3. If you agree and if you consider it appropriate I would appreciate your recommending this case immediately to the Career Service Board with a strong request that their disapproval action be reversed. If you do not concur or if you feel that this is not a sound case for tactical or other reasons, I would appreciate your advice as to acceptable timing on reevaluation. The recommendation for ~~promotion~~ promotion. As a matter of interest, I would appreciate some indication of the reasoning of the ~~XXVII~~ Career Service Board in disapproving ~~promotion~~ promotion.

1. Recommendation is made hereby for the promotion of Subject from grade GS-13 to grade GS-14. Subject was assigned to Hqs as Chief of the Soviet Operations Section in February 1951 charged with the overall direction of the "W" operational effort into the "W". In May Subject took over as Chief of the Combined Soviet Operations Hqs in Hqs responsible for the joint ZACABIN-ZACASTUS effort. In this ever increasing area of operational and executive responsibility Subject has brought a high order motivation, outstanding drive, and excellent operational know-how. His devotion to a task nothing short of monumental and replete with frustrations is worthy of considerable commendation.

2. As Chief, CSOB Subject is in direct command over approximately 80 ZACABIN and ZACASTUS personnel including a very large training installation at Hqs (3 miles away from Hqs Headquarters). Most of this personnel has reported at Hqs during the past eight months and most of it has been newly recruited and completely inexperienced in the intelligence field. Subject has met the challenge of the problems thus posed, along with those attendant upon a broad operational effort, with commendable success.

3. Subject confronts the future of CSOB operations with a clear concept of the operational problem and a concise definition of our capabilities in coping with it. If anything, the responsibilities he will have to shoulder will be greater.

MEMORANDUM FOR THE COVERT PERSONNEL BRANCH:  
VIA: ADSO

Subject: Promotion Request - David E. Murphy

1. Mr. David E. Murphy, on the basis of proved capabilities, has been assigned in Washington as Chief of the FDS/Far East Section, to Slot Number 1 of the FDS/Far East Headquarters T/O, after having returned from a field assignment of 25 months' duration at PRU/FEC. Since the inauguration of the REDBIRD program on 1 February 1950, he has served as Chief of the Soviet Operations Section in Japan and prior to that was the chief Soviet operations specialist at PRU/FEC.

2. As Chief of FDS/Far East Section he has final responsibility, subject to the approval of the Chief, FDS, for all FDS operational activities in the Far East and for all FDS operations conducted within that portion of the USSR east of the Ural mountains. In connection with his work he is responsible for the recruitment, training, and overall direction of staff employees assigned to the Far East Section at headquarters and those assigned to the Soviet Operations Section at PRU/FEC as well as for the planning, directing, implementing, and support of all operations indicated above. When the full T/O strength has been reached, there will be a total of 14 staff employees under his supervision.

3. Mr. Murphy is particularly well qualified as Chief, FDS/Far East Section in terms of linguistic ability, knowledge of the USSR, wartime and post-war operational work, and administrative and executive experience as Chief, Soviet Operations Section, PRU/FEC. His performance during the time he has been in FDS has been outstanding in every respect and it is strongly urged that adequate recognition of his past work and present capabilities be given by promoting him to the grade of GS-13 authorized for the position he is now holding. Mr. Murphy has been in the grade of GS-12 for two years and three months.

4. Attached is a memorandum from FDZ covering subject's performance as a member of that Division and concurring in the desirability of his promotion.

1. We fully endorse the estimate of Roland L. JENETT's qualifications and accomplishments set forth in referenced dispatch. However, the Promotion Board is at the present time unable to consider his promotion because of the following:

- He has been in the grade of GS-12 since 5 April 1948. This is several months short of the minimum time in grade necessary to be considered for promotion.
- The grade of GS-13 generally requires more than one tour of duty with the organization.

1. It is requested that \_\_\_\_\_, Operations Officer at this station, be promoted from CAF-12 to CAF-13. He received his present grade on 5 April 1948.

2. Mr. \_\_\_\_\_ arrived in Tokyo on 26 May 1948, and his performance of duties as Soviet Operations Officer has been consistently superior. He is intelligent, hard-working and continually striving for improvement in all phases of his work, and he is familiar with all phases of the work of this unit.

The subject has been responsible for much of the planning of future operations in the Far East, i.e., Plan ARCADE and revisions, and has implemented the Operational Research and File Section (Plan POMERANIAN) which is now functioning smoothly. # Office Memorandum • UNITED STATES GOVERNMENT

TO : OSO Promotion Board Attn: Mr. Agnew  
 FROM : Acting Chief, FBZ  
 SUBJECT: Promotion of Mr. David E. Murphy

DATE: 10 May 1949

Attachment: 1. Dispatch, Tokyo to Chief, FBZ, Subject: Promotion of David E. Murphy,  
 ZJTA-463, dated 21 April 1949

1. Attachment 1. forwards a recommendation for promotion of Mr. David Murphy, intelligence officer, CAF-12, Military Liaison Unit, Tokyo.

2. The Branch fully endorses the estimate of Mr. Murphy's qualifications and accomplishments set forth in Attachment 1. He is one of our most industrious and accomplished case officers. With respect to his promotion at this time the following considerations are pointed out:

- a. He has been in the grade of CAF-12 since 5 April 1948. This is five months short of the minimum time in grade necessary to be considered for promotion.
- b. While reorganization of our field T/O's in the Far East will come about in the next several months, there is at present no CAF-13 slot in the Tokyo Liaison Unit.
- c. To consider Mr. Murphy for promotion as a general intelligence officer of this grade he would have to be considered capable of taking over a branch or division and as a rule proven as a chief of a fairly large field establishment. While the subject may potentially have qualifications for these his experience within the organization has not yet included such assignments.

3. It is recommended that subject not be considered for promotion at this time.

MEMORANDUM FOR THE RECORD.

David E. Murphy

*my future*

Subject transferred to CIA from the War Department and has accrued ~~annual~~ sick leave to his credit with that agency. Several letters were forwarded requesting both personnel folder and leave with negative results. In the meantime, subject transferred overseas to his duty station. No further communications will be forwarded to the War Department until subject has returned from overseas for re-assignment because to do so may tend to "blow" his cover. (As the records were not available in any of the ZI military establishment, ~~our~~ communication may be forwarded to the army establishment in Tokyo requesting the records and the form 50 will immediately identify subject's CIA connection.
