SUBJECT:	AQUATIC RESEARCH REFACTOR C. Improvement of Telephoto Lenses				
Reference: MEXICO CITY 18834					
<p>1. Two of the Station photographic operations, REFACTOR and REFACTOR, have been using the launch and 150 Baiscope and Leica camera combination for approximately twelve years. These two operations provide valuable photographic coverage of two important targets and new equipment is required to improve the photographic quality and increase the capability for longer coverage during the day when light conditions are poor.</p> <p>2. The Baiscope in the REFACTOR-1 CR has a 150X eyepiece and is located in a very small room. A full length tube telephoto lens of 1000 mm will not fit into the space without taking out a concrete wall partition. Therefore a compact catadioptric lens is required for the project.</p> <p>3. The Baiscope in the REFACTOR-2 CR should also be replaced by the same type of lens system mentioned in paragraph 2. The Baiscope now in use is operated from the top of a table where REFACTOR-2 must also stand to take pictures over a high wall in the foreground. The system must be removed from the table when not in use and stored in a locked foot locker. For these reasons the lens and camera should be light and compact to facilitate their use and storage.</p> <p>4. As can be seen from paragraphs two and three a light weight compact lens system is desired for both projects and the Station</p>

*Audit Report*

*10740-8100767*

November, 1963, and we recommended that the matter be investigated. The current audit disclosed that little or no action has been taken on this matter.

Recommendation: We recommend that the Station determine whether PRBAPANE owes WAFIRM for 1963 taxes, compute profits, and notify PRBAPANE of the results of the investigation.

Warehouse Rent in Excess of Lease Not Adequately Documented

The most recent lease for the LIONION warehouse (MXI-62) was dated in 1962 and provides for monthly rental payments of \$1,000. Since then, the rental payments have been increased to \$1,250 per month, but the lease has not been changed because, in accordance with local custom, recommendations to enter into a new lease due to the costs involved and the income tax implications.

Recommendation: We recommend that a memorandum for the record showing the revised rent be prepared and approved by the Chief of Station or other designated Station official.

Revision of Education Allowance Requires Adjustment of Amounts Paid

Education allowances for Mexico City were revised for some grades during the current fiscal year; however, the Station did not retroactively adjust for differences already paid, as required by section 570.6 of the administrative regulations.

Recommendation: We recommend that education allowances paid for the current school year be recomputed and adjusted to the revised allowances.

Proceeds of Property Sale Not Recorded in Finance Records

In our review of property transactions, we noted two instances (Vouchers 103 and 104) where accountability was dropped because, according to the property vouchers, the property

Technical Information

Reference: HBMA 31767 dated 11 April 1967

1. LIONION 1 photographic results continue to be satisfactory for all concerned. It is therefore advisable that no changes in procedure be made at this time.

2. It is apparent that LIONION 1 relayed the incorrect developing formula for the pulse camera film. Perhaps this error is due to his inactivity in processing such film for over a year. Since the conception of this operation all pulse camera film has been developed in Microdol X. On the other hand, Tri X film used in the LIONION 2 operation (Pentax camera and Balascope) has traditionally been developed in Acufine.

3. All pulse camera film is processed at Headquarters by an automatic Huston system. Time and temperature information which the lab uses would be of little value to your development procedure. The results of your recent test indicate that it should be satisfactory for an occasional check on the equipment.

4. The difference between Plus X Negative and Plus X Pan film is worth only one half "f" stop, which should cause no problem if you decide to use the latter.

