

I am an unalienated citizen of the U.S.A. and as either myself nor my forebears can claim to have fled from any kind of aggression, I am clearly not eligible for their legal assistance, and must therefore apply to the American authorities myself for resettlement. This fine point delivered with much dignity and profundity left me more dazed than enlightened when I left their office. Last year however - by careful observation and quoting precedent I managed to elicit a promise from them to pay for my passage aboard, when I receive my visa, but not being E.P. and registered with them I must arrange to get my own entry or destination visa for resettlement. I must also consider the passage money as a loan to be refunded when I am fully settled in a new country. I have agreed to all that George ~~and~~ it will lessen the burden I am already putting on you. but as I have said this organization will only start functioning for ^{me} when they receive my destination visa for resettlement (damn that word and phrase) Once they have that in hand they will stand surety for me and my passage from Hong Kong, and the British Consulate here will issue me a transit visa for boarding a steamer in Hong Kong. When I land in the colony, I'll report to I.L.O. and apply for a change of destination if they feel that I have a good case they will approve it and still pay my passage to my new destination. This has been done before and are still being done now. There are at present quite a number of people waiting in Hong Kong, being processed for entry into the U.S.A. Do you think it necessary to mention in your application that I was interned

Alien Lead - Eva Kralovensky

1. The Washington Office has received a routine alien lead on Eva Kralovensky, age 23, born in Czechoslovakia, "housewife", endorsed for US immigration by the International Rescue Committee. The Washington Office contacted one of its sources and learned that Miss Kralovensky was a stewardess on one of the three Czech airplanes which flew into West Germany (possibly West Berlin) about four or five years ago. We were also informed that she had been an employee of Radio Free Europe.

2. The Washington Office contacted Alien Branch (Sivess) and asked if there was any reason to proceed further in locating Miss Kralovensky on the assumption that she was probably well-known in the intelligence community. Mr. Sivess checked and informed the Washington Office that there would be covert interest in Miss Kralovensky, and requested that her address be obtained and the appropriate field office be alerted for an alien contact.

3. The Washington source finally determined that Miss Kralovensky moved to California but at the end of two weeks finally settled in Reno, Nevada. She can be contacted at 521 W 6th Street, Reno, Nevada.

2. Mr. Kucner was born in Lwow 6 Feb 1905. He attended the Polytechnical Academy of Lwow from 1925 to 1932 when he received his degree in architectural engineering.

3. From 1933 to 1939 Mr. Kucner worked for the city administration of Poznan as a building construction inspector for the Poznan building construction board of control. This was similar to a city planning commission in the US.

4. In 1940, after the German occupation, subject was sent by the Germans to Warsaw. He worked in Warsaw as a representative of the inspector of building construction board of control until 1944.

5. When the Germans evacuated the city Mr. Kucner was transported by freight car to Leipzig where he remained until the end of the war.

6. Subject resided in several DP camps in Germany from 1945 until his departure for the US in 1951. He was employed by IRO as a technical examiner.

7. During his years in both Poznan and Warsaw, Mr. Kucner was concerned only with residential buildings and was unable to supply information on industrial installations in these cities.

Committee for Negro Scholars - Source Lead.

- 55564

1. In the event that you are not already in touch with Otto Zoff of the American Committee for Negro Scholars, Writers, and Artists, 62 West 48th Street, New York City, we believe that you may find him and/or his organization a useful contact. It has come to our attention that Zoff from time to time recommends Russian language instructors to the Army Language School at the Presidio of Monterey, California. It occurred to us that Zoff would be in a position to provide you with numerous source leads on well educated aliens in the US. These men would include engineers, scientists, and teachers. Not only should he be able to give you the names of DPs in your area, but also those who have moved to areas covered by our other field offices. We know nothing further in regard to the Committee for Negro Scholars (its backing, orientation, reliability).

2. Incidentally, we have a verbal agreement with the Commandant of the Army Language School that we will not use our access to the files of his current language instructors as a means of "raiding" his faculty, i.e. offering CIA employment to them. Therefore, this memorandum is not meant as a source lead for potential employees. Also, we feel that it would be preferable that you do not indicate to Zoff that you know that he recommends personnel to the Presidio of Monterey.

THE INTERNATIONAL RESCUE COMMITTEE

Since the start of the Cold War the International Rescue Committee has organized voluntary American assistance to aid refugees fleeing from Communist oppression.

When the tide of persons fleeing Soviet dominated countries into the free city of West Berlin reached more than 3,000 per day during the Spring of 1953, the Committee successfully marshalled more than \$700,000 in gifts and donations of clothing, drugs and other necessities. This earned the commendation of President Eisenhower and leaders throughout America.

As the historic emergency increases, the Committee's work continues to uphold America's belief in the indivisibility of freedom.

THIS

The Turning Point

On June 17th, 1953 one of the most significant events of the 20th century took place. The inhabitants of the Soviet Zone of Germany rose in rebellion against their Communist overlords. For eight years they had been living under conditions of slavery and starvation.

The insurrection began in East Berlin on June 16th. It was begun initially by a few workers but within hours it had spread to every level of the population. By the 17th of June the uprising had spread throughout the East Zone — a completely unorganized, spontaneous revolt.

At 11:00 o'clock the morning of June 16th the workers in block 40, Stalin Alley, decided to organize a demonstration to protest the raising of the work norm by the regime. By 2:00 o'clock that same afternoon, the mob of people which had grown from 200 to over 20,000 became revolutionaries. Surging in front of the East Zone Government building in East Berlin, they demanded not only the lifting of the norms but free secret elections, the unification of Germany and the abdication of the East German government.

The stories contained here are the stories of a few of those brave men and women from East Germany who played leading roles in the revolt and had to flee to the West. They are representative of 4,000 leaders, many of whom have subsequently been sentenced to death by Communist courts. Some were intellectuals and professionals. Most of them were workmen. All are men who deserve the undying gratitude and support of free men everywhere.

Rare Fists Against Armed Might. Historical Proof of the Perennial, Inextinguishable Urge of the Human Heart for Freedom.

Stalin Alley Block 40 . . .

A CONSTRUCTION WORKER

(WOLFGANG THELICH was a building construction laborer working on Block 40, Stalin Alley.)

"When the work norms were increased the men were furious. We began daily to gather in small groups before and after work. The fear that had made us so cautious gradually began to dissolve. There was, after all, little more to lose.

"By the morning of June 16 we were resolute. As always, we entered the building on which we were working and took our stations. But this day we sat down and refused to work. There was no organization, no leader, but each man knew what had to be done. The foreman dashed in gaping with disbelief. His eyes turned to the spot where the norm increase order had been posted. Two men walked in with a freshly painted sign — 'The Work Norms Must Be Decreased.' The courage of these men inspired the rest of us to action.

