MEMORANDUM FOR: Chief, Contract Personnel Division

SUBJECT : Raymond H. GERENDE, Contract Amendment

1. It is requested that the contract, as amended for Raymond H. GERENDE, Contract Agent, be further amended as follows.

a. Increase compensation to \$6500. per year effective 1 July 1965.

b. Extend period of contract for one year from date of expiration.

2. The recommendation of the Mexico City Station, concurred with by WHD, was based on his demonstrated technical ability and professional competence.

William V. Brce
Chief
Western Hemisphere Division

Mr. Raymond H. Gerende

Dear Mr. Gerende:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 October 1955, as amended.

Effective 1 July 1965 said contract, as amended, is further amended by deleting the figure \$6000 from the first sentence of paragraph one (1) entitled "Compensation" and substituting in lieu thereof the figure \$6500.

Effective 1 October 1965 said contract, as amended, is extended for a period of one (1) year.

All other terms and conditions of the contract, as amended, remain in full force and effect.

UNITED STATES GOVERNMENT

WED AGENT BOARD

Part I - Request for ActionRaymond H. GERENDEContract AgentName (Pseudonym)STATUS (Career Agent, Contract Agent,
Contract Employee)Raise in salary - \$500 per annum

PROPOSED ACTION (Include Branch and/or field recommendations;
specific operational tasks performed by individual; views re long and/or short range utility of individual for Branch area and overall Division needs)

The contract for Raymond H. GERENDE expires on 30 September 1965. The Mexico City Station has recommended that the contract be extended for one year, and that GERENDE be granted a salary increase from \$6,000 to \$6,500 per annum.

GERENDE received his last salary raise on 1 August 1963, from \$5,500 to \$6,000. He was first placed under contract on 1 October 1955 at \$3,600.

There are sufficient funds in the LIEMPT Project to cover this salary increase, and GERENDE's local cover job can logically cover this additional income.

Part III

Chronological Narrative
Performance Report

NAME/PSEUDONYM:

(Summary of evaluation of past performance /if applicable/ with emphasis and details of current performance for assigned operational tasks)

DATES

LOCATION

AGENCY TASK

GERENDE was recruited in March 1955, just prior to his graduation from the Mexico City College. He was trained as a member of a surveillance team, and was also used as an investigator to collect operational data on persons and organizations of interest to the Station. He quickly demonstrated a capacity for leadership and at one time was leader of the team.

He was also used as a basehouse keeper in an audio operation and processor of tapes. He excelled in this type of work because of his bilingual Spanish/English facility, and, more importantly, due to his diversified experience in clandestine operations which permitted him to spot operational leads.

Since 1958 his primary use has been as main cutout/principal agent to a group of photographic basehouses targeted against the Soviet Embassy, and one mobile photographic truck. He processes the raw photographic take and services the majority of the accommodation addresses used by the Station. He has contributed significantly to the AMROD operation.

He performs all his tasks in a professional manner. He is well suited to intelligence work, and plans to make KUBARK his career. The Station depends heavily on him because of his knowledge of Mexico, and his mobility as a Mexican. He works full time for KUBARK; cover company requires very little time.

In case of "New Hire" give a personality assessment in terms of capability, attitude, and projected suitability; state names of Division personnel who have interviewed him; give account of his performance in current non-Agency job.

DISPATCH		CLASSIFICATION SECRET/RYBAT	PROCESSING ACTION
TO Chief, Western Hemisphere Division.	gk 1 sample - 1	XX	INDEXED FOR INDEXING
INFO			NO INDEXING REQUIRED
FROM Chief of Station, Mexico City			ONLY QUALIFIED DESK CAN JUDGE INDEXING
SUBJECT Raymond H. GERENDE			MICROFILM
ACTION REQUIRED - REFERENCES Reference: HMMW-12284 dated 24 January 1964			
<p>1. Station Mexico City fully agrees with Headquarters evaluation of Subject as a "valuable long term asset with stay behind potential." In order to place the matter of the 2,100 pesos in the appropriate frame of reference it is felt that a few background points should be noted.</p> <p>In January 1956 the LIMPTY/LILYRIC basehouse was set up and placed in operation in a site which provided visual coverage of the LIMERICK installation. A deposit of three months rent was made per terms of the rental contract at that time (2,100 pesos.) In April 1961 the building in which LIMPTY/LILYRIC is located was sold by the owner. Normally the rental deposit would have been transferred to the new owner as part of the sale transaction. However, approximately three months after the transfer of the property to the new owner, the rental deposit was returned to the basehouse operator, LIMPTY-15. The deposit was then returned to GERENDE. GERENDE did not inform the then LIMPTY case officer nor the present case officer of the return of the LIMPTY/LILYRIC deposit. This 2,100 pesos continued to be carried on the Station books as an outstanding operational advance charged to GERENDE. GERENDE used part of this 2,100 pesos to make loans to two sub-agents (LIMPTY-6 and LIMPTY-9.) It is probably that he also used some of this on occasion for his own purposes.</p> <p>On 16 October 1963 GERENDE returned the 2,100 pesos to the case officer and the Station has adjusted its books to reflect the return of this money. GERENDE noted at the time of the return that he had this money intact but did not know how to go about returning it so long after having received it. This is the same as he stated at the time of the LCFLUTTER interview. GERENDE was obviously impressed with his inability to "beat" the LCFLUTTER. He was sincerely remorseful when talking to the case officer</p>			
(Continued)

CROSS REFERENCE TO	DISPATCH SYMBOL AND NUMBER HMMW-22920	DATE 17 February 1964	
	CLASSIFICATION SECRET/RYBAT	GROUP 1 EXCLUDED FROM AUTOMATIC DOWNGRADING AND DECLASSIFICATION	HQS FILE NUMBER 201-119523

about the incident and has twice stated that nothing of this nature would happen again. With the reality of future LCFLUTTER tests set firmly in GERENDE's mind, it is believed that he will not attempt any such action again.

As to what can be done of a positive nature (other than periodic re-LCFLUTTER) to prevent recurrence it must be noted that GERENDE kept apart the 2,100 pesos which were really still charged to him and the Station had no way of knowing that the money had been returned to him by the basehousekeeper. Only when the close down of the LILY/ LILYRIC basehouse would be effected would the Station expect to have the rental deposit returned. Until such time the deposit would remain charged to GERENDE. The only way to completely safeguard against this type of action would be for the case officer to meet directly with the basehouse keepers, thereby eliminating GERENDE from the operation and causing unacceptable security risks. It is believed that periodic LCFLUTTER of GERENDE is the best insurance against a similar occurrence in the future.

As to GERENDE's regular operational revolving fund, irregularities have never been discovered in his handling of these funds. Cash counts are conducted by the case officer to control the unspent portion of the revolving fund by comparison with accountings (receipts) GERENDE takes every two weeks. GERENDE's revolving fund is kept at the minimum amount consistent with efficient conduct of the operation for which GERENDE is responsible.

The "other false claims" GERENDE admitted making involved occasional use of his QP vehicle for personal driving while entering all receipts for gas on his KUEARK accountings. Station does not consider this a major problem. If GERENDE used his QP car for only operational employment any hostile surveillance of him would be relatively easy (i.e., surveilling only when he is using his QP vehicle) and it is believed that latitude must be allowed in this area for indigenous agents.

2. In the area of GERENDE's morale and his statement that he "is not being utilized to his full potential" the Station is as fully concerned as Headquarters. It should be noted however, that GERENDE has never written the report setting forth what he thinks he can do and when prodded on this has stated that he had been thinking about what additional work he could assume and that he "just does not know". The reason he gives is he does not know what else is being done in the operations area other than that to which he is already exposed. Additional operational work is assigned to GERENDE when this can be done securely and taking into account compartmentation of operations. An example of this was his introduction to the AMROD operation. Station is reluctant to expose GERENDE to additional operations only for the purpose of "improving his morale" since he already has considerable knowledge of many Station past and going operations. The Station appreciates Headquarters comments on the results of GERENDE's LCFLUTTER and will make every effort to determine the best possible utilization of GERENDE in the future.

