embajador, porque son muy amigos, y le digo y le pido el visado y le negaron el visado. Francamente Adelina, eso da vergüenza.

AZ: Pues no me extraña.

JUDY: Y me dijo, están haciendo un Gobierno descriptivo o qué.

AZ: Bueno, eso no lo entienden.

JUDY: No, no Adelina no, ya esas líneas no se pueden tener a estas alturas.

AZ: Bueno, pues mira, ese día del entierro, yo hablé con una gente de allá, que fue porque esta mujer ayudó mucho en toda la representación y eso, fue al entierro, entonces yo fui en la mañana a las 8:30 y me estuve allí hasta las 10:30 en que se fue a mi trabajo ... (JUDY la interrumpe y le pide que espere un momento) AZ continúa: y le dije yo no voy a ir al cereal pero volveré al salir del trabajo, y efectivamente en la noche con todo y la calentura me fui pero andaba muy así, la tarde estaba horrible. Estuve hablando con esa gente que me invitó allí en la noche de este año y me dijo que el "cinema" negaba todo y que allí había acontecido todo, para absolutamente todo.

JUDY: Sí, el asunto no es que sea o no

AZ: (interrumpe) y grita que no está quemando pues se le derramó el té.

AZ: Me voy a decir que para mí es una cosa muy grave, porque esto debe haber creado una situación para los mexicanos terrible, desde que el papa fue a verla, que no le dejaron hablar más que lo repiten...

JUDY: (interrumpe) Bueno mira nadie está diciendo que la liberen, es una cosa de un respeto de los valores muy grandes de México que respetan a ese Gobierno y que yo creo que al a gentes que son como son de les ha dado vista...

AZ: Ya no se les da visa a nadie.

JUDY: Bueno, pero así hay gente que ha ido y ha vuelto y sigue allí y es esquerosa, para esos sí hay visados y que no hay visado para un individuo que ha defendido todo el tiempo este gobierno que lo respeta como se debe, que se dirige en nombre o que va en representación de la gente más limpia de México, que no le están diciendo al DR. CALF O póngala y le regístran que haga esto o lo otro, se entiendes? porqué no le dan un visado que va ya personalmente y le diga tenemos razones muy importantes, no se las podemos decir y se fue y ya, eso es lo que dicen Adelina están lo dicen en todos los países del mundo sin excepción, entonces esto sí da una vergüenza y lo que ayuda aquí es a aumentar a que este grupo de gentes tenga que esperar con justa razón a hablar mal de este gobierno.

AZ: Bueno yo creo que Carlos ya no será más Presidente del Institute

JUDY: Al está invitado además para presidir el jurado de alce, que hay allí, un concurso, en la Casa de las Américas, entonces lo que

quería yo Adelina, es que tú le escribirías a tu papá.

AZ: Yo no puede escribir, porque le tengo que escribir la carta. Yo escribo con un gran cuidado, mira, lo operaron, tú sabes cómo es su estado? yo no, al fin supe de qué le habían operado, porque una amiga mía que me me mandó pedir medicina y que me mandó los dos últimos libros de mi papá, fue la que me le dijo, entonces yo metí una carta para la hija, le pregunté de los riñones, de mi papá y le digo que estoy muy angustiada porque no sé de qué le hubieran operado, que se tiene muy intranquila la operación de mi papá, le plico cosas totalmente familiares, entonces esta persona me contestó diciéndome a su papá le operaron de los riñones y ya está mejor, cosa que me dió gusto porque yo inmediatamente le mandé el "terrellé" que es lo que yo tomo y que me escapé de la tercera operación. No he recibido contestación, no sé nada, pero yo por intuición cosencé a no escribir más de cosas permitidas, eso le avisé por correo, pero lo que yo lleve allí, a la embajada, le digo al embajador aquí está la carta y él me dice no Adelina no faltaba más, y le repito: Mía, yo no me voy contenta si usted no la lee.

