<p>1. As indicated in the reference, the undersigned met with Subject on 19 October 1968 for the purpose of debriefing him on items of local interest to the Base and INERGO.</p> <p>2. Attached herewith is the information obtained at that meeting, broken down on separate sheets by major topics:</p> <ul style="list-style-type: none"> A) Cuban UN Mission (CMUN) personnel; B) Cuban personalities of local interest (but who are not now in New York); C) Physical lay-out of the CMUN; D) Miscellaneous information on the official Cuban community; E) Cuban Delegation to the 23rd UNGA. <p>3. Perhaps the most interesting items are the following:</p> <ul style="list-style-type: none"> A) Orlando PRENDES Gutierrez (201-³³⁰⁰²²?) appears to be the new chief of the DGI contingent within the CMUN, with Alberto BOZA Hidalgo-Gato (201-331832) probably serving as the deputy; Jose Raul VIERA Linares (201-323953) and Jesus JIMENEZ Escobar (201-749244) follow as the third and fourth ranking DGI officers;

- B) There are apparently now two code clerks in the CMUN;
- C) The physical lay-out of the CMUN;

CUBAN UNITED NATIONS MISSION (CMUN) PERSONNEL

1. Jesus JIMENEZ Escobar, Counsellor. JIMENEZ was promoted to Counsellor in July 1968 because, according to Source's opinion, this rank would give him more status in his overt responsibility for economic and UN Development Programme matters. Source believes that JIMENEZ is now the fourth ranking DGI officer in the CMUN behind PRENDES, BOZA, and VIERA. Source considers JIMENEZ to be the most sophisticated officer in the CMUN. *301-749244*
2. Jose Raul VIERA Linares, Counsellor. Source believes that VIERA is now the third ranking DGI officer in the CMUN behind PRENDES and BOZA. Source thinks that VIERA will be transferred back to Cuba soon, probably in December 1968. *301-328453*
3. Jorge BOLANOS Sarraz, Counsellor-designate. Source stated that the Foreign Ministry has cancelled the assignment of BOLANOS. He definitely will not be coming to New York. *301-747157*
4. Alberto BOZA Hidalgo-Gato, First Secretary. Source believes (but does not have positive proof) that BOZA is now the Deputy Chief of the DGI contingent in the CMUN, behind PRENDES. BOZA specializes in "Black Power" matters. Source said that BOZA is now occupying the apartment formerly lived in by Carlos MORALES Quevedo, First Secretary, and his family. The wife of BOZA, Adamina VASQUEZ Caparo, currently is working in the CMUN as secretary to Ambassador ALARCON. Source believes that the assignment here of BOZA means greater emphasis is to be placed on "Black Power" matters. *301-331832*
5. Carlos MORALES Quevedo, First Secretary. Source stated that MORALES has reservations to leave New York enroute to Cuba 18 December 1968. Since the departure in early October of his family, MORALES has been living in the CMUN. *301-777565*
6. Orlando PRENDES Gutierrez, First Secretary. Source is positive that PRENDES is now the Chief of the DGI contingent within the CMUN. Source also stated that in such capacity, PRENDES also would be responsible for DGI activities in Canada. *301-336002*
7. Pedro Luis PINERO Firin, Third Secretary. Source believes, based on stories that he had heard in Cuba, that PINERO is a DGI officer. *301-824376*