ACTION REQUIRED - REFERENCES			
<p>Action: See paragraph 5.</p> <p>1. The LIONION Pulse Camera has been working for well over a year with no major technical problem. A few months ago the 100 foot film magazine had to be repaired because the supply spindles had tightened and put an excessive strain on the motor.</p> <p>2. More recently, the battery supply had dropped to about 22.5 volts or so causing erratic operation. The sensor relay between the VLS-2 and the camera suffered the most because of chattering and consequently arcing between the points.</p> <p>3. To prevent failures of this type in the future, Raymond L. BARCENAS is making a small battery charger at a nominal cost that can be floated across the batteries keeping them fully charged. We are doing it this way rather than ordering a DC power supply because it is less expensive than a commercial model and will not be bothered by house current interruptions or fluctuations. If however, WOACRE/PB foresees any problems by doing it this way, please inform us.</p> <p>4. On a recent visit to LIONION and a check of the equipment, it was found that the lens of his FOCOMAT 1C enlarger has a fungus like smudge between the elements. We cannot detect any degradation in print quality but would like to have a new one in case this is a fungus and it gets worse.</p> <p>5. In summation it is requested that WOACRE/PB provide the following to Mexico City, charge 7135-2403.</p> <p>a. Sensor Relay believed to be a Potter-Bromfield 5A5089 but please check;</p> <p>b. AQUATIC/PBRUMEN/LIONION -- Transmittal of 35mm Pulse Camera

ACTION REQUIRED - REFERENCES

Reference: MEXI-3960

1. The attachment contains the defective 35mm Pulse Camera previously reported in referenced cable. Very little additional information can be supplied, concerning this mechanical failure, other than that reported in the reference. This particular camera was installed on 16 June 1965 and operated normally from that date until the afternoon of 28 June, at which time it began to continually blow fuses. Hugh T. FRANCOTTE entered the LIONION photographic basehouse that night, and when it was found that the problem could not be corrected on the scene, the camera was removed and taken to MKCHARITY for further troubleshooting. It was finally discovered that the shutter motor was malfunctioning and partially burned-out. Joseph M. RESCIGNO stated that since there was a definite "short" in the motor, this would cause the camera fuses to constantly blow.

2. Also included in the attachment are two (2), one hundred foot capacity, film magazines. Both of these magazines are faulty, causing the film to jam. They were both in use with the previous Pulse Camera which became inoperative during late May and was forwarded to KURIOT Headquarters for repair. FRANCOTTE had two (2) new magazines in stock, and they were issued to LIONION/1 for use with the camera presently being returned for repair or replacement.

1. PBRUMEN ORDINARY PASSPORTS FOR LIONIONS 1 AND 2 HAVE EXPIRED. SUBJS CANNOT TRAVEL FROM MEXI BECAUSE MEXI GOVERNMENT WILL NOT ISSUE REENTRY PERMIT IN EXPIRED PASSPORT, PBPRIME GOVT WILL NOT ISSUE VISA IN ABSENCE MEXI REENTRY PERMIT. MEXI GOVT STANDS PAT EXPLAINING, RIGHTLY, THAT PBRUMEN EMB WILL ISSUE NEW PASSPORT TO ANY PBRUMEN CITIZEN REGARDLESS OF POLITICAL LEARNINGS HENCE LIONIONS MUST GET NEW PASSPORTS.

2. FOR REASONS OPERATIONAL SECURITY LIONIONS CANNOT VISIT EMB FOR NEW PASSPORTS SINCE THEY KNOWN BY SIGHT TO EMB PERSONNEL AS MEXICAN NEIGHBORS. THIS SITUATION RESULTED IN COMPLICATED AND EXPENSIVE CXO ESCORTED "BLACK" BORDER CROSSINGS BY LIONIONS LAST YEAR WHEN THEY VISITED RELATIVES IN PBPRIME.

3. CAN HQS OR JMWAVE ISSUE NEW PBRUMEN PASSPORTS FOR BOTH AGENTS? PLS CABLE PROCEDURE. MEXI PREPARED POUCH OLD PASSPORTS AND SPARE PHOTOS. LIONIONS WISH TRAVEL SOON.