"A concrete worker leaped onto a heap of stones. 'I leave it to you as individuals! Those

who wish to demonstrate against the injustice of the norms, step to the right. Others go to the left!" All chose the right. One man was weeping with joy.

"Immediately we began to march in the street unafraid. We started out with 80 resolute men. By the time we arrived at the government building we were 6,000 strong. Over the tumult of the crowd, a man shouted into my ear. 'This is the most beautiful day of my life!'"

The "Free Youth" Revolt...

A 20-YEAR-OLD GIRL

(ELEA SARRE, an instructor within the Communist Youth Movement (FDJ) is a dark haired girl of twenty with pert, intelligent eyes.)

"As I stood in the crowd before the government building, a fellow instructor came up to me and told me to take careful note of the people sympathetic to the demonstration and give him a complete report that evening. I was embarrassed by his apparent hurry to leave the square and told him if he was so afraid for his life he had better jump on a tram in a hurry and get out.

"A few minutes later I forced my way through the crowd and jumped to the rostrum. Many people recognized me as a devoted member of the FDJ. They hooted and taunted me. Never before had I realized how hated the FDJ was. Infuriated by the refusal of the Communist leaders to appear and by the open cowardice of my male FDJ companion, I tore off my FDJ jacket and threw it to the ground. The jeers became cheers.

"I gathered my strength and shouted a warning to the crowd that members of the FDJ and SED were in the crowd and would not only try to dissuade them from the demonstration but also would report them. I shouted, 'Do not allow them to break you up! Stick together!' People began to examine their neighbors. Fist fights started as the hated Communists were spotted. I wanted to say more, but my strength was gone. A new life had begun for me."

The Revolt Spreads...

A MECHANICAL ENGINEER

(N.N., A Mechanical Engineer, Brandenburg.)

"There were only twenty in my group as we marched into the Brandenburg area. At that time we knew only that, according to a broadcast from West Berlin, the workers in East Berlin were on strike. Although we knew that strikes in the Communist Zone were considered political crimes and punishable by two years in prison, we marched on with a feeling of exhilaration. As we strode along we beckoned to the people on the pavement and in a few minutes our number had increased to about five hundred.

"As we approached a factory protected by high iron gates, we noticed employees shouting from the windows. 'We have been locked in. Come, help us. We will go with you.' A pile driver was found and we stormed the gates. The employees rushed out and embraced us.

"At this time, we still thought we were the only demonstrators in the city. As we neared the center of the city, we were amazed and overjoyed to find thousands of people converging from all directions. We had not fully realized that our people, constantly intimidated by spies and police controls, could rise up as one man without a strong central leadership, no weapons—nothing but determination and hope. We were overwhelmed at what we saw."

The Red Flag At Brandenburg Gate Comes Down...

A TRUCK DRIVER

(HORST BALLENTIN is a 20-year-old truck driver of East Berlin.)

"I looked down into the crowd and saw three Soviet officers looking helplessly upward as I climbed to the top of the tower and shinned up the pole. I flung the flag to the ground with great contempt and watched the people tear it to pieces. They applauded and shouted in a way I had never heard before.

"Two hours later when I had the honor of installing the Bear Flag of West Berlin, the Russians had brought three tanks into the square. As I began pulling up the flag they began to fire. Somehow I was able to finish my task and jump to the ground. The flag of West Berlin was in its right place and, miraculously, I was safe."

At Magdeburg . . .

A BAND LEADER

HANS HERZBERG, band leader at the city theatre, was the strike leader under whose guidance the FDJ (Communist Youth Movement) overtook Communist Party Headquarters and the home of the Chief Commissioner of Police were stormed. No event of the day impressed Herz as much as the occurrence at Magdeburg station.

"After we disarmed the Vopos (People's Police) on duty at the station, we tore down the hated 'Passage of Interzone-Dispatching Sign.' As though this in itself could accomplish the task, the crowd began shouting, 'There are no borders anymore.'

"As the interzonal train arrived in the station, the frightened passengers locked the doors and windows, fearing an attack by Communist soldiers and police. As soon as they saw our sign 'The SED is beaten,' the windows and doors were opened and the people burst out, embracing each other, shouting, crying and some even giving away their possessions in celebration, assuming that the union of the East and West was an accomplished fact.

"We asked them to spread the word along on their way to Berlin. At this time we still thought that rebellions were taking place only in Magdeburg and Berlin. We were jubilant a few hours later when we learned from RIAS (Voice of America) and NWDR (West Berlin station) that uprisings were occurring all over East Germany.

"The next train to arrive contained a prisoner car. After a few tense moments we managed to gain control of the train and get the cells open. One of the prisoners was a 74-year-

old farmer who was imprisoned a year before because he had not been able to meet his quota. He was speechless with fright and disbelief. When he was finally convinced that he was a free man, he broke down and wept, overcome with joy. I had to carry him away."

Prisoners Are Freed . . .

A LOCKSMITH

(WERNER MENGELSDORF is a locksmith. He led the heroic liberation of 80 political prisoners in Magdeburg.)

"A mob 3,000 strong stormed into the courtyard of the prison in Magdeburg. The prisoners pressed their worn, pale faces against the bars. A woman in the crowd started to scream as she recognized her husband who had been arrested only two days before.

"The wooden doors of the prison splintered under the weight of the surging crowd. The guards fled. The metal door to the cell block was pried open. Mengelsdorf called for the locksmiths and together they opened the cell doors. Indescribable scenes followed. One prisoner cried, 'Freedom! Freedom!'; then fell to the floor crying. A young man sentenced to 25 years for crimes against the state stepped out of his cell into the arms of the girl to whom he had been engaged. Neither knew the other was there until the doors opened. They embraced, wordless.

"Soviet tanks rumbled into the prison yard before all the prisoners could be released. Mengelsdorf himself barely escaped with his life. His only route of escape lay in swimming the Landwehrkanal which separates East and West Berlin at certain spots. He waited until dark and then made it, narrowly escaping death from Soviet bullets which peppered the water around him. He is today in one of the camps in West Berlin, destitute but resolved that one day will come when all of East Germany as well as the satellite countries will again be free."

Dear Mr. Fondiller:

I have just returned from Berlin. I am reporting to you as one of many observers who are agreed that the weaponless men and women of Eastern Germany stand as the first line of defense between us and the tyranny of Soviet Power. The entire world is now aware of what has been happening in East Berlin and East Germany since June 17, 1953.

But do you know why this most remarkable revolution occurred - how these people just like the young couple next door, the truck driver down the street, the band leader - have been able to rebel against overwhelming odds? It is not only out of sheer desperation because of the insufferable conditions under which they have been living. People in the other satellites are suffering. These are people who are desperately weary of tyrants of all political shades and colors. Through the window of West Berlin we gave them hope for a better world and they have become our allies. We cannot let them down. When we do we have lowered the first defense in the battle against tyranny over the minds, hearts and bodies of men.