8. Rogelio RODRIGUEZ Lopez, First Secretary-designate. Source does not know RODRIGUEZ or anything about him. RODRIGUEZ was scheduled to come to New York some months ago; it would seem that he is not coming at this point. RODRIGUEZ amply has been documented as a DCI officer through other sources.
Doc - 833005
9. Cecilia ANDRE Sandain, Second Secretary-designate. Source does not know ANDRE, who was scheduled to come at the same time as Rogelio RODRIGUEZ Lopez. Source thought ANDRE might be the wife of Jorge BOLANOS Suarez (paragraph 3 above); as he thought BOLANOS' wife was named Cecilia, whom Source knew to be employed as a staff officer in the Cuban Embassy in London during BOLANOS' assignment there.
Doc - 833921
10. Miguel Manuel SANTANA Fraiz, Attache. Source, who had identified SANTANA as a DCI officer in November 1967, now states that he is not sure whether he is with the DCI or with the DSE. Source thinks that he is probably with the DCI. Source said that the wife of SANTANA will return here late October.
Doc - 816439
11. Justo Cesar GELLABERT Martinez, Attache. Source stated that GELLABERT is with the DSE. He replaced Ramon MARTINEZ Suarez as the "Portero" of the CMUN.
Doc - 839221
12. Rafael AGUILERA Batista, Attache. Source confirmed that AGUILERA replaced Roberto GUERRA Gonzalez as a code clerk.
Doc - 851449
13. Rolando PEREZ Alfonso, Attache. Source stated that there are now two code clerks in the CMUN; by process of elimination, it would appear that PEREZ might well be the second one (Source did not know the name of the other code clerk).
Doc - 836757
14. CLERICAL EMPLOYEES. In addition to Adamina VASQUEZ Caparo (wife of Alberto BOZA Hidalgo-Cato, First Secretary) who works as secretary to Ambassador ALARCON, and Mercedes SALGADO Hernandez (wife of Jorge REYES Vega, Second Secretary) who is the Telex operator, Source believes that two other wives of CMUN officers also work part-time in the CMUN. One of these females is pregnant, and may be married to one of the code clerks. Source thinks that the other might be the wife of Pedro Luis PINERO Eirin, Third Secretary (her name is Juana CRUZ Fernandez), but was not at all sure of this identification.

CUBAN PERSONALITIES OF LOCAL INTEREST, BUT NOT NOW IN NEW YORK

1. Nicolas RODRIGUEZ Astiazarain, Former CEN Counsellor. Source stated that RODRIGUEZ is now the head of the Czech (and possibly the Hungarian) Desk, Directorate of "Socialist Countries", Foreign Ministry. He is now divorced from his wife, Magaly NESTRE Pintado, and reportedly will marry Lohania Josefina ARUCA Alonso, who was a member of the Cuban Delegation to the 22nd UN General Assembly in the Fall of 1967. RODRIGUEZ was not in any known difficulties or trouble when he returned to Cuba in early March 1968; he did do a short stint of "voluntary" cane-cutting after his return, but this is particularly required of members of the Cuban CP (of which he has been a member for some 4 years).
DOI-809011
2. Marta JIMENEZ Martinez, Member of Cuban 22nd UNGA Delegation. Source does not believe that JIMENEZ will attend any portion of the 23rd UNGA this year. She is the Deputy Chief of the Directorate of International Organizations of the Foreign Ministry; since the Chief of that Directorate is in New York for the 23rd UNGA, Jose FERNANDEZ COSSIO Rodriguez, Source believes that JIMENEZ could not be absent from Cuba at the same time. Source stated that JIMENEZ is very close to Fidel CASTRO, and at times has by-passed Foreign Minister Raul ROA to go directly to Fidel on certain questions.

PHYSICAL LAY-OUT OF THE CUBAN UN MISSION (CMUN)

1. BASEMENT -- contains a kitchen and storage rooms.
2. GROUND FLOOR -- reception area; archives of unclassified UN (mostly) documents and papers; telex machine room; offices of Justo Cesar GELABERT Martinez, Attache, and Mercedes SALGADO Hernandez (wife of Jorge REYES Vega, Second Secretary). GELABERT, a member of DSE, replaced Ramon MARTINEZ Suarez as "Portero" of the CMUN. SALGADO (reported last year by the same Source as a member of the DSE) is the Telex operator.
3. SECOND FLOOR -- office of Ambassador Ricardo ALARCON Quesada (runs along the front side of the CMUN on East 67th Street); reception salon for visitors; large office occupied by Antonio DE SOUZA Carvajal, Advisor; smaller office occupied by Gustavo Adolfo PLAZA Peterssen, Attache, and Adamina VASQUEZ Caparo (wife of Alberto BOZA Hidalgo-Gato, First Secretary). VASQUEZ is acting as secretary to Ambassador ALARCON.
4. THIRD FLOOR -- mostly living quarters; large common room; library; Rolando CONDE Figueroa, Attache (who is the chauffeur), lives on this floor; there are also several offices, occupants unknown.
5. FOURTH FLOOR -- entire floor is occupied by DGI personnel. (Last year, the Source reported that the DGI occupied the third floor; what Source actually meant was that the DGI had the third floor per European style of reference, which is the American fourth floor).
6. FIFTH FLOOR -- more living quarters (presumably the residential occupants of the CMUN, other than CONDE, live on this floor).