4. FYI JMWAVE: LICRAFT-1 RECENTLY PURCHASED TWO EXCELLENT NEW PBRUMEN PASSPORTS IN JMWAVE AREA FOR HIS SONS, AT COST 75 DOLLARS

**AQUATIC/Operational -- Availability of the Nikon Television System**

ACTION REQUIRED - REFERENCES

1. At the time of Hugh T. FRANCOTTE's departure from Headquarters, KURIOT had recently begun an extensive evaluation of the Nikon closed circuit television system. If this particular system is now considered "operational", FRANCOTTE wishes to be so advised, as there may be a possible application for it in support of an operation at the Mexico City Station. Lawrence F. BARKER was recently briefed by FRANCOTTE on the Nikon system, and is now interested in obtaining additional facts concerning it. BARKER, who is responsible for the LIONION Project, foresees a possibility for its use in the LIONION photographic basehouse.

2. It was thought that perhaps the system could be further "operationally tested" at this basehouse, and at the same time, the Station could examine the possibility of a permanent installation. Presently, LIONION/1 is utilizing a Balscope and Pentax camera for obtaining photographic coverage of the entrance to the PBRUMEN Embassy. Provided the television camera could be equipped with a telephoto lens of about the same focal length as the combination of the Balscope and 20X eyepiece, this system might be a suitable substitute for the equipment now in service.

3. It is requested that the Mexico City Station be advised if the Nikon television system is available, and Headquarters thoughts concerning the testing of it at the LIONION basehouse.

ACTION REQUIRED: None. For your information.

REFERENCE : HMMA-39,679, 28 October 1970

1. Primary responsibility for the operational and administrative handling of the LIEMPTY Project was transferred, effective 1 December 1970, within the Station from the REDTOP to the Operational Support Section. This transfer was made as part of our effort to consolidate basic support functions in the Operational Support Section, and to relieve the REDTOP Section of activities which do not contribute directly to the pursuit of priority recruitment targets. However, the REDTOP Section will continue to be the principal consumer of the LIEMPTY product as received from the LILYRIC and LICALLA photo surveillance points. It will also be the main provider of guidance and requests for special LILYRIC/LICALLA coverage.

2. The previous REDTOP Case Officer (Bruce H. FERNALD) introduced the new Case Officer, Howard T. BAGGAUS, to LIEMPTY-9, -13, and -14 in early December. LIMOUSINE, owner of the LILYRIC property, will continue to be handled by Timothy M. ARCHBOLD of the REDTOP Section.

LIEMPT/6 terminated amicably and resettled by his son-in-law - was content with termination bonus of \$4,736. Following termination, effective 31 May 1968, the LIMITED base house went out of existence - station did not retain apartment since coverage from LILYRIC is completely satisfactory. LILYRIC personnel have done such good work that station now has better coverage than ever and at less cost.

1. Headquarters' confusion regarding the various LIEMPT properties is understandable, although each change in location was duly reported as it occurred, and at various times project renewal requests, progress reports, and other correspondence has pinpointed the locations of the base houses involved. The confusion undoubtedly stems from the unfortunate fact that LIMITED and LILYRIC in effect exchanged approximate locations in 1966 without changing cryptonyms. Up to this point, LIMITED had been in a building owned by WOFIRM (with LIMOUSINE fronting for WOFIRM). LILYRIC had been renting an apartment in a building in which WOFIRM had no financial interest. In 1965, however, LIMOUSINE bought the property containing the building in which LIMITED had been located, razed the building, and built a new building in which an apartment was rented to the Station (the rent, however, was to be returned to the Station for three years as partial payment on the loan which the Station had given LIMOUSINE so that he could buy the building). For various operational reasons it was decided to put the LILYRIC personnel into the new building, instead of the LIMITED crew. LIMITED was therefore moved into the building which LILYRIC had occupied. At this point, of course, new cryptonyms should probably have been assigned in order to avoid the confusion which has evidently developed. (This was not, however, simply a switch of personnel - each base house retained its organizational integrity, which is undoubtedly why crypts were not changed). As far as LICALLA is concerned, the confusion