The enclosed personal accounts of the June 17th rebellions are dramatic proof of man's invincible desire for freedom. The International Rescue Committee is doing everything possible to aid these brave men and women including some of the resistance leaders and proscribed members of their families. We need your help to continue this vital work.

We are asking you to send us your contribution so that we may continue to sustain the bodies of these brave men and women in whom the flame of freedom is burning. The aid we are extending to them is a message the whole world understands. A message which says that we believe in the dignity and goodness of people enough to help them survive their worst times so that they can fight for better times.

Sincerely,

Leo Cherne

Case 12813

REF: Mr. Cain's 19 March 1953 conversation with Mr. Delaney.

1. We made an informal inquiry of the New York League for the Hard of Hearing to determine (a) whether it would be possible to teach a person to lip-read efficiently, (b) whether it would be possible to teach lip-reading to a person who is losing his hearing, and (c), if so, approximately how long it would take and how much such training would cost.

2. We have found that it is possible to teach both hearing persons and persons who are in the process of losing their hearing to lip-read proficiently. With our going into the premises more thoroughly the New York League could not tell us how long such training would take. We observed that simple phrases can be learned in a short time. Also, we found that the League has taught lip-reading to hearing persons in special cases which were described as "girls confident that nature". (It is noted that the FBI has used agents as lip-readers in the past and it is possible that they were the "special cases").

3. As the New York League for the Hard of Hearing operates under the New York State Board of Education we were unable to determine the cost of lip-reading training in our informal inquiry. If we could have more details, we could try to obtain more definite information.

4. If you have any questions or comments, please contact Miss Webster in extension 2264.

Concern about Physical Security of Gisela Wassilow, IAC Representative in Berlin

1. A source of this division, who has been associated with Gisela Wassilow in the IAC, has transmitted a letter, dated 23 Feb 53, written by her. She has been Director of the Berlin Office of the IAC for approximately three years. A copy of the letter is attached.
2. The source knows Wassilow as a calm person not given to hysterics.
3. This information is being transmitted also to IASO.

STANDARD FORM NO. 64

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Contact Division
 FOR : Alien Branch (Czajkowski)
 FROM : Chief, New York Office
 SUBJECT: Concern about Physical Security of
 Gisela Wassiliew, IRC Representative in Berlin
 REF : Our TK NY-9780, dated 30 Nov 51 (to Alien Branch)

DATE: 27 February 1953

1. In reference wire, David Martin recommended subject individual (whose name he spelled "Wasiljew") for contact by this office. Martin described this German national, wife of a Russian DP then and now in the US, as "exceptionally capable, intelligent, with rare political understanding". She has been director of the Berlin office of the International Rescue Committee for some three years (perhaps longer). As you know, the IRC has been prominent for aid given to West Berlin and is currently in the midst of a campaign for aid to refugees arriving there in increasing numbers from the East.
2. Mr. Becker, present executive director of the IRC, has passed on to us a letter from Mrs. Wassiliew, dated 23 February 1953, in which she reports alleged attempts on the part of "the East" to kidnap her. In view of her activities and her connection with Rainer Hildebrandt's Kampfgruppe gegen Unmenschlichkeit, there may be some basis for her fears. Mr. Becker, who knows her as a calm person not given to hysterics, is deeply concerned about her safety and has stated that he would have replaced her with a U.S. citizen if it were not so difficult to find a qualified successor. He has requested that we communicate with any U.S. agency or department in a position to provide physical security for persons representing U.S. interests in Berlin.
3. We have promised Mr. Becker to pass on his request to our superiors, but we told him that we were not aware of CIA facilities abroad or of CIA responsibility for coordinating action abroad with other appropriate US Government agencies. We therefore suggested that Mr. Becker himself communicate with such agencies to the best of his ability and did not commit CIA to any action upon his request.
4. If, in your judgment, the covert staffs might be interested in this problem or a justifiable representation to other agencies (e.g. Defense or State) can be made, we feel that such action would serve U.S. security interests and, incidentally, benefit IRC in a measurable way. We are attaching Mrs. Wasiliew's letter for whatever use you care to make of it.
5. This office has had no contact with Mr. or Mrs. Wassiliew, and these individuals are not aware of any possible CIA interest, to the best of our knowledge.
6. Please advise whether there is anything you can do, whether Mr. Becker should approach another Government agency (if he has not done so in the meantime), and what reaction, if any, we may pass on to Becker.

Memo to: ABE (cc: Munich, Frankfurt)
From: Ciseles (Vassiliev)
(3. Emserstr., Berlin Wilmersdorf
Germany)

Dear Abe:

I am sorry that I must bother you with my personal problems, but since I don't know what to do under the present circumstances I am begging you for understanding.

As you know I always had trouble with "the other side". If somebody works in this field he must be endangered after a certain time. I believe I told you about the calls in Russian and about the spies who are constantly around me since about 1951. I am used always to be on the alert and to look around me carefully, this is the only thing I can do. In addition to that I bought a dog in the summer of last year.

Since about four months the attempts of the East to get have increased. I had several rencontres with them and have informed the police. But since we have so many people here in Berlin who have good reasons to feel endangered they cannot watch everybody constantly and the person in question is more or less left to his own measures.

Last Wednesday night I ran into a situation which would have meant the end for me if a friend of mine had not happened to be with me. This way they did not dare to because they are accustomed to see me always walking alone; and cars and helpers disappeared (not around). I have reported my situation again to the police, they promised to do what they can, but it is so that I have to work out something that makes it a little more difficult for them to complete their plan.

With friends who work in the same field and who know about these things I have worked out the following: I must sell my dog and buy a sharper one. When I bought him in July last year the situation was completely different. I did it merely as a measure of precaution not because I had proofs of the danger I was living under. For this purpose he is good but not for the purpose for which I need him now; he is not sharp enough. They have already calculated my dog into the plan. I absolutely need another much sharper one. But I must tell you frankly that even if I sell my dog I would not be able to buy the new one, because they are terribly expensive. Then I have decided that I cannot go to the office and come home alone anymore. I can move from one of my friends to the other for a certain time but not constantly. A friend of the Committee will pick me up every morning and bring me home at night in his car. In the meantime I'll talk to Mrs. Wolf of Arbeiterwohlfahrt, who has an office car and arrange with her that her driver pick me up. But this will take some time until I have reached her and discussed the matter with her.

Please don't believe that I am hysterical, on the contrary. But now it is so that I not only feel endangered but I have knowledge of their intentions and I am sure I would not get out again, once they have had hold of me.