MISCELLANEOUS INFORMATION ON OFFICIAL CUBAN COMMUNITY

201-773-777

1. Alfonso VILLACORTA, Prensa Latina. Source stated that VILLACORTA is disgusted with the Cuban regime, but has stayed on with Prensa Latina here because his brother is in prison in Cuba. Source believes that VILLACORTA would defect were his brother ever able to get out of Cuba. VILLACORTA cordially dislikes the CMUN and its personnel. VILLACORTA, who has been reportedly pro-Chinese in the past, has no deep political convictions, according to Source. Jose Antonio RARAZA Vasquez, a member of the Cuban Delegation to the 23rd UN General Assembly this year, has spent quite a bit of time with VILLACORTA in the past month. Source thinks that VILLACORTA may be homosexual.
2. Relations between the CMUN and the local Prensa Latina Office. Source said that relations between the two offices continue to be marked with ill-feeling on both sides. The CMUN personnel look down on the two Prensa Latina employees, and the latter are well aware of this condescending attitude.
3. CMUN Morale. Source claimed that morale is high within the CMUN regarding Cuba's current status in the world. In response to a question as to whether VIERA and JIMENEZ resented the arrival of PRENDES and BOZA, and the consequent "demotion" of the first two within the DGI hierarchy here, Source indicated that he had seen no manifestations of resentment on the part of either VIERA or JIMENEZ. Source believed that this was mainly because both PRENDES and BOZA have long been senior to VIERA and JIMENEZ.
4. Proportion of Intel/Security Personnel within the CMUN. Of the 16 officers of the CMUN, 12 are believed to be affiliated with either the DGI, DSE, or DIER (the affiliation now thought for the code clerks). PRENDES, BOZA, VIERA, JIMENEZ, MORALES, and REYES are known to be DGI officers. PINERO is a presumed DGI officer. SANTANA is either DGI or DSE. ESPINOSA and GELABERT are known DSE. AGUILERA is known to be either DSE or DIER (Investigations Department of the Rebel Army). PEREZ is suspect DSE or DIER. Only four CMUN personnel are without any intelligence or security affiliation: Ambassador ALARCON, DE SOUZA, PLAZA, and CONDE.

S E C R E T

CUBAN PERSONALITIES. 23rd UN GENERAL ASSEMBLY DELEGATION

1. Jose FERNANDEZ COSSIO Rodriguez. Director of International Organizations, Cuban Foreign Ministry. Now gets along well with Foreign Minister Raul ROA, but at one time he led the "anti-ROA Mafia" within the Ministry. Major ambition at this time is to become an Ambassador in one of the more prestigious posts abroad. Interestingly, he is a distant relative of Raul ROA. Has been a member of the Cuban CP for 4/5 years. Source said that FERNANDEZ COSSIO is "making a career of Communism", meaning that he makes the system work for him but is not ideologically oriented. He is a "loner", and his only real friend is the head of Directorate of Socialist Countries of the Cuban Foreign Ministry, who once saved the life of FERNANDEZ COSSIO during BATISTA days. Source terms FERNANDEZ COSSIO a superficial person, not an intellectual type, and interested in living comfortably and having money to spend.
 301-706981
2. Fernando ALVAREZ Tabio. Not pro-Communist and not really pro-CASTRO. A political rationalizer who is happy with the regime that allows him to lead his own life. Would not consider defection unless the regime changed its attitude toward him, which is not likely, according to Source.
 301-357138
3. Jose Antonio RABAZA Vasquez. RABAZA is, in Source's belief, a homosexual (consistent with other reporting on RABAZA). He works in International Organizations of the Foreign Ministry under Marta JIMENEZ Martinez, Deputy Chief. While in New York, RABAZA has been very friendly with Alfonso VILLACORTA of the local Prensa Latina office. Source believes that VILLACORTA at least has tendencies toward homosexuality himself. RABAZA is very close to Osmani CIENFUEGOS in Cuba, and the latter has protected him in the Foreign Ministry (other reporting has indicated that RABAZA found himself in difficulties with the regime after an assignment in Rome; he spent close to a year in prison). According to Source, CIENFUEGOS spoke up for RABAZA and this is why he still is in the Foreign Ministry. RABAZA does not associate with others in the Delegation or in the CMUN; he spends little time in the UN Delegates Lounge, contrary to others in the Delegation. Source characterized his behavior as "mysterious", and suspects that RABAZA may be practicing his sexual proclivities here. He is well-educated and speaks several languages. He considers himself to be a good poet.
 301-355971