JUDY: Y porqué tú no hablas con él

AZ: No, porque entonces va a resultar lo siguiente: que no vuelvo a entrar a la embajada, porque yo sé de una gente que hizo eso y no la dejan entrar.

JUDY: Entonces yo no quiero ir allí, ni que haya otra revolución, con toda honestidad te lo digo, porque eso no es lo que yo quiero, así como lo ojos se le vuelte al primo que me enseñó.

AZ: Te voy a decir una cosa, las otras revoluciones están consolidadas y aceptadas.

JUDY: No y no, no se trata de meterse a entrar al ensayo ni mucho menos, ni se les está irrogando. O respetan las medidas de seguridad o que no hagan revoluciones.

AZ: Pues no te puede decir muchas cosas por teléfono, que sé.

JUDY: Pues está indignada, me dijo eso de vergüenza, listina que estaba aquí nuestro papá años antes, si él hubiera estado aquí él estaría hablando, si hubiera ido a plantear esta cosa como de vergüenza.

AZ: Pues sí, no la ve nadie, sus hermanas la vieron en julio, los dos días que estuvieron, dicen que está muy angustiada muy triste y ellas le dijo que no había nada, entonces la otra persona, que es una persona que a él se le parece todo el mundo, me dice, bueno la cosa es que el correo y la persona que me dice que no.

JUDY: Pero ellos están presos o qué?

AZ: Sí, Joaquín estuvo muy enfermo, lo dejaron ir a la casa que le han asignado a la casa, ella está totalmente aislada, pero está con su mujer y con su hijo en cuanto se mejoró lo volvieron a encerrar.

JUDY: Pues eso era lo que quería yo hablar contigo, porque realmente

cont...)

pues... ah, y ya la retacharon a Adelina. *blanca*

AZ: absolutamente. Ya la retacharon.

JUDY: Mira, un día se casó el ex-marido de Adelina yo con unas amigas en la Comercial Mexicana y cuando él allí como señorabule hecho un viejito, ya no tiene ni pelo, pero qué barbaridad.

AZ: Yo le vía él hace días y le pregunté por ella, porque siempre le pregunté y no dijo: ella... Yo le dije que la había visto en enero, que iba con los niños, así y ella, se vino a ver allí. Entonces me dijo: sí vino allá los niños se regreñe, pero me lo dije así con una cosa de asustar, terrible y entonces le dije y se va a quedar definitivamente? no, me dijo, regresa en tres días y creo que no volverá, entonces después alguien se dijo que seguro no la volverían a dar la visa.

JUDY: Pues qué barbaridad, que tenga la gente así que hablar, con la razón en la mano.

AZ: ¿quien sabe, yo sé que no sé cuánto juicios, yo no sé qué saber.

JUDY: No, mira por grave que sea, nadie se está metiendo a ver la gravedad o no gravedad.

AZ: Que si cuando lo llevaron a Checonolevaca, custodiado a circular esto etc, lo llevaron a París a circular y la investigación así se pare...

JUDY: Que yo no le discuto, ni discuto culpabilidad o no, justicia o no nadie se está metiendo en eso, es una consecuencia respetuosa la petición.

AZ: Bueno, te voy a decir a qué grado están las cosas de extrínsecas, yo junto a las cosas por eso sé que hay casos de patreentero la que no pueden tratar, la gente se los suere.

JUDY: Yo estoy horrorizada por lo que Adelina se la habían de operar de cáncer en París la trasladaron para allá.

AZ: Lo, no tengo eso.

JUDY: No Adelina, si eso es un caso de cáncer, así mismo.

AZ: Bueno pues medicinas si puedes mandar.

AZ: Que no se cura con medicinas Adelina sino con tratamiento.

JUDY: Los grandes oncólogos se están ya allí y la experiencia es la experiencia. Adelina cuando de una de las agjeras, especialistas de allá, que se ve cada mes, imaginato.