Cordially yours,

/s/ Ciseles

MEMORANDUM FOR: Acting Director of Central Intelligence

VIA : Deputy Director (Plans)

SUBJECT : Conversation between President Lopez Mateos of Mexico
and Mr. Winston Scott, Chief of Station, Mexico

REFERENCE : MEXI 5698 (IN-49514), dated 8 June 60

1. This memorandum contains a suggestion, in Paragraph 3, for the consideration of the DCI.

2. On the night of 7 June, President Lopez Mateos requested Mr. Scott to inform "his good friend, President Eisenhower," of the following:

A. That the President is a friend of the United States, "not only because of necessity but of genuine desire and ideology".

B. That the invitation to President Dorticos of Cuba was extended two weeks after it was indicated that Dorticos was going to Mexico "on his own", through the Mexican Ambassador in Cuba.

C. That he will not invite Fidel Castro to Mexico even though Cuban Ambassador Jose Antonio Portuondo told President Lopez Mateos that Dorticos will request an invitation for Castro.

3. President Lopez Mateos also asked that President Eisenhower be informed that he is delighted that a decision has now been made to get rid of Castro. 24 The DCI may wish to inform the President of the above.

4. President Lopez Mateos was indirectly informed of CIA intentions in regard to Castro through a conversation between Mr. Scott and 0608 Jose Lorenzo Cossio, Advisor to the Mexican President, who informed Mr. Scott that President Lopez Mateos would not invite Castro to visit Mexico, even though Dorticos is going to ask him to do so. Mr. Scott suggested that if the Mexican President helped CIA to achieve the overthrow of Castro, he would not have to deal with the problem of inviting Castro to Mexico. 24

Matters for discussion with Anthony R. PONCHAY
on Move of AMICAR to Mexico

Rome

JOHN FRYAT

For PONCHAY

The following is in response to your request for a summary of points that need to be clarified in discussions between you and Station Mexico on the forthcoming move of AMICAR to Mexico City.

1. Political

A. The requirement that the "overt" office will consist of only three officials, the others being "covert", and the statement that "the presence of large AMICAR in Mexico should not become known and never admitted". Cf. MEXI-5904, 24 July. (Comments: It would appear impossible to comply with this requirement if there is to be an overt office and any AMICAR publicity in Mexico or elsewhere, since the identities and whereabouts of all AMICAR members will be a matter of public knowledge.)

B. The statement in para 3, MEXI-5943 that the Mexican Government will not be friendly unless AMICAR activities and "plotting to overthrow Cuban Government" remain covert. (Comments: Since there is to be an overt office and propaganda department and AMICAR has been, and will have to continue to be, described as a group organized for the purpose of removing the CASTRO government, their necessary propaganda activities toward this end cannot be covert. Could it be modified to apply only to agreement that no military invasion would be launched from Mexico?)

24,01
C. Clarification of the words "disavow" and "established" in the following statement by LITTON JR: "...may have to disavow AMICAR and the effort should be established AMICAR in contact with AMICAR in Mexico". (Comment: Since there will be no overt LITTON JR support AMICAR, the term disavow is ambiguous. That will constitute its being established that LITTON JR is in contact with AMICAR? Certainly we can expect the charge will be made many times by the Soviets and Cubans.)

01 24
D. Possibility of LITTON JR holding meeting to brief AMICAR leaders on Cuban subversive activities Mexico (para 5, MEXI-5953) before arrival of AMICAR, which would undoubtedly be of assistance in obtaining popular and official sympathy for AMICAR activities.

2. Propaganda

24 We plan to have AMICAR propaganda department in Mexico, but it will be impossible for them to operate effectively, or indeed at all, if LITTON JR continues to insist on AMICAR activities in Mexico "remaining covert" and not becoming public or press issues. To feel a tremendous publicity drive should be made throughout Latin America at the time of arrival of AMICAR in Mexico. Station MEXI assets will be needed to a large extent in improving the public and political climate to allow AMICAR people to work effectively. Also, it is hoped station will be able to guide and support AMICAR, who will arrive in Mexico soon to produce a radio in exile, which will ostensibly be independent but actually will be pro-AMICAR. AMICAR will also make satirical, humorous radio tapes for broadcasting over Radio Swan.

G/W

Sub-Cat-3-T

HQB-8288

3. PM

Requirements set forth DIR-40133, dated 15 July. If permission could be obtained for use this territory, even if only for 72 hours prior and during the main strike operation, the project would be advanced materially.

4. CI

A. No conceal requirement that TRICKER contact with Station and with AMICAR be clandestine. Need Station's assistance in working out mechanics of these contacts.

24 B. Station's advice and assistance needed on following: (1) provision of unilateral telephone tap/mike installation operational data for AMICAR consumption; (2) protection unilateral (own, enemy) of AMICAR members against enemy agent executive actions; (3) unilateral agent surveillants to check on security and loyalty of overt/covert AMICAR members; (4) collection of secure safe sites for housing of AMICAR members, for overt office, and for covert meeting sites.

24 C. Mexican Government capabilities in terms of protection of overt AMICAR members against enemy agent executive action operations.

D. Can Station communication facilities (pouch and cable) be used for secure AMICAR communications between members in Mexico and those in PERDIE and elsewhere?

1. G-2 reported that on 7 May 1950 a B-26 type bomber arrived in David, Panama, from Brownsville, Texas, due to a low gasoline supply. The plane was headed for Tocumen Airport in Panama City, and carried as a crew the following according to G-2:

Frank ORGEL, U.S. Citizen, Pilot
O. MARTINEZ, U.S. Citizen, Co-Pilot
Steve MURRAY, U.S. Citizen, Mechanic
Mauricio CASTRO, Panamanian, Passenger

(A tire blew out at David, and Mr. John LEROU, Civil Aeronautics technician at Tocumen Airport was instrumental in getting a spare tire to them,

2. Mr. LEROU advised this office that he had met Steve MURRAY in Havana in April 1950 in company with a fellow named ZORILLO, who claimed to have some connection with the Secret Police in Mexico. LEROU described MURRAY as an adventurer who had been in the Philippines and the Far East and whom he suspected of gold smuggling activities. LEROU said that MURRAY was pilot of the plane and he thought it was unusual that so fast a plane as this and as expensive to operate was being used when it had comparatively little cargo space. In May 1950, when MURRAY was in Panama, he told LEROU that he was buying orchid bulbs.

3. On 16 June 1950 the following information was received from Civil Intelligence Section, Panama Canal, regarding this matter:

"It has been reported that Very frequently a B-26 airplane (N5546N - a Martin Marauder) makes trips between Tocumen and David, R.P. It is piloted by Steve MURRAY, and at least two other Americans ride on the plane, which is sometimes met at Tocumen Airport by either Tito, Harrodito or Toni ARIAS. On landing at the airport it goes directly to a hangar, and allegedly the only ones who visit it are the ARIAS brothers, PASTOR Ponce, Chief of the Airport, and one (fnu) LINARES, Chief of Customs at Tocumen.