4. Technical Assistants of the Delegation. Source stated that all of the Technical Assistants of the Delegation are members of the DGI, the external intelligence service. All have now departed New York. During their stay, Source observed that all spent their time with DGI officers assigned to the CMUN. The only Technical Assistants personally known by Source are Ramon SANCHEZ-PARODI Montoto, Alvaro TAMAYO Fonseca, Rene VALENZUELA Acebal, and Eduardo ARAOZ Agero. Source did not know of any specific duties or missions of any of the Technical Assistants. He commented that TAMAYO was a close friend of Alberto BOZA Hidalgo-Gato, First Secretary of the CMUN, who specializes in "Black Power" matters in New York. Source does not know if any more Technical Assistants will come to New York during the 23rd UNGA.

G. Carlos MORALES Quevedo (201-777568), First Secretary, DGI officer;

H. Jorge REYES Vega (201-816437), Second Secretary, DGI officer;

I. Lazaro ESPINOSA Bonet (201-816438), Third Secretary, DSE officer;

J. Pedro Luis PINERO Eirin (201-824376), Third Secretary, presumed DGI officer;

K. Miguel Manuel SANTANA Fraiz (201-²⁰¹⁻⁸¹⁶⁴³⁹ ?), Attache, presumed DGI officer;

L. Gustavo Adolfo PLAZA Peterssen (201-805658), Attache;

M. Justo Cesar GELABERT Martinez (201-²⁰¹⁻⁸³⁹²²¹ ?), Attache, reportedly was with DIER in 1961, no further information available;

N. Rafael AGUILERA Batista (201-351449), Attache, code clerk, either DIER or DSE employee;

O. Rolando CONDE Figueredo (201-354057), Attache;

P. Rolando PEREZ Alfonso (201-²⁰¹⁻⁸³⁶⁷⁵⁷ ?), Attache, (here according to UN records but not confirmed by LNERGO as of 4 September).

2. In recent months visas have been requested for the following officers, but they have not arrived as yet, and presumably some of them may not now be coming for one reason or another.

A. Jorge BOLANOS Suarez (201-787157), Counsellor-designate, was due to arrive in late August but presence has not been confirmed;

★ B. Rogelio RODRIGUEZ Lopez (201-332665), First Secretary-designate, DGI officer, visa requested in April 1968 with no further information available as to whether he will come (presumably he will not);

C. Cecilia ANDRE Sardain (201-¹⁰⁰²⁰¹ ?), Second Secretary-designate, same ETA status as Rogelio RODRIGUEZ above.

3. VIERA Linares serves as Charge d'Affaires in the absence of Ambassador ALARCON Quesada. Up to this point, neither the Base nor LNERGO have been able to state evidentially as to whether VIERA or JIMENEZ Escobar is the successor to Chafik Homero SAKER Zenni (left PCS October 1967) as the DGI Station Chief. We both, however, tend to regard JIMENEZ as carrying the most weight in terms of operational activity and in terms of effectiveness. Now, with the arrival of BOZA Hidalgo-Gato (who reportedly has been the deputy to Ramon OROZA Naveran, head of U.S. operations for the DGI, per our last information), it remains to be seen if BOZA figures higher in the local hierarchy than VIERA or JIMENEZ. With JIMENEZ, VIERA, BOZA, and PRENDES Gutierrez, the local DGI station has more ranking talent than has been the norm. The Cubans do not necessarily slot their intelligence officers in Mission titles equivalent to their true ranks and responsibilities.