REF: IDMW-12065			
<p>1. Reference is made to the results of the LCFLUTTER interview of Raymond H. GERENDE which was held on 8 October 1963. Headquarters would like to have a progress report on what steps have been taken by the Case Officer with regard to the 2,100 pesos which he had kept but belonged to KUBARK. Headquarters is also interested in what has been done about other false claims he admitted making in his accountings, and what precautions are being taken to see that this does not continue in the future.</p> <p>2. The Station's comments are requested on GERENDE's statement that he is not being utilized to his full potential and that he often has free time. Headquarters would be interested in seeing a copy of the report which the LCFLUTTER examiner suggested he write, setting forth what he (GERENDE) thinks he can do and what he would like to do. Headquarters considers GERENDE a valuable long term asset with staybehind potential, and it is hoped that the Station will do what it can within the limits of security, to raise his morale and see that KUBARK is receiving full benefit of his services.</p>

Dear Mr. Gerardo:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 October 1955, as amended.

Effective 1 August 1955, said contract, as amended, is further amended by deleting the figure \$5500 from the first sentence of paragraph one (a), entitled "Compensation", and substituting in lieu thereof the figure \$4000.

All other terms and conditions of the contract, as amended, remain in full force and effect.

You will please indicate your approval by signing in the space provided below.

Dear Mr. Gerende:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 October 1955, as amended.

Effective 1 January 1962, said contract, as amended, is further amended by deleting the figure \$5540 from the first sentence of paragraph one (1), entitled "Compensation," and substituting in lieu thereof the figure \$5500.

All other terms and conditions of the contract, as amended, remain in full force and effect.

You will please indicate your approval by signing in the space provided below.

Mr. Raymond H. Gerende

Dear Mr. Gerende:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 October 1955, as amended.

Effective 1 July 1959, the amendment effective 1 July 1959 to said contract is revised to read as follows:

- (a) The figure \$4080 is deleted from the first sentence of paragraph one (1) entitled "Compensation" and in lieu thereof the figure \$4560 is substituted.
- (b) The following paragraph is added after paragraph ten (10), entitled "Term":

"11. Terminal Payment. In the event your contractual relationship with the Government hereunder is severed for one of the reasons set forth below, you, or your estate, will be entitled to a terminal payment of one (1) month's compensation for each full year of your utilization by the Government after 18 March 1955. Said amount shall be calculated at the contractual rate of compensation applicable at the time said payment becomes due."

- (a) Said contract is terminated by the Government under subparagraph (a) of paragraph ten (10) above, or
- (b) Said contract expires and is not renewed by the Government, or
- (c) Your resignation hereunder is accepted by the Government as being in its best interests (the Government's determination as to what constitutes its best interests shall be final and conclusive), or
- (d) In the event of your death during the period said contract is in effect.

All other terms and conditions of the contract, as amended, remain in full force and effect.

You will please indicate your approval by signing in the space provided below.

ATTN:	KURIOT/Operational UV Lamp for Raymond H. GERENDE		ABSTRACT	
			MICROFILM	

ACTION REQUIRED - REFERENCES

REF: HMA-16102, 9 December 1960

1. As requested by reference, KURIOT is herewith forwarding the following:
(Confirming documentation charging you for this item will be issued in the near future.)
1 each Mineralight Model SL-3600
Long Wave Ultraviolet Lamp

2. For ordinary F&S work, the difference between long and short wave lamps is very minor and the long wave UV lamp should prove adequate for the needs of Raymond H. GERENDE. Should a special need arise demanding the use of a short wave UV lamp by GERENDE, it will be supplied by KURIOT.

3. Disclosure of the existence, advantages, or uses of short wave UV lamps, or in any way making available such lamps to other than KURIOT personnel requires prior Headquarters approval. A copy of Instruction No. 20-2 containing the basic KURIOT policy governing the use of short wave UV lamps is herewith enclosed for your guidance.

4. Short wave UV lamps embody a definite health hazard and should be used with caution. Short wave UV rays quickly cause sunburn, to which the eyes are particularly susceptible, and should not be used without wearing protective goggles. Ordinary eye glasses cut out most of the harmful rays, but even persons wearing glasses may receive harmful eye burns from UV rays entering at the sides of the glasses. Short wave UV lamps also produce small quantities of ozone so that the lamp should be used in a well ventilated room, which, of course, must also be darkened. For the above reasons, it is advisable to use only a long wave UV lamp whenever possible.

RE 433 - (CHECK IF OPEN)

MARKED FOR INDEXING

X NO INDEXING REQUIRED

ACTION REQUIRED
- None, for Headquarters information only

INDEXING CAN BE JUDGED BY QUALIFIED HQ DESK ONLY

REFERENCE(S)

HMMA-15979, KAPOK-1842 dated 18 November 1960

1. In compliance with the KUBARK regulation, CSI-F No. 230-60, Annex A, concerning contact arrangements under emergency conditions, the following information, including recognition signals and bona fides, is forwarded for Headquarters records. Due to the sensitivity of the information, it was believed more appropriate to forward it separately rather than to include it with reference (Request for Renewal of Project LIEMPTY).

2. Insofar as can be determined at the present time, GERENDE could probably be contacted at one of the following places:

- a. Present Residence: IDENTITY A
- b. Mother's Residence: IDENTITY B
- c. Cover Employment Address: IDENTITY C

3. The following oral recognition signals, using the English language, are to be used as indicated:

CONTACT: "Mr. (GERENDE-true name), I bring the most sincere wishes and greetings from your Aunt and Uncle."

GERENDE: "Then you are referring to the IDENTITY D."

CONTACT: "No, I am referring to your other relatives in South Carolina, the IDENTITY E."

GERENDE: "Yes, Auntie is my Mother's sister."

4. For use as physical bona fides, the Station is forwarding a one peso note with the serial number T348510 for Headquarters files. GERENDE has been given a one peso note with the next higher serial number, T348511, to keep in a safe place pending his having to show it to some future KUBARK contact. It has been explained to GERENDE that he is to show his half of the physical bona fides only after the recognition signals have been completely and accurately recited and his new contact has requested to see his physical bona fides. GERENDE has also been instructed to assure himself of his contact's bona fides by asking to see the contact's one peso note (T348510).

5. Assuming that adequate time will be available at the beginning of an emergency condition, it may well be possible to instruct GERENDE in Secret Writing so that correspondence could be conducted using IDENTITY D or E addresses.

1. In compliance with a Station Request, LIEMPTI principle agent Raymond H. GRENDE, is being given training in basic flaps and seals techniques. It is felt advisable to have a second person outside the Station who can service this type of requirement in case MULFORD is prevented from doing so by the security situation arising from the ALPHAB case.

2. As an aid to this training, a copy of the portion of the MICHAELITY Operations Manual (Section I.B.1.) dealing with basic flaps and seals work has been made and turned over to GRENDE. A second copy is being forwarded herewith to Headquarters. This material was prepared on the basis of the content of the KURIOT training course of mid-1957. If KURIOT training is in possession of newer and improved techniques in this field and will make them available to MULFORD for use here, it would be greatly appreciated.