Informant stated that it was believed at first that the plane was engaged in arms contraband, but later it appeared more logical to assume that it was involved in another type of smuggling, possibly drugs.

Virgilio RAMIREZ, then Chief of the Control Tower, is said to have stated that the plane comes and goes without being registered at the airport under orders of POME, Airport Manager; that the plane lands without signaling

7/1/50

by radio or talking to anyone for fear of detection at Allbrook Field, but that it is signalled by means of a light which indicates that the field is free for landing. According to informants, RAMIREZ and one Jimmy SMITH told those that Panama's air agreement with the United States regarding landing rules was thereby being violated, and that these two men were afterwards received from their jobs.

Informant adds that the above plane landed at Tocumen from David on 11 May at 5:45 p.m., on 12 May at 6:51 p.m., on 14 May at 6:19 p.m. and on 16 May at 9:16 a.m.

The above information was allegedly given to President ARIAS by the Minister of Government and Justice, and he apparently showed little interest in the subject, merely stating that the matter should be investigated to see what there is to it.

Upon receipt of this information it appeared that Virgilio RAMIREZ might have been the source, since he was fired from his post at Tocumen Airport and was dismissed about it. It was ascertained that the information contained in the above paragraph, in which RAMIREZ is mentioned, was reported by RAMIREZ but the other information came from other Civil Intelligence sources.

4. On 6 July 1950 Mr. LING advised that the above plane and Steve MURRAY had returned to Panama and that the Minister of Government had ordered that the plane be dismantled and searched, but he could not ascertain the basis for the search. LING had talked to the Manager of the Airport, Rafael PASTOR Ponce, and with Teofil ARIAS, Director General of Civil Aeronautics, and a nephew of President Arias, who indicated that they were aware of the Minister of Government's order but did not know what was behind it. Both felt that it was an extreme measure, which should not be carried out.

5. On 8 July 1950 Mr. MURRAY called at the Embassy to obtain assistance in securing the release of his plane. Briefly he stated that he had departed from Mexico City via Managua and arrived at Tocumen at 7:30 p.m. 5 July. His passport reflected the following:

Name: Steven T. Murray
Passport No.: 1824
Issued: Manila, December 2, 1946
Renewed: Manila, December 27, 1948
Expires: December 1, 1950

He furnished the following additional information:

Type of Plane: Converted B-26
U.S. Registry: N 5546 N
Pilot and Owner: Steven T. Murray
Co-pilot: Frank Gergel, U.S. citizen
Flight Engineer: Cristobal Martinez, Mexican citizen
Passenger: Mauricio DE CASTRO, Panamanian citizen (bearer of official passport), passenger from Mexico City to Tocumen
Destination: Brownsville, Texas
Purpose of Trip: Business

14-00000

Consequently:

He stated that he was in the export-import business and that he dealt in gold. He said that he had come to Panama to see a man by the name of SAs, a gold dealer from Buenos Aires, about gold shipments.

6. On 8 July, Minister of Government Alfredo ARRIAS reported the matter to the U.S. Ambassador, stating that prior to arriving in Panama the plane had been signaled, that all was not well at the airport and that the crew had jettisoned cargo prior to arrival. (A check with the Air Force authorities does not confirm that any such message was sent and MURRAY denies that anything was jettisoned. He insisted that he was coming to Panama to discuss the gold business but that he had no cargo.) The Minister also advised the Ambassador that PASTOR Ponce had been fired as Head of the airport.

7. In a conversation with PASTOR Ponce and MURRAY on the night of 8 July [LIRON] was advised that PASTOR Ponce had, in fact, been fired and that he was determined to bump off Toni ARIAS. Both MURRAY and PASTOR Ponce claimed that Toni ARIAS was behind it all but that PASTOR Ponce was the fall guy.

8. The Mexican referred to, Cristobal MARTINEZ, and the Mexican, ZORNILLO, are believed to be identical. SAs has been identified as Bernardo SAs, a gold dealer, who operates in Buenos Aires and Montevideo. Civil Intelligence Section has advised that SAs was staying with Toni ARIAS and that SAs had departed from Panama hastily. CIS also advised that President ARIAS at first had given orders for the dismissal of both his nephew, Toni ARIAS, and PASTOR Ponce, but it was later agreed that Toni ARIAS would not be fired to avoid a public scandal involving the President's family.

9. (The present status of the matter is that the plane has been searched with negative results, that the plane is still being held by the Panamanian authorities and that MURRAY and others are endeavoring by every means possible to secure the release of the plane. The head of the Tocumen Airport, PASTOR Ponce, has been dismissed and Toni ARIAS, the President's nephew, will probably be allowed to withdraw from his position gracefully.)

SUBJECT: Cuban Economic Crisis

OPERATIONAL COMMENTS:

⁰⁵ [Source Alberto FERNANDEZ Rechavarria,] ⁰⁸ [the chief of the Cuban Sugar Stabilization Board who has the job of selling Cuba's sugar.] A former active member of the 26 of July Movement during the revolution, he is now disillusioned, and reportedly is not going to last much longer in his job. He is wealthy and his family have lost through CASTRO's economic reforms. He appears to know a lot about the government and also seems to have an insight into CASTRO. He regards CASTRO as some type of a UNIVAC machine, his mind automatically photostating details which he can and will use in the future. He says that CASTRO is ruthless, and that nothing can stop him in his determination to do something, i.e., agrarian reform, and that he will sacrifice his friends, his family, his money, and his fortune to accomplish his purpose.

Again illustrating the present situation in Cuba, the source said that he cannot publicly have contacts with American officials--refusing to let the writer use his telephone--and he said that a record is kept of all his calls and that his movements are periodically checked.

The advisor who warned CASTRO in paragraph one of the attached report was the source.

As a possible reference to this report and particularly to field comment number two, see HAVA-2526. ⁰⁸ IDS - 3/4/61, 583

The second source referred to in Field Comment No. 2 was ANPACK-1 who obtained his information from the president of the Banco Industrial de Cuba.

SOURCE: Cuban Government Official (F).
Appraisal of Content: 3

- Contrary to the reports which are issued by the Cuban Government, the financial status of the Cuban economy is rapidly deteriorating and becoming a serious problem. During July 1959 an advisor to Prime Minister Fidel CASTRO Ruz, warned him to proceed more slowly with the agrarian reform, because the Cuban treasury was running short of funds. It was pointed out that 57 sugar mills were bankrupt and had not paid the plantation owners for the 1959 sugar crop. CASTRO was told that if the reckless confiscation of agricultural properties continued, the Cuban Government would become obligated to assume even more debts in order to alleviate the hunger of farm workers.¹
- Another drain on the economy is government subsidies. For example, the Banco de Desarrollo Economico y Social (BANDES, Social and Economic Development Bank) controls about U. S. \$400 million in properties and investments such as the Compania Cubana de Aviacion (Cuban Airline Company). The companies have been caught in the present contraction of capital and cannot survive without government subsidies. The subsidies paid by BANDES amount to U. S. \$8 million a month, and this is only one example of the many payments which are draining the Cuban treasury.²

Field Comments.