4. In terms of vulnerability from the LNHARP standpoint, the intelligence/security personnel at this point appear to offer little in the way of approach potential. Jorge BOLANOS Suarez (if he comes) and Gustavo Adolfo PLAZA Peterssen, on the basis of known information, seem the likeliest targets for us as of now. Both the Base and LNERGO, however, continue to look at all of them in this regard.

5. It will be noted from the above that of the 16 CMUN personnel now here, 8 are identified DGI/DSE, 2 are presumed DGI, and 1 (GELABERT) may be DSE or DIER. The percentage of personnel involved with intelligence/security thus ranges from a minimum of 50% up to 69% of the total CMUN personnel strength.

6. The number of official Cubans in New York will, of course, be swelled by the arrival of the Cuban Delegation to the 23rd UN General Assembly this month. We have requested, via DO BASE/NEW YORK 4844, traces on the 8 of the 12 man delegation on whom we hold no information.

1. It was reported in Reference that a man identifying himself as "Roberto" from Costa Rica phoned the Cuban Embassy, Mexico City, on 23 April 1965, in an attempt to get in touch with the successor of Regilio Rodriguez Lopez, Cuban intelligence officer. The man further stated that he was the doctor friend of Manuel, presumably Manuel Mora, head of the Costa Rican Communist Party.

879
2. An intercepted letter, dated 2 May 1965, to Judith Ferrato from Dr. Jorge Vega Rodriguez, Apartado 1212, San Jose, refers to his recent quick trip to Mexico. Vega wrote to Judith using her Party pseudo of Juanita Saenz, and at the end of the typewritten letter he wrote by hand "Greetings to Cafula and Engle (?)". Cafula is one of the pseudos used by Costa Rican Communist leader Carlos Fallas Sibaja. Headquarters has been interested in Vega's frequent trips to Mexico and his intimate friendship with Judith, as revealed by their telephone conversations, but no derogatory information on Vega has been developed. However, the fact that he is familiar with the Party pseudos of Judith and Fallas suggests that he may be more involved than he appears to be.

3. It is requested that Station San Jose determine if Dr. Vega was in Mexico on 23 April 1965, the date of the call to the Cuban Embassy. The Station is again asked to try to uncover any indication of subversive activity on the part of Vega. Is he friendly with the Mora brothers?

PIRUMEN/Unknown Costa Rican in Contact with Cuban Embassy

Action Required: For information, and see paragraph two.

1. According to LIENVOY, on 23 April 1965, an unidentified man called the Cuban Embassy in Mexico City to speak to the Ambassador, who was not in. The man refused to give his name but said he was the person who used to be seen with "the young blond man" from the Embassy. Subject asked the Embassy secretary to tell the Ambassador that he had received a cable from the Embassy asking him to come to Mexico from Costa Rica and that now he was here, but could not stay long. Subject also said that he had seen the Ambassador frequently but had been told not to use names on the telephone; that he had received the cable at the beginning of Holy Week but could not get a plane reservation then; that they had known him in the Embassy by the name of "Roberto"; that since the young blond man had now gone to Cuba, Subject was supposed to make the acquaintance of the person who had taken the young's place; and that the cable had alluded to some business they were going to take care of. Finally, Subject said to tell the Ambassador that he was the doctor friend of Manuel.

2. The Station is unable to identify Subject. However, the Blond man is probably Rogelio Rodriguez Lopez, Second Secretary and identified Cuban intelligence officer, who left PCS for Cuba on 5 March 1965. The Station would be interested to know the identity of Subject if it can be determined by the San Jose Station.

This document is for the use of your agency only and neither its contents nor its contents should be further disclosed without appropriate authorization.

It has been reliably reported to this office that captioned vehicle, not otherwise described, was observed on the grounds of the Cuban Embassy in Mexico City at 11:30 A.M. on October 29, 1964.

Investigation to date to identify the owner has developed that captioned vehicle is a 1961 Ford Falcon two-door with Vehicle Identification Number 1R11S123981. Investigation in California has disclosed that the captioned vehicle was last sold to one ROGELIO RODRIGUEZ who gave a false address in the Los Angeles area to the seller of the vehicle. At the time of the sale, RODRIGUEZ indicated that he was buying the automobile for someone else in Mexico, and would allegedly go to Mexico in the automobile.