AZ: Pues, yo cuando Adelina y siempre lleva la caja, en eso he sido muy cambiante siempre, cuando el portero me se dice: voy a avisarle al cabajador, le digo: aquí está la caja, le digo que es de parte mía y que puede revisar lo que. Ahora cuando se abre la puerta y va a avisarle al cabajador, entre y dice y todo lo extiendo, y le digo ahora us ed lo capigüta como puera. A sí no se han vuelto a invitar a nada, yo sé que tienen recitaciones muy corridas a sí no se han invitado a nada, a nada.

(cont..)

JUDY: Sí, ya sé, aunque para uno es mejor.

AZ: A nada, siempre yo invito a los agregados culturales, a los
cuerpos. Antes siempre iban, ahora no van. Creo que esta
actitud les va a hacer perder al Instituto Mexicano-Cubano.

JUDY: Como no van a perder, pues no te digo la calidad de gentes,
preguntale a Carlos cuando regrese de México que te diga la
lista de nombres de la gente, creo que serán 40 o algo así.
Gentes españolas.

AZ: Y ya te digo, de sí papá, directamente bueno ni su hija, ni
la mamá, nadie de ellos se escribe, yo sé a través de esta
persona y te digo, quiero que consigas estos que yo in-
gine son parte de compensar ellos, cómo se los podemos pagar.
Inclusive yo le digo bueno mire si hay ocasión con algún
diplomático, y se lo regaló que fuera con diplomático, mindean
4 botellas de ron, que son las que pueden salir de allá y
igual se llegarán para Navidad, salen en 90 pesos mexicanos
así de que son como 5 dólares cada una. Y yo me estoy ajustando
a lo que se pueden enviar porque yo no estoy ahora en condi-
ciones de enviar 500 pesos de regalos como antes lo hacía con
tanto sacrificio por me JUDITH, me ha quedado una deuda de
la casa de 20 mil pesos que yo tengo que salir en el año que
entra y yo no puedo, yo voy a tener una casa muy cómoda, muy
agusto para trabajar, claro que hasta donde yo pueda mantener
el coche, mientras me dan gasolina y chofer, el día que no, lo
apuro lo vendo y se acabó, yo no puedo manejar con este auto
lo intenté hace poco y es sí una maraca tan horrible que a
las tres cafines le dije al chofer, mire tome el volante, yo no
puedo.

JUDY: Bueno, vamos a ver así de cómo cosas de telas amoras Adelina.

AZ: Sí yo te tengo la regalo

JUDY: ¿Cuales que habías de vender y vender, tú se avisan porque ya
sales en vacaciones.

AZ/ Cules vacaciones? Tengo vacaciones sólo en la escuela, pero
nada más, lo que puedo hacer es viajar por lo tanto una
tarde por que no voy, porque de otro manera no nos podre-
mos ver y a mí me todavía tanto polvo que no me atrevo a
invitarlo a comer.

JUDY: Ya tengo aquí a una muchacha, y por cierto ya te dejo porque
lo tengo que estar diciendo, es nueva, muy buena me está sa-
liendo, voy a desahogar un poco porque ya no aguantaba, 3 años
y medio de estar como una carga de carga.

AZ: Yo prefiero pagar para que me trabajen, ahora a qué hora me
pongo a hacer las cosas. Salgo a las 8 de la mañana regreso a
las 3, como y con esto del auto son las 2 de la mañana y yo no
me me dormido, me quedo insomne.

JUDY: Bueno, me lo da un abrazo a su mamá, dígame que pregunté por
ella.