probably stems from the fact that, while its location has not changed, it is located within the LIMUST building, which is owned by WOFIRM (with LIMOUSINE acting as "front") and which is administered within the LIMESA project. As stated, however, all of this has been carefully documented for Headquarters. The LIMOUSINE purchase of the old LIMITED building generated considerable correspondence (see particularly MEXI 2159 and DIR 77745 of January 1965). HMMA-28322 and HMMA-30403 spelled out the reasons for switching LILYRIC and LIMITED, and the completion of the move was reported in HMMA-30687. Finally, sketches and plans of the LILYRIC and LIMITED houses in their new locations were forwarded with HMMA-31303, dated 7 February 1967. As far as LICALLA is concerned, its location and status was never open to question, and its location in the LIMUST complex is regularly mentioned in LIMESA progress renewal requests. The Station understands that a memo describing the locations of the various base houses was attached to the most recent LIMESA project renewal request when it was submitted to the staffs by WH/1.

2. Personnel within the base houses is also well-documented (most of the LIEMPTY progress reports have identified each agent in each house), and the personnel have never been switched from house to house. Perhaps the best rundown of these personnel is Raymond H. GERENDE's security review, forwarded with HMMA-31164, 24 January 1967.

3. Station Real Property reports are also, with one exception (MEXI-41), up-to-date and they reflect current conditions. MEXI-03 does, of course, include LICALLA. Nevertheless, the Station asked for \$1800 for rent and utilities for the following reasons: first of all, utilities are an unrecoverable expense no matter who owns the apartment. Secondly, the rent, even though returned to the Station because WOFIRM owns the building, must physically be paid by the occupant of LICALLA. He, in turn, is reimbursed by the Station via GERENDE. LIMOUSINE eventually returns the money, at which time it is credited to expense. This could, of course, be handled differently, but the Station has always found it convenient to finance in this manner, largely because finances with LIMOUSINE are handled on a semi-annual basis. The reimbursement, therefore, often comes many months after the payment.

4. The Station neglected to cancel MEXI-41, which should be done as it refers to LILYRIC in its old location, before the move in 1966. LILYRIC is now MEXI-132, and is in the building owned by LIMOUSINE. Rent payments are, as originally intended, being used to help liquidate LIMOUSINE's debt, and, as instructed in HMMS-4814, 15 June 1966, the Station is crediting this money to miscellaneous receipts. There can be, therefore, no question of the need to include money for LILYRIC rent and utilities in the LIEMPTY project. LILYRIC rent is, and has been since the apartment was occupied in October 1966, 3,000 pesos per month, which amounts to \$2,880 per year (\$3,200 has been requested in order to include utilities). Headquarters is correct in stating that the agreed-upon figure for the rent in this new building was 2,300 pesos per month. Station files indicate that the reason for the increase (and this apparently was not reported to Headquarters) was that the bank which holds the major part of LIMOUSINE's loan had determined that 3,000 pesos was a fair price for the apartment. The Station had, of course, no choice but to go along with this.

5. The Station has no record of MEXI-02, but it is likely that this is the old LIMITED apartment, which was indeed purchased by WOFIRM (via LIMOUSINE) in 1955. But since that building was later purchased and razed by LIMOUSINE, the old LIMITED apartment ceased to exist. The LIMITED base house was subsequently transferred to the building which had previously housed LILYRIC (but not to the same apartment), and LIMITED is

now carried, in its current location, as MEXI-113. As was the case with old LILYRIC, the rent money is not returned to the Station. WOFIRM has no financial interest in the building. Thus it is evident that the LIEMPTY project renewal, which used to say LIMITED and LICALLA rents are returned to Station by LIMOUSINE and credited to Station miscellaneous receipts" should now carry the footnote "LICALLA rent is returned to the Station and credited to expense; LILYRIC rent is, and will be through September 1969, returned to the Station by LIMOUSINE and credited to miscellaneous receipts as partial payment on Station loan to LIMOUSINE."