RODRIGUEZ was described at the time of the purchase of the vehicle as a man between 35 and 40 years of age, apparently a Mexican (judging from his Spanish, dress, etc.) and was allegedly staying with relatives in Los Angeles, California.

In s/w communications, the agent is given a name, separate from his own pseudonym, as an indicator. In the Romeo Operation the use of the name "JULIO" meant that the letter was for "EDUARDO" that is Rogelio RODRIGUEZ, who had that as one of his pseudonyms and used it in August 1962 when he was in the MIA Section at DGI (Cuban Intelligence Service) Headquarters. The Valladares Operation similarly used "GENARO" to indicate that the letter was for "TEODORO," identity unknown, but a case officer in MIA Section in August 1962.

SOL AGUEDAS se reporta a casa del Lic. ALANZO AGUILAR y éste le pregunta cómo le fué en su viaje por Cuba. SOL responde que estupendamente. AGUILAR se alegra y comenta que sería muy bueno charlar ampliamente pues "a nosotros nos interesan mucho tus comentarios" de todo lo que seguramente ha podido seguir mas de cerca. SOL agrega que este ha sido el viaje mas inteligente que ha hecho, inteligente en el sentido de la comprensión, una cosa menos emotiva. AGUILAR así lo cree y manifiesta que ahora ya tiene una base que deberá servirle para la reapreciación de muchas cosas. SOL dice que además tiene pensado regresar muy pronto, y por tal motivo quisiera que AGUILAR y señora fueran el sábado a cenar a su casa. AGUILAR agradece la invitación pero no puede aceptar en vista de que precisamente ese día deberá estar en Ciudad Obregón, pues tiene el compromiso de hacer un recorrido rápido por el Estado de Sonora, pero promete que a su regreso se pondrán de acuerdo y se reunirán.

TO : Chief of Station, Havana		DATE: 23 JUN 1960	
FROM : Chief, KURIOT		RE: "403" - CHECK AT CMI	
SUBJECT : AQUATIC/Operational SW Supplies for AMIRE-1		MARKED FOR INDEXING	
ACTION REQUIRED		NO INDEXING REQUIRED	
REFERENCES		INDEXING ON THE JUDGMENT BY QUALIFIED I.2. ONLY	

: HAVA - 4989, 17 June 1960

1. The SW supplies and instructions needed to establish two-way SW correspondence with AMIRE-1 are transmitted herewith. We realize that some of the instruction forms and supplies which are being transmitted are duplicates of those sent to the Station in support of other operations. However, in order to facilitate the handling of each operation, the supplies for each are furnished as a complete unit. This will preclude the need for borrowing from one agent's supplies to outfit another.
2. AMIRE-1 will write to the Case Officer, using carbon system #39337. Two unused sheets of carbon #39337 should be issued to the agent for this purpose. He should be told to store them separately to avoid accidental loss of his writing system. His carbon system is developed by means of tablet #30607. A supply of the developer material, in quantities sufficient for training purposes, accompanies this dispatch.
3. According to the WH operational plan, SW messages written by AMIRE-1 will be mailed to accommodation addresses in various Latin American countries. In accordance with that, KURIOT will provide the appropriate (WH Field Stations) with the materials necessary for developing the operational messages.
4. AMIRE-1 will develop the SW messages he receives by means of (pill #58838). He should be issued (twenty pills #58838) for that purpose. It is recommended that the agent be told to hide his developer materials in a safe place. This should not present much of a problem because (the pills are so small). We do not generally recommend that (pills be camouflaged as medicines). Even in cases where the SW ingredient (does have a bona fide medicinal usage, the concentration represented by the SW pill would usually be in excess of the normal dosage, and thus there would be a danger of having an unwitting person use them by accident. If the Case Officer feels that for operational reasons it is desirable to camouflage them as medicines, they should only be kept in a bottle which is clearly marked (FOR EMERGENCY USE ONLY).
5. According to the operational plan, the base to agent SW messages will be prepared for the Area Division by KURIOT at Headquarters. The Area Division will pouch the SW messages (as "blank" sheets of stationery) the appropriate Field Station for application of the cover test and mailing.
6. The AMIRE-1 Case Officer should familiarize himself with the accompanying supplies and instructions before any attempt is made to train and issue supplies to the agent. Experience has shown that it is advisable to plan for two or three short (2 hour) agent training sessions scheduled over a period of days, rather than to attempt to cram the training into one long session.
7. Special attention should be given to planning the cover correspondence. It is usually recommended that the agent use (false name and return address) on his SW messages to the Station, thereby (dis-associating himself) completely from his SW reports once they are in the mail channel. This requires that the correspondence be fictional, and entails a certain amount of skill on the part of AMIRE-1 in fabricating apparently (urgent correspondence). We have found that the use of a (false postal identity) frequently provides the agent with considerable psychological reassurance during the course of the operation.