<p>1. During the recent TDY visit to this Station of David M. FREDLUND(p) of KUTUBE D, the interrelationship between the conversations recorded under Project LIFEAT which bear on Soviet Communication and the regular provision of the hard copy of Soviet official diplomatic communications obtained by the LIMIT activity were discussed. The Station indicated that frequently LIFEAT obtained conversations which referred directly to specific messages; by content; by seeking clarification of garbled or missing groups; by officials who are to or have signed the message in question; and on one or two occasions the messages (admittedly not sensitive) were dictated to secretaries over the telephone.</p> <p>2. Examples of the above conversations were forwarded to Headquarters in reference dispatches. The conversations with FREDLUND resulted in the suggestion that KUTUBE D should regularly receive the LIFEAT material when it relates to Soviet messages. Also that KUTUBE D in forwarding this type of LIFEAT material to ODINCH would record that the drop copies of the Soviet messages are normally forwarded to ODINCH (source LIMIT) and that if there is any value to ODINCH in tying the two sources together for further processing by ODINCH, the Station would cross-reference the forwarding dispatch numbers. This Station would appreciate receiving, at an early date, any Headquarters comments.</p> <p>3. This Station is willing to continue to exploit LIFEAT material for LAURICLE purposes should this be judged of value by Headquarters. At the present time Willard C. CURTIS is personally handling this phase of LIFEAT reporting.</p> <p>4. KUTUBE D should note that at the present time the LIMIT source is providing Soviet, Japanese, Czech and Polish drop copies to the Station. The traffic is over one-month old upon receipt and is in Station's hands only for a few hours. The source is capable however of obtaining traffic from all sources filing officially in Mexico City and the Station can do this without increasing the operational risk.</p> <p>5. The Mexico City Station would appreciate any comments or guidance on either this phase of LIFEAT reporting or of LIMIT which KUTUBE D could give.</p> <p style="text-align: right;"><i>Willard C. <p>1. Under reference B photographs of hard copies of Soviet traffic for November 1959 were forwarded to Headquarters. (SOURCE: <u>LIEBIT</u>)</p> <p>2. On 27 November 1959 the following conversation took place:</p> <p>"Anatoliy Alekseyevich PAVLENKOV tells Vladimir KOLOKOLNIKOV that he just spoke with New York. PAVLENKOV says that BEGLOV(ph) called. PAVLENKOV says that Moscow wants to know how many luncheons and dinners there were yesterday. PAVLENKOV says he counted 3 luncheons and one dinner. PAVLENKOV says that a cable should be sent saying that on the 26th the bankers gave a luncheon for MIKOYAN and that MIKOYAN gave a dinner for the officials of the Government. Another thing Moscow wants to know what word was left out in KOLOKOLNIKOV's cable which was about KOLOKOLNIKOV's account at Poza Rica. In BELTRAN's speech there apparently was one word left out by the operators. KOLOKOLNIKOV will look at the text and see what it is. PAVLENKOV will come over and then they will send the cable. KOLOKOLNIKOV then suggests that they call BEGLOV in New York and give him this information. KOLOKOLNIKOV will do that.</p> <p>"KOLOKOLNIKOV tells WO(woman outside) to write down what he tells her. KOLOKOLNIKOV tells her that yesterday the Ministry of Industry and Trade, SALINAS, and the President of the Banco Exterior, ZEVADA, gave a luncheon for MIKOYAN at the Hotel Ambassador. In the evening A.I. MIKOYAN gave a dinner for officials of the Mexican Government. KOLOKOLNIKOV adds that the speech that ROLDAN(should be ROLDAN instead of BELTRAN) made the words "to show" were left out. KOLOKOLNIKOV tells her to send this to Moscow. MIKOLAN (Soviet Vice Premier who had been visiting Mexico, 18-28 November 1959). KOLMOGOROV said he himself would fly out "on Monday." A woman took the telephone and KOLMOGOROV dictated the following:</p> <p>"Today at 0900 local time the First Deputy Minister of the Council of Ministers USSR, A.I. MIKOLAN, and his escorting party flew out of the Capital of Mexico on the 11-18 for the Fatherland. MIKOLAN was seen off at the airport by the Minister of Foreign Affairs of Mexico, Manuel TULLO; the Minister of Foreign Trade, Raul SALINAS; Minister of Education, YOGUS Bodet; and officials of the Foreign Ministry. The Soviet Ambassador to Mexico also saw A.I. MIKOLAN off, V.I. MATYKHIN, and workers of the Soviet Embassy. Before the flight out A. I. MIKOLAN made a short speech in which he thanked the President of Mexico, LUIZ Mateos, members of the Mexican Government, the whole Mexican people for the warm reception which was shown him and his escorting party in their country."</p> <p>3. KOLMOGOROV then dictated another cable. This cable was the message that MIKOLAN sent from aboard his plane to the President of Mexico thanking him for the reception that he received in Mexico. (NOTE: The translator "slipped" and did not transcribe this cable verbatim.)</p>