- From the reports which have been received it appears that there is growing unemployment of farm workers. This is the "dead season"—the period between sugar cane harvests—but it is reported that most plantation owners and ranchers are fearful of confiscation of their properties for the agrarian-reform program, and consequently are doing very little in the way of maintenance work. The latter provided at least a marginal field of employment, and this is now denied to the agricultural workers. However, in spite of this warning, the agrarian-reform program has not been slowed. In fact, it seems to have been intensified.

2. The source thought that nothing could stop CASTRO in his determination to proceed with the agrarian reform program as fast as possible. Since the biggest obstacle to carrying out this program is the lack of money, the source was of the opinion that CASTRO would do anything to obtain this money and might even confiscate bank accounts and moneys and negotiable instruments held in safety deposit boxes. Carrying this one step further, the source thought such confiscatory tactics could only be a temporary saving device and that eventually it would be necessary for CASTRO to obtain a large loan from another country. He speculated that this would mean either the United States or the Soviet Union, and feared that if it were the latter, it would mean the end of friendly relations with the United States. In respect to CASTRO's possible need for a loan, another, fairly reliable, source reported on 18 August 1959 that CASTRO was trying to obtain a 30,000,000-peso loan from local banks.

A Provisional Operational Approval is granted for the use of this Subject as set forth below.

A Provisional Operational Approval issued by CI Staff grants the same authority, on a temporary basis, for the use of an individual as the authority granted in an Operational Approval unless otherwise specified by CI/OA. It is based, however, only on preliminary file checks and investigation and is subject to a further final review when all investigation is completed.

To process the Operational Approval, full information (completed PRQ Parts I and II) must be submitted as soon as possible and not later than six (6) months from this date. An Operational Approval will follow when all investigation is completed and upon the receipt of satisfactory PRQ Parts I and II. Cancellation must be requested if use of Subject by interested Divisions ceases.

1. As stated in the reference, ANGAME-1 claims that G u i t a r t has relatives living in the U.S. The AMOTs were asked for any information they might be able to provide on such relatives. Forwarded herewith is a copy of OTA-3909 with information available to the AMOTs on the two individuals they believe to be Guitart's half brothers, Agustin G u i t a r t Campuzano and Miguel Antonio G u i t a r t Campuzano. Also included is information on Guitart's mistress, Mar J u a r e z Fernandez. There are no Station traces on either of the brothers.

2. Station traces on Mar JUAREZ Fernandez indicate that she is the head of the Ichthyology Department of the Oceanographic Institute. In February 1967 a refugee source reported her to be the assistant to Guitart in the Plankton Department of the Oceanographic Institute of the Cuban Academy of Sciences, and one of the founders of the Institute of Oceanology. She had formerly been a professor of biological sciences at the University of Havana. In 1966 she was given a UNESCO scholarship to study in an unidentified European country but the Cuban Government did not give her permission to leave the island. In 1966 she was nominated to attend a convention in the USSR but again was not given permission to leave Cuba. She has been opposed to the regime since 1963 and was anxious to leave Cuba.

Resides at 204 N. Ashville Circle, Monteavillo, Alabama. Father of the refugee Miguel H. GUITART Tabares who arrived in the U.S. on 10 Apr 70. Ref: PIR C-080-056.

2. Please, note that Agustin and Miguel Antonio have the matronymic Campuzano while Subject's matronymic is Manday or Mandey. This makes us believe that they are half brothers (children of the same father). Also note that reports indicate that Subject was born around 1923 while Agustin and Miguel Antonio were born in 1910 and 1908 respectively. Their difference in age is around 13 years. Agustin and Miguel Antonio were reported as being brothers of Dario GUITART Mandey by Orlando JAMBU Fernandez (A17 362 397). On 20 May 1966, JAMBU provided data to prepare a Summary of Information on Dario GUITART Mandey. In this Summary (we are

OTAS009

-3-

attaching a copy in Spanish). JAMBU identified Agustin and Miguel Antonio as Agustin and Miguel Antonio GUITART Mandey. He did so probably because he did not know that they are half brothers who have different matronyms. We are certain that the individuals reported by JAMBU are Agustin and Miguel Antonio GUITART Campuzano because they have the same occupations.

3. We are also forwarding a copy in Spanish of a Summary of Information on Mar JUAREZ Fernandez who has been identified as Dario's mistress and as head of the Department of ^{AAI}Iceology of the Institute of Oceanology.

4. In our opinion, Agustin and Miguel Antonio GUITART Campuzano could provide information on Dario and explain whether they are half brothers.

Sr. Ramon Canayd,
Holguin, Cuba.

Mi distinguido amigo:

No sabe Ud. bien cuanto le agradezco su carta y las noticias que me da de toda la familia. Yo la lei con algunos dias de retraso porque estuve de vacaciones durante casi tres semanas, fuera de esta Ciudad, y cuando regrese pase por la casa de la mama de Diana para recogerla.

Me gusta su estilo porque Ud. tiene facilidad para describir el caracter de las personas que lo rodean y tal me parece que está viendo a quienes Ud. describe y a quienes se refiere en sus cartas; cuando por cualquier tipo de circunstancias uno se ve lejos de la Patria, las cartas de los amigos y familiares representan o producen la mejor de las emociones que se pueden sentir. Por esa razon le agradecería muy mucho que no perdiera la costumbre de escribirme cuando sus ocupaciones se lo permitan; puede seguir haciendolo a la direccion de la Mama de Diana, poniendo en el sobre "para Tin" que es como cariñosamente ellos me conocen. Resulta un verdadero placer conocer del progreso y del desenvolvimiento de la gente que uno estima y quiere, aunque sea por carta. Cuide de su salud pero no se preocupe mucho porque la enfermedad que Ud. padece es transitoria y dado el tratamiento que Ud. dice seguir, tengo la seguridad de que pronto se sentira bien del todo.

Un saludo afectuoso para toda su familia y Ud. sepa que le aprecia de veras su amigo,

Agustin.

Dear Dr. Guitart,

Please excuse my writing in English but I find myself short of time and it is quicker if I write in English.

I am returning herewith the papers you forwarded to me and am also enclosing a visa waiver for Daisy GUITART Fox. Visa waivers are of little value these days because of various restrictions that have arisen in connection with travel to the United States from Cuba via another country. This situation I will discuss with you when I am in New Orleans which I expect will be during the week of 12 August 1963.