3. The cover/

---------------------	---	--------------------------------------	--------------------------------------

8. The cover correspondence must in no way appear to be different from the bulk of mail ordinarily found in the channel being used. It should contain no information which could be viewed as suspicious in any way. The external aspects of the correspondence must be innocent in all aspects if the SW is to be expected to provide any level of security.

9. We have found that the reliability of any SW system depends nearly entirely on the care with which it is used. Please stress the need for careful writing techniques in your agent training sessions.

10. The following supplies and instructions are transmitted in support of the AMRE operation:

- a. Standard Form (#1059-CWT) which describes in detail how to write (with a carbon sheet).
 - b. One carbon sheet (#2010), labeled (DEMONSTRATION CARBON) is to be used to demonstrate the principles of (carbon) writing. The development process for this system can be carried out in the agent's presence.
 - c. One bottle (100 ml.) of developer (#20509) which will develop the demonstration (carbon) writing.
 - d. Instruction (Form #H-16029) describing the development of the (DEMONSTRATION CARBON).
 - e. (Three carbon sheets (#39337)). The one labeled (PRACTICE CARBON) is to be used in training and is to be retained by the Station. (Two) are to be issued to the agent. The agent should not be allowed to witness the development of this system, nor should he be shown the message after development.
 - f. Instruction (Form #H-36037) specific instructions for the development of carbon system (#39337).
 - g. Twenty pills (#30607) to be used to develop practice and real messages written with carbon (#39337).
 - h. Two practice messages written with AMRE's ingoing SW system which he should use to practice his development technique.
 - i. (Twenty-five pills (#58838)) which AMRE will use to develop the SW messages he receives. Two or three (of these pills) should be used in training. (Twenty of the remaining pills) should be issued to the agent.
 - j. Instruction (Form #H-26058) instructions for the use of (developer #56838).
 - k. One copy of the "Station Maintenance of SW Supplies form."
 - l. Miscellaneous items such as (cotton, swab sticks, and blotters; items generally useful for SW processing).
11. You will note that two different kinds of (carbon sheets) have been submitted with the supplies. One is labeled (DEMONSTRATION CARBON). This should be used in the practice session only. It should be used to demonstrate (carbon) writing techniques to the agent. This system can be developed in the agent's presence. The other (carbons submitted (#39337)) constitute the agent's operational sending system. (One sheet of carbon (#39337)) has been labeled (PRACTICE CARBON). After the agent has mastered the use of the (DEMONSTRATION CARBON) he should be given an opportunity to write with the (PRACTICE CARBON). It is very important that the Case Officer have the chance to critique the agent's SW writing technique with the actual system which the agent will use. However, the agent

should not/

99
 should not be allowed to witness the development of his operational system nor be shown the message after development. The development of carbon 99 /39337 should be carried out at the Station. If the Case Officer finds that the training messages written with the operational (PRACTICE CARBON) 99 that the agent's technique is poor, he should use (photographs) of the developed messages to point out to the agent those areas where improvement is needed, or he should just discuss it verbally.

12. The Station should retain the (DEMONSTRATION CARBON) 99 the (PRACTICE 99 CARBON) and the rest of the supplies. Please bear in mind that all developed messages and working materials should be treated as classified.

13. Please do not hesitate to request additional help from me if needed.