Effective 1 July 1968 LIFEUD-2, LIFEUD-3, LIFEUD-24, LIFEUD-25 and LIFEUD-26 were granted small salary increases. Also, V. A. PARETSKY was placed on a monthly salary, which replaced the previous hourly pay rate. Assigned Memorandums of Oral Commitments were forwarded to Headquarters.

As is normal in this Project, daily operational meetings were held with David M. WILSTED and LIFEUD-24 in order to pick-up LIFEAT information and to discuss various operational aspects and the overall maintenance of activities.

BASEHOUSES

7. On 19 April 1968 LIRISK employees started extensive renovation work in the area around LIFEAT Annex 6. Because of this, the basehouse was shut down and all of the LIFEAT lines were released. This renovation work was completed on 21 June and the basehouse was back in operation in early July.

8. LIRISK work in the area around LIFEAT Annex 8 caused the closure of this basehouse from 19 April until early May.

9. In June 1968 the Station made the decision to close down LIFEAT Annex 5 and move the basehousekeepers, LIFEUD-35 and 36, to another area. The reasons for this decision were two-fold: A) LIFEUD 35 and 36 have four children and Annex 5 was too small for them, and B) the annex needed extensive repairs which the Landrie refused to have done because he was planning to sell the building. A new basehouse, Annex 9, was located and Annex 6 was closed on 20 June. The basehousekeepers are now in Annex 9 and target coverage commenced in early July.

10. Paragraphs 7, 8 and 9 explain the reduced coverage provided by LIFEAT during the three month period under review.

SECURITY

11. No known security incidents occurred during this period.

PLANS

12. It presently appears that LIFEUD-5, basehousekeeper, will be transferred by his company to the Guadalajara area. If this occurs, we will accept the resignation of LIFEUD-5 and -15 and close down Annex 3. In view of this, Project Officers presently are looking for replacements and Operational Approvals will be requested as soon as suitable candidates are located.

MEMORANDUM FOR: CI/OA

ATTENTION : Mr. Lally

SUBJECT : Amendment of OA for Antonio DOUBLETTE
(201-312729)

REFERENCE : Form 124 dated 22 November 1966

1. In accordance with Reference, Subject was granted an OA on 22 November 1966 to permit the WH/7/Haiti Desk to utilize Subject as a Creole translator of unclassified tapes. Subject was recruited in December 1966 and has been performing this function satisfactorily since that time.

2. It is now requested that Subject's OA be amended to permit WH/7/Haiti Desk to utilize his services to translate sensitive telephone tapes (LIFEAT) from the Spanish, French and Creole languages into English. To date the Mexico City Station has been providing Headquarters with a translation of the Spanish and French portions of this intelligence take, with Port-au-Prince Station assisting with translation of the Creole portions. Recently, however, the Port-au-Prince asset departed Haiti and, at present, neither Station has the capability to translate the Creole portions. Since it is believed that the Creole portion may contain important operational information from a CI standpoint, the Haiti Desk proposes to utilize Subject to fulfill this gap. Subject will be polygraphed before he is given this added task. Your expeditious attention to the above request would be appreciated.