<p>REFERENCE(S)</p> <ul style="list-style-type: none"> a. FMPT-1056, 9 October 1959 b. HPMA-13571, 21 August 1959 c. HPMA-7959, 12 August 1959 d. HPMA-13063, 5 June 1959 <p>1. Reference (c) forwarded a contract amendment which provided increased compensation and a termination settlement for Raymond H. GERENDE. This dispatch also requested that the Station comment on the provisions of the Terminal Payment clause as written into this amendment.</p> <p>2. Since the provisions of the original contract amendment were written in general terms and did not specifically cover the circumstances under which GERENDE would be eligible for a terminal settlement as interpreted by the Station and outlined in reference (b), a revised contract amendment was written. The attached contract amendment also shows corrected compensation figures. The original contract amendment was incorrect due to the absence of the amendment, effective 1 September 1957, which increased GERENDE's compensation from \$3,600 to \$4,080.</p> <p>3. Since GERENDE's original contract was prepared at Headquarters and forwarded to you for execution and retention, this amendment should follow the same procedure. Therefore, the original and one copy are attached for your action and retention. Return one signed copy.</p> <p>4. Reference (a) requested Headquarters to comment on a two-year extension for GERENDE's contract, indicating that the extension should be from 1 July 1959, the date of the last amendment, to 1 July 1961. There seems to be some confusion on contract extension procedures which Headquarters would like to clarify at this point. Contract extensions are based on the date of the original contract not the amendments. Accordingly, GERENDE's contract, originally effective 1 October 1955 and extended to 30 September 1959, was further extended for a period of two years from 1 October 1959 to 30 September 1961.</p> <p style="text-align: right;">OLIVER G. Mr. Raymond H. Gerende

Dear Mr. Gerende:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 October 1955, as amended.

Effective 1 July 1959, the amendment effective 1 July 1959 to said contract is revised to read as follows:

- (a) The figure \$4080 is deleted from the first sentence of paragraph one (1) entitled "Compensation" and in lieu thereof the figure \$4560 is substituted.
- (b) The following paragraph is added after paragraph ten (10), entitled "Term":

"11. Terminal Payment. In the event your contractual relationship with the Government hereunder is severed for one of the reasons set forth below, you, or your estate, will be entitled to a terminal payment of one (1) month's compensation for each full year of your utilization by the Government after 18 March 1955. Said amount shall be calculated at the contractual rate of compensation applicable at the time said payment becomes due."

- (a) Said contract is terminated by the Government under subparagraph (a) of paragraph ten (10) above, or
- (b) Said contract expires and is not renewed by the Government, or
- (c) Your resignation hereunder is accepted by the Government as being in its best interests (the Government's determination as to what constitutes its best interests shall be final and conclusive), or
- (d) In the event of your death during the period said contract is in effect.

All other terms and conditions of the contract, as amended, remain in full force and effect.

You will please indicate your approval by signing in the space provided below.

ACTION REQUIRED None, for Headquarters information only.			
REFERENCE(S) A. HMMA-13063, 5 June 1959. B. HMMW-7959, 12 August 1959. 1. Forwarded herewith as Attachment No. One is GERENDE's signed contract amendment. GERENDE is most appreciative for the raise in salary and is delighted with the new Terminal Payment clause. 2. The Station interprets the Terminal Payment clause to mean any termination by the Government or acceptance of GERENDE's resignation in the "best interests of the Government." Examples in connection with the "best interests of the Government" interpretation would involve GERENDE's resignation for health reasons or other logical personal reasons such as a change of residence to some geographical area where his services could not be utilized by KUBARK. Assuming that no security problems are involved in making such a payment, the Station also interprets the clause to be applicable for payment to GERENDE's estate in the event of his death while in the employ of KUBARK. 3. The Station understands clearly why the clause was not written as originally requested and concurs in Headquarters reasoning. Certainly, the Station would not want to give GERENDE a terminal payment, and he has been so informed, if he elects to resign just to receive some extra money or to pursue some other career. The Station hastens to add, however, that to the best of its knowledge, GERENDE has no intention of resigning from his present KUBARK job. 4. As requested in Reference B, enclosed as Attachment No. Two are the original and one copy of the contract amendment dated 1 September 1957. Headquarters will note that the amendment was accepted by GERENDE and approved by the Chief of Station, but was not formally witnessed. It is suggested that Matthew S. DINGLEY (ps), who is presently in Headquarters, be requested to witness the document. DINGLEY was the Case Officer handling GERENDE at the time this amendment became effective. <div style="text-align: right;"> Willard C. RECORD COPY

MEMORANDUM FOR THE RECORD:

SUBJECT * Contract for GERENDE

In reviewing the last contract amendment, it came to note that CPD was deleting the original compensation figure of \$3600 instead of the figure sent by the Station which was \$4080. In checking this out, we find that we have no copy or notification of the amendment dated 1 September 1957 increasing his salary from \$3600 to \$4080. CPD is rewriting the contract without using a compensation figure for the amount to be deleted.

When we send this to the field, ask them to send us a copy of the contract amendment, dated 1 September 1957. Also inform them that they are to execute and retain the original copy of this new contract amendment. It may be well to point out that Subject's termination clause stipulates that he will receive this benefit only if we terminate the contract.

SUBJECT : Contract Amendment for Raymond T. GERENDE (ps)

1. It is requested that Raymond T. GERENDE's contract, effective 1 October 1955 (as amended), be further amended to provide him with compensation at the annual rate of \$4,500, effective 1 July 1959. It is also requested that a termination clause, effective 18 March 1955, be written into his contract stipulating that GERENDE will receive a termination payment of one month's salary, calculated at the prevailing rate of compensation at the time of his termination, for each full year of his employment with the U.S. Government. GERENDE was employed by the Mexico City Station on 18 March 1955 under provisions of an oral agreement. All other provisions of his contract should remain in force.

2. GERENDE is covered by the LIBERTY Project which was amended to include the above commitments to GERENDE and approved by Chief, PI on 10 July 1959

SUBJECT New Contract for Raymond H. GERENDE (p)		RE "433" - (CHECK IF ONE)			
		MARKED FOR INDEXING			
		X NO INDEXING REQUIRED			
ACTION REQUIRED Headquarters preparation of a new contract.		INDEXING CAN BE JUDGED BY QUALIFIED HQ DESK ONLY			
REFERENCES					
HMMW-5626, 3 December 1957					
<p>1. Raymond H. GERENDE was initially employed by the Station on 18 March 1955 under provisions of an oral agreement. Effective 1 October 1955 GERENDE was placed under a written contract, prepared by Headquarters, with an annual salary of \$3,600.00. On 1 September 1957 his contract was amended to increase his salary to \$4,080.00 per annum, which is the salary he is presently receiving. It is requested that a new two year contract be prepared, to be effective 1 July 1959, providing an increase in salary to \$4,560.00 per annum and including a termination clause which will give GERENDE a termination payment of one month's salary, calculated at the prevailing rate of compensation at the time of termination, for each full year of his KUBARK employment. All other provisions of GERENDE's initial contract should remain in force. (The increase in salary to \$4,560.00 per annum is already covered by the LIEMPTY Project.)</p> <p>2. As pointed out in the attachment to HMMA-11368, 22 October 1958, paragraph three of MEXI-2836, 25 November 1958, and in the LIEMPTY Field Project Outline, GERENDE is a highly valued full-time Station asset who carries a significant work load and who has a great deal of responsibility. He is the LIEMPTY Principal Agent who handles the LIMITED, LILYRIC and LICALLA base houses, the LIENTRAP operation, the outside photographic processing and translation service and all the agents participating in these activities. He performs his duties in a conscientious and professional manner and his already excellent abilities are showing continued improvement.</p> <p>3. Paragraph eight of HMMA-12095, 4 February 1959, indicated that the Station was considering amending GERENDE's contract to provide for some type of retirement benefits. Although it is recognized that indigenous agents are not usually granted such contract provisions, the Station believes that GERENDE should have monetary incentive, in addition to his ideology, to make a long career with KUBARK. Accordingly, the Station recommends that GERENDE's new contract provide for a termination settlement of one month's salary for each full year that he has worked for KUBARK. In other words, should GERENDE's career with KUBARK last for 24 years and his yearly salary at the end of this period is \$3,000.00, then he, or his heirs, would receive a lump sum payment of \$16,000.00. After considering different types of insurance plans, an escrow account and several other ideas, the Station considers the above proposal to come closest to meeting the criteria of control, production incentive and creation of the desire to make KUBARK a career. The date, 18 March 1955, should be used as the beginning date for the computation of GERENDE's termination benefits.</p>

MEMORANDUM FOR: Chief, FI

HEADQUARTERS CASE OFFICER:

SUBJECT : Project LIEMPTI Amendment

Name: J. B. Brady
 Room: 2111 Barton Hall
 Ext.: 2555
 Date: 23 June 1959

1. It is requested that approval be granted to amend Raymond H. GERENDE's contract to provide him with a termination settlement of one month's salary for each full year that he works for KUBARK and to raise his salary effective July 1959 from \$4,080 to \$4,560.00 per year. His last salary increase was granted on 1 September 1957. The date, 18 March 1955, has been suggested by the Station as the beginning date for the computation of GERENDE's termination benefits. The Station believes that this benefit will provide GERENDE with the necessary incentive to make KUBARK a career and at the same time will give the Station an additional element of control.