You mentioned that your son, Jorge, might contact me. To date, he has not called so I trust that there has been no need on his part to see me.

Since I have received no word from you I suppose Rene has not yet answered your letter. Let us hope that we hear from him soon.

I would like to discuss with you the possibility of contacting your friend Sr. Camayo of Holguin. Perhaps by the time I arrive you will have had some good ideas on how best to carry this out. I'm looking forward to seeing you and will call you as soon as I arrive in order to make an appointment to see you.

Best regards,

Carl Teels

Dear Mr. Tella:

Posiblemente mi hijo Jorge, que vive en Washington, solicitará una entrevista con V. y le consultará un problema que él tiene; me agradecería que V. pudiera ayudarlo. Él sabe que V. y yo somos amigos y nada mas; con esto quiero decirle que él no sabe cual es el motivo de nuestra conexión.

Hoy recibí una carta de mi pariente en Santiago de Cuba y me dice que (su carta tiene fecha Junio 13) ~~que~~ la última que recibí de mi parte tiene fecha 25 de Marzo; esto significa que las cartas de aquí para allá están demorando mas de los diez días que suponíamos; es posible que las cartas que salen de esta ciudad vayan, primero, para Miami y de allí sean remitidas a Cuba vía Mexico; esta es una suposición mía ya que yo he escrito varias cartas para Santiago de Cuba con fechas posteriores al 25 de Marzo y anteriores a Junio 13 y no me explico el por qué de la demora. Si V. sabe de alguna forma para que la correspondencia vaya más rápidamente, podríamos utilizarla.

Como le decía en mi carta de ayer, aquí le incluyo las visas de mi hijo y de su familia; me refiero al hijo mío que vive en Cuba; en su última carta él me dice que ya solicitó el pasaporte de la mas pequeña de sus dos hijas, que nació el 13 de abril de este año y cuya visa waiver fué solicitada por mí hace cuestión de un mes, poco mas o menos.

Tengo informes acerca de que la Cruz Roja Internacional es la entidad que hace gestiones y que ha logrado el traslado de muchos refugiados cubanos desde la Habana; de no ser por conducto de esta organización sería necesario obtener del Departamento de Estado (Washington) una autorización para que mi hijo y su familia logran que las visas waiver que poseen les sirvan para trasladarse desde México a los Estados Unidos. Con esta autorización, creo que sería fácil obtener de las autoridades mexicanas visas de tránsito por Mexico.

De todos modos le estaré muy agradecido por las gestiones que V. haga para lograr el traslado de mi hijo y su familia que esta compuesta de las siguientes personas:

Agustin Ramon Guitart Toro
Daisy del Carmen Fox Padron (Esposa)
Maria Elena Guitart Fox (hija mayor : 17 meses de edad)
Daisy Guitart Fox (hija menor : 2 " " ")
Carlos Fox Mayol (suegro o father-in-law)
Irma Fox Padron (cuñada o sister " ")

Domicilio en la Habana: Calle 68 No. 1514 entre 15 y 17, Marianao, Habana, Cuba.

Dear Mr. Teels:

La segunda carta para Santiago de Cuba ya fue puesta en el correo y estoy esperando la respuesta de la primera.

A continuación le copio parte de una carta del amigo de Holguín, dirigida a un familiar residente en esta Ciudad :

"El país se está convirtiendo en una gigantesca base militar, mas allá de todo cálculo. Existe un frenético movimiento de armas de todas clases; miles de vehículos militares se mueven a todas horas del día y de la noche. Están estableciendo campamentos militares y aeropuertos en todas partes. Todas las lomas de piedra han sido perforadas para el almacenamiento de armas, a prueba de bombardeo. Miles de rusos han ocupado el país y se les puede ver por todas partes. La represión es salvaje y están preparados para enfrentarse a cualquiera invasión en gran escala. Las antiaviones (ametralladoras) conocidas por cuatro bocas han sido sustituidas por lanza cohetes. Palma Soria, Songo y La Maya están fuertemente fortificadas. La Loma de las Piedras, entre Baire y Jiguaní tiene emplazamientos de cohetes. Las conocidas cuevas del Pepu, a cinco kilómetros de Baire- hacia la Sierra Maestra- las han convertido en depósito de armas de todos los calibres". (Esta carta salió de la Habana, o Cuba, en la primera quincena de Mayo.)

La carta donde habla de la base de submarinos de Banes se le ha extraviado pero me ofreció buscarla. Mientras tanto, estoy escribiendo al amigo de Holguín invitándole para que me escriba con la mayor cantidad de información.

En sobre aparte le estoy enviando las copias de las waiver visas de la familia de mi hijo; la única que falta es la de la mas pequeña de las niñas, que nació el 13 de Marzo; yo escribí al Departamento de Estado solicitándola pero todavía no he obtenido respuesta; la carta la dirigí al Sr. Whitaker (Visa Office).

Sin otro particular, le saluda su amigo,

Querido Dr. Guitart,

En mi carta del 24 del presente, se me olvido adjuntar el sobre para la carta que usted va a escribir a Rene. Este sobre, adjunto a esta ha sido especialmente preparado y es deencial para la disposicion de comunicaciones que nosotros hemos discutido.

Le ruego, por favor use el sobre adjunto para mandarle a Rene las dos pagina que le mande a usted el 24 de junio.

Otra vez, le agradezco muchisimo por su asistencia. Espero ansiosamente me proximo viaje a Nuevo Orleans para visitar con usted otra vez.

Dear Dr. Guitart,

Adjunto hay dos hojas de papel que contienen el mensaje especial para Rene. Usted se fijara que hay una letra "I" en lapiz en un lado de cada una de las dos hojas. La carta que usted va a escribir para Rene debe ser escrita en el lado del papel que contiene la letra "I." No escriba en el otro lado del papel. Su carta debe ser escrita con maquina, lapiz or bolografo. No escriba con pluma y tinta comun.

Por favor, asegure que su carta sea normal y amistuosa. La carta no debe incluir algo que tenga doble sentido o que de sospecha que Usted esta tratando de impartir un mensaje ademas de lo que usted actualmente ha escrito en su carta. Siempre es mejor seguir con discusiones sobre asuntos familiares - hijos, parientes, planes de vacaciones y otras temas personales.

Siempre que la carta sea normal in apariencia ya el sobre dirigido en forma normal, todo estaba bien.