3. If you desire further information, please call Ruth Lehman, WH/7/Haiti, x5595.

 - c) Resolution of the complex technical and maintenance problems inherent in a Project such as LIFEAT
 - d) Accounting for expenditures in the neighborhood of \$5,000.00 US per month as well as being responsible for about \$25,000.00 US in WOFAC property
 - e) Responsible, with the Station Case Officer, for the day-to-day handling of 21 active LIFEAT agents.

6. EVALUATION

a. Performance of duties set forth in paragraph 5 above without prejudice to either: WILSTED presently devotes about 80 percent of his working time to his LIFEAT duties. The remainder is devoted to his cover duties. This time allotment has the agreement of the owner/manager of his cover organization. WILSTED's cover manager, LIFINDER-1, likes and respects WILSTED and they have a good working arrangement. WILSTED, LIFINDER-1 and the Station believe that the present arrangement is satisfactory for all concerned. WILSTED in conjunction with a production manager whom WILSTED hired, has assisted in converting the cover company from a losing proposition into a profitable enterprise. The owner is grateful to WILSTED for this.

b. Attitude towards WOFAC, Cover Organization and present assignment. WILSTED has an excellent attitude toward his employment with WOFAC and has never been heard to be critical of it or its objectives. He is happy with his present assignment since he now considers Mexico City to be his home. WILSTED's wife, who is a Field Agent, also has a good attitude toward WOFAC and its objectives. She understands the reasons behind the long and varied hours worked by WILSTED and the need for security. She is a definite asset to WILSTED in supporting his cover in conversations with friends and relatives.

c. Security and Discretion: WILSTED is very security conscious and is discreet in his conversations. He is prompt for operational meetings and follows directions to the letter when meeting sites are changed or emergency meetings established. WILSTED has no known problems in living and maintaining his cover. WILSTED's wife is also very security conscious.

TVA for Project Agents

ACTION REQUIRED REFERENCES

ACTION REQUIRED: Furnish new TVA for LIFEAT Project if necessary.

REFERENCES : A. LIFEAT Project TVA, dated 5 October 1965
B. WTW-13913, dated 23 August 1965
C. WTA-26216, dated 27 May 1965

1. Please furnish this Station with a revised LIFEAT Project TVA with a total of 7 (seven) vehicle authorizations, more than now listed on the TVA, if this increase is deemed necessary for the continuing transportation allowances, mileage reimbursement paid to 6 of the project agents as approved by reference B.

2. Paragraph I. 2) d. of the project renewal request forwarded by reference C included an annual amount of \$500.00 each for the use of LIFEAT-6, LIFEAT-8, and LIFEAT-24 RV's; \$400.00 each for the use of LIFEAT-5 and LIFEAT-7 RV's; and \$300.00 per year for mileage reimbursement to Carol K. HENNINGER. These agents have been paid these amounts over the years in accordance with project approvals. However, in view of the FM-45-35 and FM-23-5 regulation revision in August 1964, which established the requirement for a TVA slot for RV's used on a continuing basis, the question of the need for a TVA is raised to preclude a possible audit exception.

3. The RV's are used by the agents in transporting tapes and other material between various operational points. Daily use averages from 20 to 50 miles per day and from 1 to 4 hours per day depending upon the assignment. Use of pooled vehicles is not possible because of the widely separated points of contact, the need for simultaneous use and the impracticability of coordinating the use of pooled vehicles from a cover standpoint. Public transportation is not practical again because of the widely separated points of contact and government transportation cannot be used because of cover.

AM/Logistics - Transportation Allowance for David: **WILSTED**

Reference: A. HHSF-3605, 27 September 1965
B. HHSF-15913

1. Headquarters records indicate that Project LENO was terminated 30 June 1965 as reported by reference B. WILSTED and MV-2539 were both transferred to Project LIFEAT. An amended TVA was forwarded to the Station by TM #0561324, dated 9 July 1965.