2. As pointed out in the LIEMPTI Project Approval, GERENDE, an indigenous agent, is one of the Station's most valuable assets. He has a responsible full time job as the LIEMPTI Principal Agent who handles the LIMITED, LITMIRIC and LICALLA base houses, the LIENTRAP operation, the outside photographic processing and translation service and all the agents participating in these activities. He performs his duties in a conscientious and professional manner and his already excellent abilities are showing continued improvement.

3. Money was already allocated in the LIEMPTI Project approval for the salary increase. With the effective date of 18 March 1955, for the termination clause, GERENDE will already have accrued \$1,520 (his salary is \$4,560 per year) if he should resign today. The LIEMPTI Project, as approved, has sufficient funds to cover this cost if it is necessary to obligate this amount during the present Project year. Therefore, no additional funds are requested.

LIFTITY Progress Report - July thru Dec 1958

H 03 - CHECK 1 ON

MAILED FOR INDEXING

NO INDEXING REQUIRED

Spec. for Headquarters information and files only.

INDEXING CAN BE DONE BY QUALIFIED DESK ONLY

SYNOPSIS OF DEVELOPMENTS

1. During the period covered by this report, a new Case Officer, Quinceo N. GUSLER, assumed operational direction of several LIFTICK assets (Oliver G. SCANTLING, Raymond H. GERENDE, LIMITED, LICALLA, LIENTRAP and several support agents), the LIJERSEY surveillance team and the LMYRIC Base. The Station has continued to run SCANTLING, primarily, to follow up LIMESA leads obtained from LIFLA and the photographic bases; however, no positive results have been realized from his prodigious efforts except the collection of a considerable amount of operational information. GERENDE performed his principal assignment for the photographic bases. LIENTRAP, LIJERSEY and until 9 December 1958 handled the LIFEAT/ECMORFING and LIFEAT/Colon radio operations. The LIJERSEY surveillance team has been used sparingly for prison interrogations and routine case surveillance as however, a principal agent, Albert E. CLACKETT, is currently being trained to head operations to assume the full-time direction, control, checking and development of the LIJERSEY team. The progress, LIFTITY, covering all the assets discussed in this report was submitted to Headquarters on 3 October 1958 with requested project year approval period from 1 December 1958 through 30 November 1959. An operational security review of Raymond H. GERENDE's activities was forwarded to Headquarters as an attachment to LIMA-11363, 22 October 1958.

ACCOUNT OF DEVELOPMENTS - OLIVER G. SCANTLING SEGMENT

2. Agent Information - Oliver G. SCANTLING has continued to perform his assigned tasks in an outstanding manner. SCANTLING's talent, common sense, education, ideology and native ability for the pursuit of clandestine activities make him one of the most valuable support assets available to the Mexico City Station. The fact that SCANTLING has full time overt occupation as Chief Engineer and Production Manager for a local manufacturing company adds to his long-range potential as a KUBARK agent. On two occasions during the past six months SCANTLING has indicated to his Case Officer that he would like to resign from his overt position and devote full time to his KUBARK operational duties; however, his Case Officer has discouraged him from doing this on the basis that he has more long-range potential when his cover occupation is legitimate. Of course, SCANTLING would be more realistic if he could work full time for the Station, but not sufficiently so to warrant his resignation from his overt job (a monthly salary in his overt job is in excess of \$300.00 U. S.). The only legitimate indication that SCANTLING has evidenced to his present Case Officer is his occasional delay in preparing written reports of investigation and other routine reporting reports for the file. However, this indication gradually is being overcome and it is expected that SCANTLING's reports will continue to be factual, comprehensive and soon will be promptly submitted.

3. Security Developments - SCANTLING is consistently under a considerable amount of exposure and pressure when following up LIMESA leads obtained from LIFLA and the photographic bases. Since time is always of the essence when dealing with perishable leads, SCANTLING frequently is directed to make approaches to individuals performing services for the LIFTICK target after routine, and sometimes only cursory, investigation. Therefore, the possibility always exists of his involvement in an undesirable security incident. This necessarily

INDEXING CAN BE DONE BY QUALIFIED PERSON

of a calculated risk which both SCANTLING and the States were taking if cooperation of the primary target is achieved, whether tactically or by a recruitment in place. SCANTLING's credit that he has not yet become involved in an incident where he has compromised him and/or alerted the target of KRAMER's many surveillance efforts against them. The closest SCANTLING has come to being compromised is to being identified as a LIAISON agent stems directly from the LIAISON agent's report of June 1956. The call was made by the surveillance team was made by SCANTLING in his true name at the time that he was leader of the team. SCANTLING's involvement, however, has been answered with a promise to SCANTLING of investigation by a local police service. SCANTLING and the team have been alert and will continue to watch closely for any sign of local police and other agencies in their line of activities.

2. Operational Success and Information - Briefly discussed below are some of the many operational activities in which SCANTLING participated during the period covered by this report:

A. John CASTRO (ZNI-) - SCANTLING continued seeing CASTRO through November 1956 following the last time he knew of meeting the original LIAISON agent through CASTRO. As late as September 1956 SCANTLING was advised, or reported as such, that CASTRO would complete his work in the LIAISON office and that it might be possible to recruit LIAISONING. This CASTRO, through SCANTLING, was the principal source of this information. Reports were also confirmed by LIAISON. For July, August and September 1956, SCANTLING had approximately eight meetings with CASTRO. In late September 1956 LIAISON informed that the LIAISON target was a very important member of the organization of one of their regular local employees, Antonio VENTURA (ZNI-2345). In one place each of the work CASTRO was supposed to find and one other error was made during the period the target was in the employ of the target. Thus LIAISON and LIAISON confirmed that the LIAISON target had been involved in CASTRO - he was a very active visiting the target in addition to not only the target people themselves to get in touch with him. In view of this, SCANTLING was instructed to cease all contact with CASTRO as of 1 November 1956.

B. John ROSS (ZNI-) - During the period covered by this report SCANTLING had two interviews with JOHN ROSS. SCANTLING's most recent report was forwarded to the target as an attachment to KRAMER-11143, 1 November 1956. Unfortunately the target has been told that ROSS is the only active who services LIAISON and has been. SCANTLING will continue his development of JOHN ROSS (please see KRAMER-11711, 19 December 1956).

C. Antonio VENTURA (ZNI-) - SCANTLING's activities in connection with the LIAISON agent were also mentioned in KRAMER-11197, 20 October 1956, and past was correspondence.

D. INGRAMA GABELICH - This is the first time that the great work was for the LIAISON in addition. SCANTLING made two visits to this man's work shop and succeeded in obtaining enough information to make an

RE 437 - CHECK 10-41
 WAITED FOR MAILING
 NO FOLDER REQUIRED
 FOLDER CAN BE ADDED
 BY QUALIFIED NO DATA ONLY

accurate drawing of the type door installed at LIME ROCK. This drawing was forwarded to Headquarters via RMMA-11926, 21 January 1959.

