THRU: Mr. Hugh T. Cunningham

TO: Mr. David E. Murphy
USA REG
APO 742, US Forces

1. I would like to take this opportunity, upon the eve of my departure from Berlin, to thank you for the assistance you have given to me.
2. Your constant cooperation with members of my staff and with the other units in this Command has been particularly appreciated. Your advice, which I know was based on intimate knowledge of the intricate problems peculiar to Berlin as well as on your thorough professional competence, was most valuable in developing plans and policies for this headquarters. In addition, the valuable and timely information provided by you has contributed to an important degree to the security of this city. I am certain that my successor will continue to benefit greatly from your assistance.
3. I wish you continued success in your assignment and sincerely hope that someday we will once again have the pleasure of working together.

SUBJECT: Letter of Appreciation

TO: Mr. William Harvey
7971 USARSG
APO 742, US Forces

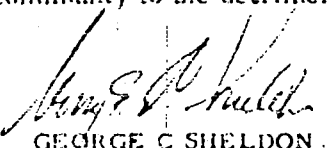

1. As the Commanding Officer of this unit, it gives me particular pleasure to extend my appreciation to Mr. David Murphy and Mr. Liebenau for the able and extremely valuable assistance which they rendered to an operation of this unit on 24 May 1959.

2. Mr. Murphy, when informed on Sunday 24 May that some assistance was needed by this unit, despite the short notice, wholeheartedly and unstintingly rendered advice and logistical support. Because of unforeseen circumstances, certain support was lacking for a particular operation, and Mr. Murphy immediately proffered the necessary aid. In discussing the various phases of the operation, Mr. Murphy was good enough to share his rich experience with representatives of this unit and thus facilitate implementation of the project.

3. Mr. Liebenau's consideration, tact and concern over the security and success of the operation merit praise. Despite the short time allocated to Mr. Liebenau's phase in the operation, he consistently deferred to the wishes of the members of this unit, recognizing that security of the operation was paramount.

4. Such cooperation and spirit of friendliness as exhibited both by Mr. Murphy and Mr. Liebenau are a very welcome new page in the relationship between this unit and your organization. It is a significant step toward the type of coordination and cooperation which will in the last analysis benefit the intelligence community to the detriment of the opposition.

1. Subject employee has been granted a cryptographic clearance effective this date (or 6 February 1955.)

2. Subject has been informed of the granting of clearance and has been briefed concerning cryptographic and related communications security matters.

3. A cryptographic clearance is not a permanent clearance. It will be revoked immediately should the employee fail to maintain the security standards prescribed in CIA Regulation 90-50. 4. An individual holding a CIA cryptographic clearance is authorized to have custody, access to, or knowledge of staff cryptographic material or information only to the extent necessary for the performance of his official duties. A cryptographic clearance alone does not constitute authorization to perform cryptographic duties without the prior approval of the Assistant Director for Communications.

5. When Subject employee no longer requires the clearance because of a change in assignment or duties (e.g. return from overseas assignment, replacement as acting communicator) it is requested that the Communications Security Division (2411 I Building, ext. 3021) be notified so that the clearance may be revoked.

 at "train". Handle Ensign OK - impression as
 a platoon - somewhat timid - probably do a
 good, dependable job, on a confidential level.
 is very interested in intelligence; doesn't mind being out

 a good man to be with to do a good job on
 a minor level - working subjects with his language
 service. Would have been at about 60-7 level - would
 not be much more than that. His work level
 is good; CIC experience (in combat & reconnaissance); interest in
 intelligence work; handle subjects; previous work -
 good. TKE - F -

SECTION E NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

Indicate strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Cite, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the basis for determining future personnel actions.

Subject continues to perform his duties as Supervisor of the complex A&R activities in a competent manner. His knowledge of the technical aspects of his Sections' many functions help to insure a continuation of work flow and his ability to absorb and retain technical data related to his field of endeavor serves as an aid in the presentations of his numerous oral briefings.

One apparent weakness, which he continues to retain, is in his work relations with technical personnel; he has a tendency to drift from main topic under discussion to unrelated subjects, which, while they may be informative, decreases not only the Subject's productive capability, but, also that of the technical personnel.

IV Empirical Background -

From 1962 to present, I have been associated, as a technical consultant, with Security Associates, Inc., Washington, D. C. specializing in commercial and industrial security.

From 1953 to 1962, I was an Intelligence Officer with U. S. Government, Central Intelligence Agency (Annual Salary - \$11,415 - GS-13). As Chief of a small branch of highly specialized analysts, I exercised a wide variety of talents and was responsible for: the direction and administration of the branch operations, determined the course of action for further research effort within the branch; monitored and supervised a program of special personnel assessment; evaluated technical analyses and their relationship to specific cases; advised and consulted with members of Senior Staff components of CIA; delivered numerous technical briefings to both U. S. and foreign police and intelligence services; initiated and maintained liaison with other U. S. Government components; activated and directed research projects carried out by private organizations such as Universities, private consultants, and private research corporations. During the above period, I trained and briefed the police and intelligence agencies of more than 50 foreign countries and actually traveled and worked in 6 foreign countries. I also initiated and developed four technical systems currently in operation on a world-wide basis within CIA and wrote numerous articles for an intelligence periodical. In January 1962, CIA presented me with one of the largest individual Monetary Suggestion Awards ever given by that agency.

From 1946 to 1953, I worked as a Special Agent (GOS-1301) in the Army's Counter Intelligence Corp in the grade of Master/Sergeant. My duties consisted of investigating crimes of security nature; member of a combat CIC team in Korea; two assignments as an instructor at the basic CIC School; enlisted Chief of the Technical Laboratory at the CIC Center, and enlisted Chief of Special Projects Technical Laboratory (CIC), Far East Command. During this period, I co-authored two text books for the CIC School and rewrote one other. Further, I experienced over 2,000 lecture hours as an instructor in the basic CIC School and lived and worked three years in two foreign countries.

1945-1946 I held the position of Camp Superintendent of a 100-man forest camp engaged in timber disease control, U. S. Forest Service, California.

1941-1943 Military Service, U. S. Army, Intelligence WCO, NOS 631, Combat Intelligence.