2. The establishment of a transportation allowance is predicated on a reduction in the number of Organization vehicles and a savings to ODYON. Considering vehicle depreciation over a period of several years and charges for gas, oil and maintenance, it is deemed economical for ODYON to pay the transportation allowance of \$50.00 per month. The availability of a POV, which is intended primarily for personal transportation and used only incidentally for official use, makes it advantageous for the employee to receive a transportation allowance.

3. In the case at hand it is noted that 90% usage of a vehicle by WILSTED, representing 1900 miles per month and a proposed \$50.00 per month transportation allowance, is for official business. Since the vehicle is used almost exclusively and very extensively for official use, it seems more appropriate, as well as to the advantage of ODYON and WILSTED, that it should be an official vehicle.

4. Headquarters appreciates Station desire to reduce the number of QP vehicles. However, each case must be decided on the basis of the circumstances involved and, particularly, ODYON interest. We request that the Station reconsider this case before we submit it to higher authority for approval.

1. Authority is requested to pay David E. WILSTED a transportation allowance of \$80.00 per month for the use of a POV for official business. It is planned to dispose of MV-2539, a 1962 Chevrolet El Camino 4 door sedan that has been driven for approximately 50,000 miles in favor of a transportation allowance for WILSTED. The vehicle has been used for a total of 30 months with mileage averaging 1,665 miles per month, 90% of which was official business travel.

2. The recommended transportation allowance is based on costs computed as follows:

a. Gasoline:		
1498 miles per month (1665 miles per month less 10% personal mileage) @ 15 miles per gal. 99.8 gallons @ \$.32.		\$ 31.94
b. Insurance:

A prorated allowance for the cost of ordinary or extraordinary high costs, although insurance costs are relatively high in Mexico City, but within the great number of cities traveled by GAYON every month in connection with UNIAV and cover domestic business. If UNIAV were to be reimbursed on a mileage basis at 24¢ per mile, GAYON could be paid approximately \$144.00 per month based on past mileage. UNIAV will agree to an \$26.00 a month allowance in lieu of the mileage rate with the understanding that a periodic review of use and costs will be made, with resultant adjustments of the allowance if necessary.</p> <p>4. Since GAYON will have to purchase his car in Mexico because of his cover status, he will have to pay an estimated \$45,000 more than the factory recommended retail price, approximately \$3,800 for the 1965 Ford Falcon, 4 door sedan he plans to purchase. It is requested that Headquarters advise in regard to the factory recommended retail price as of August or September in ZENITH on the above described vehicle, equipped with white side wall tires and radio, to facilitate the computation of the Station contribution to offset the higher cost of the vehicle in Mexico. This amount less the prorated depreciation will be recoverable at the time the vehicle is disposed of.</p> <p>5. Considering the amount recoverable upon the disposal of the vehicle, the cost to GAYON will be the same or less than the cost of shipping a RV to an overseas post, and will therefore be comparable to the costs of many staff employees overseas who use their RV's for official business.</p> <p style="text-align: right;">WILLIAM C. MEMORANDUM FOR: Chief of Station, Mexico City

FROM : Andrew S. PARMERS

SUBJECT : Completion of Training Report on
David M. WILSTED

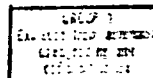

1. In a Mexico City Station Safesite, Subject received training on a part time basis from 17 through 27 May 1967. The instructor was Andrew S. PARMERS (known to trainee as Pablo ZELAYA) from KUROAS, Headquarters. Subjects covered were clandestine communications, operational security, Soviet Bloc intelligence activities, and operational reporting.

2. As a student, Subject was cooperative, participated with enthusiasm, and performed all requirements well. Although he has had very little previous formal training, he has had much practical experience and assimilates theory rapidly.