E. Casting Report on West German Embassy - During June, July and August 1958, SCANTLING prepared a detailed casting report on the new West German Embassy. SCANTLING's engineering ability enables him to prepare accurate drawings and sketches from a minimum of data. Also, his personality and professional manner permit him to visit the inside of such establishments, with an eye for a cover story, and obtain minute details which later he converts to paper and images with a comprehensive floor plan and important construction data.

F. LIME ROCK Construction - SCANTLING's long association with the target from the casting standpoint provides the Station with an unparalleled source of information about LIME ROCK construction activity, modifications and progress for cover. All of the LIME ROCK casting reports are filed in Headquarters and are the product of SCANTLING's unique ability and knowledge. Continued kept with Service Officers about LIME ROCK construction have been of benefit to the Station during this reporting period and they will continue to be of worthwhile importance.

G. Routine Investigations and Surveillance - Although the Station has several assets capable of performing investigations and surveillance, SCANTLING is still used in situations requiring the utmost discretion and confidentiality. His application in this connection are not restricted to the target; suffice it to state that he has contributed materially to the Station's collection of operational information through his investigative efforts. SCANTLING's interview of Paul F. Schmitt (RMMA-4546) of LCMAY-HOWL, resulted in an example of SCANTLING's use as an investigator (see RMMA-11749, 17 December 1958).

H. ESCORT-15 - SCANTLING served as the courier with ESCORT-15 during the latter's December 1958 trip to Mexico City. In this connection SCANTLING is a support asset which is trustworthy and dependable. SCANTLING never displays undue curiosity in operations such as the ESCORT-15 case; he accepts the minimum amount of information given and performs his duties in a professional and discreet manner.

I. LINDSEY/1 - SCANTLING has been the administrative man who connected with L/3. David M. KILGUS provides operational direction to L/3. During this reporting period, the Station had hopes of SCANTLING taking over the operational supervision of L/3's activities. However, after a four-month trial period with both SCANTLING and KILGUS meeting with L/3, it was decided that it would be desirable for KILGUS to continue handling L/3. L/3's personal personality and intellect indicated that he could best be directed by a SPOTLIGHT officer. Therefore, SCANTLING no longer handles KILGUS's and L/3's operational matters, although he does continue to handle L/3's administrative problems.

J. Raymond H. GERSHBERG's Duties - During GERSHBERG's absence from

Mexico City in December 1958 and January 1959. It was considered appropriate for SCANTLEBEG to handle LIMITED, LICALLA and LIENTRAP. Although this procedure follows some compartmentalization principles, it was the only manner in which the Station could maintain all intimacy with the case operations it was doing. SCANTLEBEG has known the agents involved with LIMITED, LICALLA and LIENTRAP for several years. In fact, he was at one time the agent in charge of these three operations.

5. Operational Methods Used by the Station - The VIDALES operation is so planned that it is always dependent on the Station for the necessary for the large and sophisticated with the agent making an approach to a target. This can be well be described as a non-operational method, but it does serve to the agent in the execution of efforts that should be followed. The information for LIMITED IV operation wherein SCANTLEBEG must work at the head of the target's holding is, of course, SCANTLEBEG and the Station has the opportunity to prepare a strategy for SCANTLEBEG's rear attack etc. The Station's communication program as by LIMITED IV and the way being created by SCANTLEBEG and the Station should increase its working strength on SCANTLEBEG's cold approaches. (See ISMAA-1136, 12 October 1958, and ISMAFV-7000, 21 November 1958, for additional details on this subject).

6. Personal Status - Some other considerations can be made about any Station's support personnel - where technical and photographic equipment are good and the ability of the Station is divided to assist or considerably by means of, maintenance and timely coming reports, SCANTLEBEG, as previously mentioned, is an excellent asset for this type of support.

7. Adaptation - SCANTLEBEG's current contract expires on 12 February 1959. As of that date SCANTLEBEG will have received an annual salary of \$3,600.00 U. S. for two years. The Station plans to raise his annual compensation to \$4,000.00 U. S. for other significant administrative problems exist.

8. Outlook for Future Development - Station plans will for the continued use of SCANTLEBEG in the same manner as he is presently being used. The Station will keep SCANTLEBEG as an independent asset and, if he is kept, retain the Commission to allow him a practical agent in charge of numerous sub-agents. It is believed that SCANTLEBEG is the type of support agent that can be used for the Station for many years to come and that every effort should be made to protect his security and value to KLASA BX.

ACCOUNT OF DEVELOPMENTS - RAYMOND H. GERENDE SEGMENT

9. Agent Information - Aside from the agent information given in ISMAA-1136, 12 October 1958, the only significant development was GERENDE's December 1958 marriage to a U. S. married girl of Dutch citizenship. The \$400.00 U. S. for the purchase of two plane tickets as a wedding gift to GERENDE was assigned to the person GERENDE with the fact that KLASA BX thinks highly of him as an individual and that KLASA BX has a great interest in his intelligence career. GERENDE is at the age and stage in life where he is beginning to wonder just what the future holds for him. In the near future, the Station will propose a salary raise for GERENDE.

SECRET/KAPOK

X CONTINUED

4

and request a new contract that provides for some type of retirement benefits - perhaps similar to the Civil Service Retirement program for KLMARK employees.

9. Security Developments - Again, the information on this subject was covered and passed to SECURITY. GERRARD was relieved of his LIBERTY/SECURITY and LIBERTY/CHINA duties on 10 December 1962. This, of course, was in line with recommendations contained in KAFKA-1143 and represents a critical security development. GERRARD's work on the LIBERTY/SECURITY was long and hard and because it had no real promise of enough significant information and was LIBERTY/CHINA duties was being transferred because of the change of the target area from Mexico City. This was true where the Orbes are concerned. (Additional security improvements will be made with SHIRAZ, CLACKETT remains in Mexico and retains GERRARD of responsibility for the LIBERTY surveillance team.)

10. Operational Success and Efficiencies - Briefly stated below are the major operational activities which GERRARD managed during the period covered by this report:

A. LIMITED - This base functioned smoothly, securely and efficiently during the period July through December 1962. The base operator, LIBERTY/6, demonstrated his usual competence and devotion to duty. In addition to the primary objective of taking photographs of individuals of interest, L/6 also prepared detailed daily logs on the arrivals and departures of all suspect personnel. Weekly reports of work are submitted to the LIBERTY/CHINA base. L/6 prepared three one-week surveillance plans of Mexicans working at LIBERTY/6 in an effort to identify them by name and home address, and provided SCANTLING with information on LIBERTY/6 construction. During this six-month period, LIBERTY/6 took approximately 100 photographs from the LIMITED base.

B. LELYAC - This base is operated by LIBERTY/13 and 14, with LIBERTY/12 serving as a liaison between the base and GERRARD. LIBERTY/14 does most of the photography and reporting for the base since LIBERTY/13 has a regular job and is not on the premises during regular daytime working hours. L/14 works approximately six hours (0600-1200) each day to photograph and disseminate logs on each target personality to GERRARD. These reports are filed in the appropriate books in the file and are available to the base officer in analyzing a target personality's pattern of daily activity. LELYAC also prepared a weekly report on work area activity at the Club and reports the license plate numbers of all vehicles discharging or picking up individuals at LIBERTY/6. (Note: These license plate numbers are then checked out through LIBERTY/1000/2 for the case in Mexico and all cases - in case of an incident or an operational interest.) During GERRARD's recent absence from Mexico City, GERRARD met directly with LIBERTY/12. During this period approximately 2,000 photographs were taken from the LELYAC base.