Estoy ansioso de tener noticias de Rene como lo se que Usted tambien. La carta le ruega que el escriba a su nueva "sobrina", Lillian Martinez, 4517 Walsley St, New Orleans. Spongo que Usted le advirtio a "Lillian" que espere una carta de Rene, que no va usar su propio nombre en la carta o como remitente. Por favor pidale a lillian que no abra la carta. Tambien, hagame el favor de remitir la carta a mi sin abrir. De esta manera nuestro laboratorio podra hacer un examen si la carta fue molestado o no. Tan pronto que nuestro laboratorio desarolle el Mensaje, le mandare copia de la carta y mis comentarios. Mientras tanto si Usted tiene algunas ideas sobre su amigo en Holguin por favor escribame de el para que yo, tambien, pueda empear con mis planes. Dr. Guitart, ha sido un gran placer para mi por haberlo encontrado y tengo confianza que encontraremos nuestra relacion mutuamente productiva. Al fin de todo, nuestras metas son las mismas y podremo asistir uno al otro para llegar hacia ellas. Espero ansiosamente nuestro proximo encuentro y noticias de Rene. Otra vez, mi agradecimiento por toda su ayuda. Mis mejores recuerdos a Usted y a toda su familia.

Sinceramente,

N/Oyleans día 13 de 1963

Querido Rene:

Como ahora estoy de vacaciones tengo mas tiempo para cumplir con los familiares y amigos a quienes debo correspondencia; no tengo ninguna carta tuya a la que referirme; en mi última te decía que había recibido una tuya contándome del arribo feliz del par de boticas para tu nietecita; como se por experiencia que al cabo de una semana cualquier zapato usado por un niño tiene o adquiere el olor característico de quien se orina en los pantalones, estoy esperando la plantilla o el número para comprar el otro par de zapaticos para ella.

Como te decía antes, ahora estoy de vacaciones y puedo dedicarme a leer otras cosas que no sean las materias que tengo que explicar; he comprado varias revistas y novelas; ahora estoy leyendo una muy interesante y muy humana cuyo título en inglés es un poco raro y que traducido al español no tiene nada que ver con el contenido de la novela pues sería algo así como "Humedece las cartas que recibas"; quizás la traducción que hago del título sea un disparate a causa de mi deficiente conocimiento de esta lengua; sin embargo la entiendo perfectamente; aunque me gustaría que la leyeras no te ofrezco mandártela, si la encuentro en español, porque aquí, en el correo, se ponen un poco majaderos con los paquetes que no contengan ropa o medicinas.

La semana pasada tuvimos la casa convertida en un hotel pues coincidieron varias visitas: Jorge y Manolito vinieron de Washington a pasar una semana con nosotros; Miguel y Emma eligieron los mismos días; Willy y su compañero de estudios, regresaron de la Universidad y estudiarán en esta ciudad durante el verano y, por último, un primo de Ed. su señora, la mamá y tres muchachos se hospedaron en casa. Tremenda concentración. Ahora la casa nos luce vacía.-

Espero noticias tuyas; no seas remolón para escribir pues las cartas de la familia nos hacen sentir mas cerca de nuestra tierra.-

Un abrazo,

Hartford, Conn. Jun. 19 de 1963

Mi querido tío:

Me ha extrañado mucho no tener carta tuya en esta semana; se me ocurrió pensar que quizás hubieran tenido que operar a Magdalena aunque tu me decías en una de tus cartas que se sentía mejor de su vesícula; cuando yo padecía de esa enfermedad estuve tomando durante muchos años una medicina llamada Metischonol o algo parecido, que es la maravilla del siglo; si quieres yo creo que aquí es fácil conseguirla y te podría mandar un frasquito para que la probaran en Magda.-

Por casa todos estamos bien de salud; las nietas se ponen mas lindas cada día; la segunda ya cocina y anda hecho un bolido por toda la casa; la primera habla correctamente el español como si fuera un muchacho de siete años; lo mas simpático es que de vez en cuando introduce en la conversacion algunas palabras en ingles, aprendidas con dos niñas de la familia que vive en los bajos de mi casa; se sabe algunas canciones en ingles y las canta con bastante buena pronunciacion; es asombrosa la facilidad que tienen los muchachos para aprender un idioma.

Te también de leer la novela de que te hablaba en mi carta anterior; si pudieras leerla te recomendaría que siguieras algunos de los consejos que el protagonista le hace a la figura masculina de la novela y desde el título hasta la última pagina contienen enseñanzas que se debían seguir al pie de la letra para poder convivir en familia; tu me dirás que estás muy viejo para cambiar pero sobre todo el título es una cosa maravillosa. A mi, con las novelas, me pasa lo mismo que con las películas; me identifico tanto con los personajes que llego a sentir las mismas emociones que el novelista describe de sus protagonistas.

Aquí estan haciendo unos calores insoportables; el clima de Santiago es como un invierno comparado con el verano que padecemos por aquí.

Espere tus noticias. Un abrazo de A.

no sé si interese la letra de mi carta del día 13; apunto de que estaba un poco nervioso; la pluma que estaba usando era de mala calidad y la tinta se corrió fácilmente

Mi querido tío:

Me ha extranado mucho no tener carta tuya en esta semana; se me ocurrió pensar que quizás hubieran tenido que operar a Magdalena aunque tu me decías en una de tus cartas que se sentía mejor de su vesícula; cuando yo padecía de esa enfermedad estuve tomando durante muchos años una medicina llamada Metischool o algo parecido, que es la maravilla del siglo; si quieres yo creo que aquí es fácil conseguirla y te podría mandar un frasquito para que la probaran en Magda.-

Por casa todos estamos bien de salud; las nietas se ponen mas lindas cada día; la segunda ya camina y anda hecho un bólido por toda la casa; la primera habla correctamente al español como si fuera un muchacho de siete años; lo mas simpático es que de vez en cuando intrduce en la conversacion algunas palabras en ingles, aprendidas con dos niñas de la familia que vive en los bajos de mi casa; se sabe algunas canciones en ingles y las canta con bastante buena pronunciaciion; es decombres la facilidad que tienen los muchachos para aprender un idioma.

Te tarabie de leer la novela de que te hablaba en mi carta anterior; si pudieras leerla te recomendaría que siguieras algunos de los consejos que el protagonista le hace a la figura masculina de la novela y desde el título hasta la última pagina contienen enseñanzas que se debían seguir al pie de la letra para poder convivir en familia; tu me dirás que estás muy viejo para cambiar pero sobre todo el título es una cosa maravillosa. A mi, con las novelas, me pasa lo mismo que con las películas: me identifico tanto con los personajes que llago a sentir las mismas emociones que el novelista describe de sus protagonistas.

Aquí estan haciendo unos calores insoportables; el clima de Santiago es como un invierno comparado con el verano que padecemos por aquí.

Espero tus noticias. Un abrazo de A.

no sé si interese, la letra de mi carta del día 13; apuro de que estaba un poco nervioso; la pluma que estaba usando era de mala calidad y la tinta se comía fácilmente