3. As a person, Subject is mature, calm, friendly, has a sense of humor, practical, a doer rather than a thinker, aggressive, and confident. He has broad area knowledge, is satisfied with his cover employment and with his KUBARK employment. He has no complaints and showed good emotional stability. He likes Mexico and Mexicans, and speaks excellent Spanish.

4. He has a very limited knowledge of KUBARK functions and organization, but he considers himself to be a careerist in this organization.

<p>1. Station Mexico City appreciates Headquarters forwarding of the dial recorder pressure tape for project LIFEAT. While trying to expend the regular tape on hand, Station had experimented with the new fiber-tipped pen as a substitute for the standard ball point pen in the dial recorder. However, either the altitude or the dry climate (or a combination of both) dried out the fiber-tipped pen after short periods of use.</p> <p>2. <p>Thomas C. INDEXING CAN BE ACCOMPLISHED
BY QUALIFIED HQ DESK ONLY

REFERENCE(S)

139A-13320

1. Headquarters approves the suggestions made in reference for adapting the ZONAR format to LIENVOY needs. The Station will use the first two columns for numbers running from 01 to 30 to designate the recording machine on which the material was received, and the 6 spaces in column three will be used for the dossier number assigned the target. Under this system, the Station has room for expansion up to 999,999 targets. The name IN, name OUT, and telephone number columns will be the same for LIENVOY as for the system applied to LIFEAT/ZONAR abstracts.

2. Headquarters has several questions on the remaining columns.

a. First of all, will the Station have the ZONAR abstract sheets filled out in Spanish or English? If the runs appear in English, they will be of limited value to the Mexicans; if they appear in Spanish, the Spanish and English abbreviations for the same Subjects will not fall together in alphabetical consolidated runs for the subject type runs. (See paragraph 3 below.)

b. According to paragraph 3 and 6 of reference the Station wants the following IRI ZONAR listings every two months:

LIENVOY: 1 copy NAME IN, NAME OUT, TELEPHONE

LIFEAT/LIENVOY consolidated runs: 1 copy NAME IN, NAME OUT, TELEPHONE

The Station now receives two runs of LIFEAT and in addition to the runs listed above, also receives listings by Subject, symbol and diacritical mark. Does the Station no longer need these three types of listings and will one instead of two LIFEAT runs be satisfactory for the Station's needs? The Station receives an extra (third) copy of the yearly cumulative run. Will the Station want one extra copy of the LIFEAT/LIENVOY yearly cumulative ZONAR run also?

c. Does the Station want the ZONAR run for LIENVOY to bear the classification of SECRET?

3. With respect to the use of Subject and Symbol codes for LIENVOY ZONAR abstracting: Whether the runs are in English or Spanish, LIENVOY can use the same symbol column symbols as those which appear in the sterile manual. (Some symbols such as H which indicates LCHARVEST material have been deleted from the symbols passed to Liaison services.)

With respect to the subject codes, the field may translate directly into Spanish the English words against which subject codes have already been assigned, and then abbreviate these words into four letter groups. If the Spanish is used, please submit your list of Spanish abbreviations for Headquarters information records.

<p>REFERENCE(S)</p> <p>1. Enclosed is a clipping advertising a UNIBATH developer, one step photo developing solution, that replaces the three separate solutions now used by the operational darkroom technician who processes the take from the LIMERICK basehouses.</p> <p>2. We now have a time lag of one to two weeks in receiving the take from these basehouses. Most of this time lag is caused by the lengthy developing process in use. If there is anything to the UNIBATH developer, its use in our outside darkroom would be a decidedly worthwhile investment. Inquiries at the local photographic stores revealed that they had never heard of this product. It is requested that a sample of this developer be sent to the Mexico Station, marked For Quinlan GUSLER so that it will reach the proper basehouse processor. If it proves successful, arrangements will be made through a local firm to place an order for the quantity necessary to meet the operational requirements.</p> <p style="text-align: right;">Willard C.