C. LICALLA - While LELYAC and LIMITED are combat bases for photographing individuals entering and leaving the LIBERTY/6 base in Mexico, the LICALLA base is the base's main source of photographs of LIBERTY/6

copying in 1. LICALLA is so situated that photographs can be made of copies per second in the garden area of LIME ROCK. LIE/CTY/9 is the base operator for LICALLA and in the Station's opinion performs his job in an excellent manner. As reported in HALLA-11104, LIE/CTY/9 is the brother of former LIE/CTY/27 (the later LIE/TICK surveillance team member arrested in June 1958). No recommendations, or indications of any wrongdoing even, have resulted in this family relationship. This, certainly, is the major security problem faced by L/9 during this reporting period. L/9 and his family even will have to remain the LICALLA base for the period of time required as mentioned. The Station is sure that L/9 and his family are not a security liability over the LICALLA base and the time adjusting means and every effort is being made to prevent this action from L/9. (See HALLA-1232, 28 January 1959, for a more detailed explanation.) Of course, during the remodeling of LICALLA there will not be any LICALLA reporting or photographs. In addition to taking approximately 2,500 photographs during this remodeling period, the LICALLA base also prepared weekly reports on LIME ROCK garden activities. These reports include which LIME ROCK employees are seen together each day, which vehicles different employees are accustomed to using, identification activity and other small details which appear of significance to L/9.

D. LIENTRAP - LIENTRAP continues to be a worthwhile Station asset. Approximately 1,400 clandestine photographs have been made of numerous targets during this reporting period and LIENTRAP type activities will undoubtedly remain one of the Station's best investigative assets. As explained in the Field Troop Oct 1958, forwarded to Headquarters on 8 October 1958, the Station is of the opinion that the LIENTRAP vehicle should be replaced as soon as possible. Nearly four months have elapsed without receiving Headquarters authority to replace the vehicle. The security situation in even more areas now than at the time of the request. LIE/CTYs 10 and 11 do an excellent job as LIENTRAP operators.

E. LIE/SHY - This operation can be done extended as a member of Command for the July - December 1958 period. Because of GERRARD's other important activities, he did not have the time to train and work with the surveillance team. Also, the Station considered that it would be stretching security just a bit too far to have GERRARD engaged in surveillance at the same time that he was handling the photograph base business and performing monitoring duties for LIE/CTY/10, LIE/CTY/11 and LIE/CTY/12. The expected arrival of Stuart D. CLACKETT in April and his relieving GERRARD as LIE/SHY will enable the Station to relax, within a year, as of the time with the surveillance team. At present, LIE/CTYs 15, 16 and 17 compose the LIE/SHY team.

F. LIE/EAT - Until 10 December 1958 GERRARD served as member in the base team consisting LIE/EAT/20 MORNING and LIE/EAT/Cable. In addition to living in the base home, GERRARD also trained that the majority of the LIE/SHY and Cable base tapes. He performed these jobs satisfactorily even though his efficiency was handicapped by numerous other duties. Relieving GERRARD of his LIE/EAT duties enables him to devote more time to his other operations with a corresponding increase in the activity of all his activities.

MARKED FOR INDEXING

NO INDEXING REQUIRED

INDEXING CAN BE DONE

BY CLASSIFIED DESK

C. LIEMPTIC/4 and 5 - LIEMPTIC/4 does a truly professional job of developing and printing the line house photographs. His significant developments consisted in relation to L/4 except that OMLER met directly with him during the December 1953 period that GRENDE was away from Mexico City. LIEMPTIC/5, L/4's wife, continued doing similar functions in a very competent manner.

11. Advised situation - Other than the fact that LIEMPTIC and the above-mentioned portions of the LIPTICK projects were considered into this new project, LIEMPTIC, there is nothing of significance to report to the Quarter.

12. Continued for Future Developments - Although not meaning to be repetitive in repeating up to these recommendations made above, a summary of the situation on the future of the LIEMPTIC GRENDE Segment is believed to be appropriate. As the arrival of CLACKETT in April, GRENDE will be free to devote full time to photographic line house operations. GRENDE can do a lot to professionalize these operations by preparing written communications procedures, by thoroughly reviewing line house operations as their methods of operation, by preparing detailed security reviews on each house and by supervising the trial of new photographic equipment. GRENDE will continue to be used as a technical consultant on the line house operations and to perform other services for the division which will not require the security of his primary region affiliation. It is planned that CLACKETT will put some of the LIEMPTIC surveillance team and that the division will soon have another first class investigative group to support other Section operations.

MEMORANDUM FOR: FI/IS - Projects Branch

SUBJECT: Wedding Gift for Raymond H. GERNIE (ps),
Contract Agent

1. It is requested that the Mexico City Station be authorized to give Raymond H. GERNIE (ps), as a wedding gift, two airplane tourist class tickets from Mexico City to San Francisco and Washington D.C. and return to Mexico City. Although this trip may appear to be a generous and unusual wedding gift, the Station considers it is more than justified in view of GERNIE's outstanding performance of his duties for the Station and his future value as a principal agent. GERNIE has been working for the Station since February 1955.

2. The Station estimates that the cost of the plane tickets will be \$600.00. The LIFTICK Project, which covers GERNIE, can absorb this added expense.

TO: Chief, WH Division INFO		50-6-25/3 201-119523	
FROM: Chief of Station, Mexico City		22 October 1958	
SUBJECT: Review of Raymond H. GERENDE's Operations and Activities		RE 433 - (CHECK IF ONE) MARKED FOR INDEXING <input checked="" type="checkbox"/> NO INDEXING REQUIRED INDEXING CAN BE JUDGED BY QUALIFIED HQ DESK ONLY	
ACTION REQUIRED: Headquarters study and comments.			
<p>1. The subject paper is attached. It is believed that Headquarters will have a clearer picture of what GERENDE is doing at the present time together with several informative facts concerning the security of GERENDE's operations. Also included in this paper are several recommendations which the Station proposes to implement through Project LIEMPTY. Obviously, some of the recommendations are goals to work for and, because of a lack of personnel and other valid reasons, cannot be immediately adopted.</p> <p>2. The attached paper should be read in conjunction with the new LIEMPTY field project outline, which was recently forwarded to Headquarters. Please note, however, that the old agent cryptonyms are used in this paper.</p> <p>3. The attachment has been read and approved by Matthew S. DINGLEY, who recruited this excellent agent (GERENDE) and was his Case Officer until GERENDE was recently assigned to Quinton N. Ousler.</p> <p>4. GERENDE is one of the most valuable assets of this Station. This review is considered to be a worthwhile exercise; but under the present operational pace and with present assets, security compartmentation, which is desirable, cannot be achieved. The main security precaution (viz getting GERENDE out of Mexico City and well hidden in case of an emergency) will constantly be kept in mind.</p> <p style="text-align: right;">WILLARD C. CURTIS</p> <p>QNO/vps 21 October 1958</p> <p>Distribution: 3 Hqs (w/attachments)</p> <p style="text-align: right;"><i>Gerende</i></p>

III Unit, Mexico City

SECRET**OPERATIONAL SECURITY REVIEW OF
RAYMOND H. GERENDE'S
OPERATIONS AND ACTIVITIES****1. SITUATION**

As a result of the June 1958 LIPSTICK flap, it was decided by the Chief of Station on 30 June 1958 that Quinton N. OUSLER would assume direct contact with several of Matthew S. DINGLEY's agents, one of whom was Raymond H. GERENDE. After being introduced to GERENDE by DINGLEY on 1 July 1958, OUSLER assumed contact responsibilities with GERENDE on 2 July 1958. On 18 July 1958, the Chief of Station decided that OUSLER should be assigned permanent responsibility for the management and handling of GERENDE and GERENDE's operations.

2. PURPOSE

The purpose of this operational security review is threefold:

- a. To identify possible security problems and conditions;
- b. To establish a framework for recommendations which will result in the Station's submission of a new support project (LIEMPTY) with Raymond H. GERENDE as a principal agent; and
- c. To acquaint the new case officer with the operational problems and agent personnel with which he should have a comprehensive knowledge and detailed understanding.

3. PRINCIPAL AGENT - Raymond H. GERENDE

a. Background - GERENDE has been employed by KUBARK since 18 March 1955, which was just prior to his graduation from the Mexico City College. He is now only 24 years of age, but in the Station's opinion, is a mature, experienced and dedicated KUBARK contract agent. During the three and one-half years that he has been working for the Mexico City Station, GERENDE has participated in a varied assortment of support and intelligence operations. Initially, he was trained and used by Matthew S. DINGLEY as a member of the LIPSTICK surveillance team. In addition, to surveillance work, he was used as an investigator to collect operational data on persons and organizations of interest to the Station. He quickly demonstrated a capacity for leadership and at one time was the leader of the LIPSTICK team. He has been used as a LIFEAT Base House operator

SECRET

SECRET

and processor of tapes; he has excelled in this type of work because of his bi-lingual Spanish/English facility and, more importantly, due to his diversified experience in clandestine operations which permits him to spot operational leads much more readily than the average LIFEAT monitor.

b. Duties - GERENDE is currently serving as the principal agent in charge of LIMITED, LICALIA, LIPSTICK Photo Truck, LIJERSEY Surveillance Team and LILYRIC. In addition, he monitors and processes the BGMORNING and Cuban Exiles LIFEAT taps. He also supervises the photographic processing of LIPSTICK-38 (his brother-in-law) and the translation work of LIPSTICK-40 (his sister). He maintains contact with and provides administrative support to LIMITATIONS 5 and 6, LICOOL-7 Base operators. Quite obviously GERENDE's many duties overlap the bounds of several Station operations, namely LIPSTICK, LIJERSEY, LIFEAT, LICOOL and several activities which are not listed under formal projects such as BGMORNING. It is recognized by the Station that it is not advisable to have one principal agent connected with as many operations as is GERENDE. However, the present scarcity of both staff and contract agents of the principal agent type necessitate such efficiency measures. Every effort is being made to compartment the various segments of GERENDE's operations and to decrease, and to eliminate where possible, all lateral communications between agents.

c. Security Problems - The most serious security situation surrounding GERENDE and his many activities is the fact that LIPSTICKS 12 and 30 (two of the LIPSTICK Team members arrested in the June 1958 flap) know GERENDE by true name, and knew that he also worked for KUBARK. In fact, LIPSTICK-30 is a close personal friend of GERENDE's and was originally recommended for KUBARK employment by GERENDE. The operational security hypothesis that can be constructed from these existing acquaintances are too numerous to list in this brief review; suffice to say that should GERENDE be arrested by one of the local police agencies, most of the remaining support assets would be destroyed or so seriously compromised that the Station would indeed be foolish to continue using them. It is appropriate to state here, however, that neither GERENDE nor the Station believes that GERENDE has yet been named or otherwise identified as a result of the LIPSTICK flap. It is granted though that any future questions by one of the local police agencies to the compromised LIPSTICKERS represents a continuing type of danger for GERENDE. Based on the duties which GERENDE is currently performing, the readers of this review can well imagine what the consequences to several operations

SECRET

14-00000

S E C R E T

would be if GERENDE were arrested by one of the local police agencies and interrogated in detail. Also, the Station must forever be aware that the local police agencies are certainly capable, for only a few dollars, of selling information concerning KUBARK to the Soviets and/or Satellites.

d. Recommendations - It would be unwise to consider terminating GERENDE since he is a highly competent agent and since his termination would not eliminate the fact that he knows a great deal about the Station's support operations. He has been reminded several times, and the Case Officer will continue to remind him, that his tradecraft professionalism must improve and stay ahead of the increasing sophistication of the local police agencies and opposition services operating in Mexico.

It is the opinion of the Station that GERENDE should continue to be used in about the same manner that he is presently being used. It would be advisable, however, to separate him from the two LIFEAT functions he is currently handling, BGMORNING and the Cuban Exile taps. This is suggested not only because of the possible future security ramifications, but also because GERENDE does not have time to run properly his support mechanism and to monitor taps seven days a week.

To provide for a situation whereby one of the local police agencies becomes aware of GERENDE's illegal activities and assuming that either GERENDE or the Station learns of this before the local police agency can take positive action, it is imperative that a warning system of communications be established to facilitate GERENDE's removal from Mexico. Arrangements such as those used for Wulfred O. CLOWER could be set up or local arrangements could be made with ODUNIT or ODOATH for a more expeditious exit from Mexico. The Case Officer will develop this plan in detail.

4. OPERATIONS

a. Limited

(1) Target - Stationary photographic surveillance of persons entering and leaving the LIMERICK installation.

(2) Personnel - LIPSTICK-14 is the agent in charge of the LIMITED Base. According to GERENDE, LIPSTICK-14 is conscientious, security minded, speaks no English, and on occasion is a bit over confident. He performs his operational duties competently and with discretion. In addition to his photographic duties, he is also used occasionally as a one-man

S E C R E T

14-00000

S E C R E T

foot surveillance to follow individuals leaving the LIMERICK installation, LIPSTICK-14 receives a monthly salary of \$1,800.00 (MN) and free rent and utilities at the LIMITED Base. His wife (LIPSTICK-27) and son (LIPSTICK-28) live with him at the LIMITED Base.

LIPSTICK-28 until 15 July 1958 assisted his father with photographic work at the LIMITED Base. However, on the above date he decided to resign from his LIMITED job and, strange as it may seem, to devote full time to working on a chicken farm. LIPSTICK-28 made this decision on his own and against the wishes of his father. He will continue to live at the LIMITED Base and it is believed that no security problems will result, since any security difficulties could adversely affect his mother and father. Although LIPSTICK-28 has been terminated and a termination report forwarded to Headquarters, it is suggested that we maintain his operational approval since he continues to live in the LIMITED Base.

(3) Communications - At the present time GERENDE meets with LIPSTICK-14 three times a week at contact points away from the Base. They have seven separate contact points which are used for their meetings. Usually the place of contact is pre-arranged at the previous meeting; however, a rapid means of communication exists whereby GERENDE telephones LIPSTICK-14 and through a pre-arranged open code, utilizing insurance policy numbers, sets the time and place of contact. LIPSTICK-14's overt occupation is that of an insurance salesman and adjuster; consequently, there is a cover basis for such a telephonic conversation. A reserve system of communication with LIPSTICK-14 has not yet been arranged. GERENDE has been instructed to do this as soon as possible, thereby giving the Station a means to contact LIPSTICK-14 directly should the need ever arise.

(4) Security - Excluding KUBARK staff personnel, the LIMITED Base is known to LIPSTICKS-2, 14, 27 and 28 and to Oliver G. SCANTLING and Raymond H. GERENDE and possibly to LIPSTICK-12 (GERENDE's opinion). Since LIPSTICK-14 has known LIMEWATER (LIFEAT Project) for many years and since LIMEWATER is LIPSTICK-2's brother, it is important to recognize that the desirable degree of compartmentation between LIPSTICK/LIMITED and LIFEAT probably does not exist. Although LIMEWATER must be aware of LIPSTICK-14's and 2's P&PRIME employment, it has not been possible to ascertain the extent of LIMEWATER's knowledge about their specific activities, and vice versa. LIPSTICK-14

S E C R E T

SECRET

worked with James O. AYCALL (LIMESTONE) during WW-II; however, he claims that the only members of AYCALL's family that he ever met was AYCALL's "alleged wife." Since she saw him only one time many years ago, LIPSTICK-14 does not believe that she would recognize him now.

Neither GERENDE nor LIPSTICK-14 are aware that KUBARK owns the LIMITED Base House. The extent of their knowledge is that LIMOUSINE is the owner and we simply rent from him.

(5) Recommendations - It is recommended that GERENDE continue to meet with LIPSTICK-14 and to supervise his operation. In this connection, GERENDE has been instructed to reorganize his existing communications arrangements with LIPSTICK-14 to include a new regular system, a rapid non-scheduled system and a reserve system. Also, GERENDE is to review with LIPSTICK-14 their cover reasons for meeting and knowing each other and to be prepared to use this cover story should they ever be apprehended together.

LIPSTICK-14 was instructed on 8 August 1958 to cease all social and business contact with LIPSTICK-2. Oliver G. SCANTLING, who has previously handled LIPSTICK-14 and sees him occasionally even now, has been directed to cease all contact with the LIMITED Base and LIPSTICK-14 except when approved by the Case Officer. (NOTE: It is necessary at times for SCANTLING to debrief LIPSTICK-14 for LIMESA leads).

b. LILYRIC

(1) Target - Stationary photographic surveillance of persons entering and leaving the LIMERICK installations.

(2) Personnel - LIJERSEY-5 is personnel manager of a Mexican affiliate of a large PBPRIME company. In addition to serving as a spotter for potential surveillance team members, he also serves as the cutout for the LILYRIC Base. GERENDE manages and directs the LILYRIC Base through LIJERSEY-5. LIJERSEY-5 maintains direct contact with LIJERSEY-2, the Base House operator, and his wife, LIJERSEY-12, who does most of the photographic work. LIJERSEY-5 is a PBPRIME citizen. He is paid a monthly salary of \$1,000.00 (MN).

SECRET

SECRET

LJERSEY-2 is the LILYRIC Base operator. He is a Captain in the Mexican Army Reserve and is also employed by Colgate-Palmolive Peet Company as an industrial engineer. He receives a monthly salary of \$1,000.00 (MN) and he and his wife live rent and utilities free in the LILYRIC Base.

LJERSEY-12 is the wife of LJERSEY-2. She does most of the photographic and reporting work at the LILYRIC Base and has proven herself to be a capable and worthwhile asset. It has been necessary for her to become proficient in the LILYRIC work since her husband works at his regular job during the day. She receives a monthly salary of \$800.00 (MN).

(3) Communications - GERENDE contacts LJERSEY-5 twice weekly at prearranged contact points during the late afternoon hours. LJERSEY-5 contacts LJERSEY-2 two to three times weekly at prearranged car contact points and receives the "take" from the LILYRIC Base. On occasion GERENDE has contacted LJERSEY-2 directly, but this procedure is used only when LJERSEY-5 is out of town or otherwise not available. GERENDE does not know LJERSEY-12 or vice versa. No reserve system of communications exists whereby a Station officer could contact LJERSEY-2 directly should the need arise; however, GERENDE has been instructed to set up such a system of communications. The same will be done with LJERSEY-5, although he is known to several Station officers and little difficulty would be experienced in contacting him directly.

(4) Security - The security of the LILYRIC Base appears, at least on paper, to be in better shape than the Limited or LICALLA Bases. Insofar as the Case Officer has been able to determine, the only indigenous agents aware of the LILYRIC Base are GERENDE, LJERSEYS 2, 5 and 12, and LIPSTICKS 38 and 40, and all of these individuals have a close connection with the operation of the Base. The only tie-in the LILYRIC Base has with the LIPSTICK operations is through GERENDE.

(5) Recommendations - GERENDE has been instructed to change his meeting plans with LJERSEY-5 and to review the communications set-up between LJERSEY-5 and LJERSEY-2 (L-5 and L-2 are long-time friends and, consequently, the cover problem is minimized). A staggered schedule of coverage of the LIMERICK target between LILYRIC and LIMITED was initiated on 18 August 1958. Although the operators of these two bases are unaware of the existence of the other, a suitable cover story has been worked out to satisfy any

SECRET

SECRET

curiosity that LIPSTICK-14 and LIJERSEYS-2 and 12 may have. This procedure is believed desirable due to the confining nature of the photographic tasks and the lack of additional personnel to assist at each of the bases. Also, this staggered schedule of coverage should reduce some of the duplication presently coming in from the two bases.

c. LICALLA

(1) Target - Stationary photographic surveillance of persons and activities in the garden area of the LIMERICK installation.

(2) Personnel - LIPSTICK-39, his wife and three small children live at the LICALLA Base. He is an accountant for a local bus line and works at his cover job in the evenings. LIPSTICK-39 does an excellent and conscientious job of photographic coverage at the LICALLA Base. In addition to the photos he takes, he writes a narrative description of the events which take place in the target's garden area. He receives a monthly salary of \$2,000.00 (MN) and free rent at the LICALLA Base.

(3) Communications - GERENDE meets LIPSTICK-39 twice weekly, usually on Tuesdays and Thursdays. They have four contact points, one of which is selected at each meeting for use for the next meeting. In the event that contact is not established, GERENDE has the initiative in contacting LIPSTICK-39 by phoning him at the bus line office during the evenings. Then, by prearranged open code, a meeting site and time are agreed on. Since Oliver G. SCANTLING is also acquainted with LIPSTICK-39, it would be possible to contact him through SCANTLING should something happen to GERENDE. However, to facilitate proper and secure communications procedures, GERENDE has been directed to establish a reserve system of communications with Lipstick-39, using the customary oral and physical bonafides.

(4) Security - The most serious security problem concerning LICALLA is the fact that LIPSTICK-39 is the brother of LIPSTICK-47 (the first agent arrested by the local police agency during the recent LIPSTICKflap). Although it is generally believed by Station officers that LIPSTICK-39's name was not mentioned by LIPSTICK-47 nor that any indication was given concerning LIPSTICK-39's job, it must be understood that should the local police agency decide later to interrogate LIPSTICK-47, the probability exists of compromising LIPSTICK-39 and LICALLA. The Station sees no way to overcome this possibility.

SECRET

SECRET

It is important to note here that LICALLA occupies one of the four LIMUST properties. While it is believed that LIPSTICK-39 does not know that KUBARK owns the Base or has anything to do with the other three houses, it is entirely conceivable that should one of the local police agencies or the LIMERICK personnel become aware of LICALLA activities, they could very easily arrive at some logical conclusions about all of the LIMUST property. This would be detrimental, if not fatal, to our aims. However, another Station viewpoint on this same problem is that if compromised, LICALLA would divert suspicion from, rather than to, LIMUST. Should one of the local police agencies begin an investigation which might involve LIMUST and LICALLA, then LICALLA could be sacrificed to protect the LIMUST Base. These possibilities become somewhat theoretical and perhaps impractical due to the lack of predictability of the local police agencies, but nevertheless must be weighed one against the other.

In view of the apparent importance of the LIMESA/LIMUST operation a lot of thought and discussion have transpired at the Station about continuing the LICALLA operation in its present location or suspending it for the immediate future and attempting to find another suitable location away from the LIMUST property. A sound argument can be made for terminating the base since such an alternative might have the effect of limiting any knowledge LIPSTICK-39 may have about the LIMESA/LIMUST installation. However, the termination of a productive base such as LICALLA would require an explanation to LIPSTICK-39 which could not help but leave him a bit suspicious. For Headquarters information, the local rental laws are such that LIPSTICK-39 would not be able to comprehend why we did not insist on him maintaining "squatters rights" (as stated previously, LIPSTICK-39 apparently does not know that we own LICALLA or even have an interest in any of the other LIMUST properties) which can easily be done in Mexico. Therefore, any attempt to terminate LICALLA might cause more of a security problem with LIPSTICK-39 than permitting LICALLA to operate as it is now. Another possibility would be terminating LIPSTICK-39 and putting another agent in the present LICALLA Base. If this measure were followed, it would not eliminate the fact that LIPSTICK-39, even if terminated, would still know of the existence of the present LICALLA Base. Still another possibility would be to terminate LIPSTICK-39 and the LICALLA Base; however, since LICALLA and the other LIMUST properties are ostensibly owned by one man, LIMOUSINE, suspicions and investigations could still lead to LIMUST.

(5) Recommendations - The Station is inclined not to "rock the