6. Finally, the LIEMPTY darkroom is the room where the films taken by LICALLA, LILYRIC, LIMITED, and LIENTRAP are developed, printed, and (on request) enlarged by LIEMPTY-4. This darkroom is located in GERENDE's apartment, and he is paid 1,000 pesos per month for maintenance of the darkroom in recognition of the fact that one room in his living quarters has been turned into a darkroom, and his electric and water bills are substantially higher than they would normally be without a darkroom on the premises. GERENDE is building a house which he expects to occupy in February 1968. His plans for the house specifically include a LIEMPTY darkroom, and he will continue to be paid 1,000 pesos per month for this. To cover this payment in the new house, MEXI-137 has been written and will be forwarded to Headquarters shortly.

7. In answer to paragraph 5 of reference, it is hoped that the following summary will end the confusion:

a. LICALLA

- (1) MEXI-03
- (2) Address under separate cover (Identity-1). 6PM 15
- (3) LICALLA has been in operation at its present location since 1956, originally as a rented property. In September 1957 the building in which LICALLA is located (which consists of four units, collectively known as LIMUST) was purchased by the Station, with LIMOUSINE acting as a front.
- (4) Actual cost is nothing, since property is owned by WOFIRM. The original purchase price for the four units was \$40,000.00 with an additional \$20,000.00 spent on renovation. Rent is paid for cover purposes at the annual rate of \$1,248.00
- (5) Cost of utilities is estimated at \$552.00 annually.
- (6) Since June 1957, LIEMPTY-9 (originally LIPSTICK-39) has operated the LICALLA base house. No other LIEMPTY agents are associated with LICALLA.

b. LIMITED

- (1) MEXI-113
- (2) Address under separate cover (Identity 2)
- (3) LIMITED has been in its current location since December 1964, and it is a rented property. At its previous location, the LIMITED base had been in operation from 1953 until September 1964.
- (4) Annual rent is \$1,440.00
- (5) Annual cost of utilities is estimated at \$560.00.
- (6) LIEMPTY-6 (originally LIPSTICK-14) has operated the LIMITED base house (in both locations) since 1955. No other LIEMPTY agents are associated with LIMITED.

c. LILYRIC

(1) MEXI-132  
(2) Address under separate cover (Identity 3)  
(3) LILYRIC has been in its present location since October 1966, when the new building was completed and ready for occupancy. It is a rented property, although for three years beginning 1 October 1966 the rent is to be returned to the Station as partial payment on a loan to LIMOUSINE. This loan was made to permit LIMOUSINE to purchase the property and construct the building in which LILYRIC is located. This property had previously belonged to WOFIRM and had contained the building in which LIMITED had been located. LILYRIC was previously (November 1956 to September 1966) located in a rented property (the same building, but not the same apartment, in which LIMITED is now located).

(4) Annual rent is \$2,880.00.

(5) Estimated annual cost of utilities is \$320.00.

(6) LIEMPTY-13 (originally LIJERSEY-2) has operated the LILYRIC base house (in both locations) since LILYRIC was established in 1956. He is supported by his wife (LIEMPTY-14), and his son (LIEMPTY-27). Another son, LIEMPTY-26, has also worked in LILYRIC. (Because LIEMPTY-13 has a full-time job, LIEMPTY-14 does most of the photographic work, assisted by LIEMPTY-27. LIEMPTY-13 does some of this work, and makes all meetings with GERENDE.)

d. LIEMPTY photo lab.

(1) MEXI-137

(2) Address (as of February 1968) under separate cover (Identity 4).

(3) Actually, no property as such is involved here. The Chief of Station authorized payment to GERENDE for the use of a room in his quarters as a darkroom in 1964, after GERENDE was moved out of a base house in which he lived (rent-free) and maintained the dark room.

(4) and (5) Annual cost is \$960.00, including utilities.

(6) The occupant is GERENDE, although the photo processing is normally done by LIEMPTY-4.

8. It is hoped that the above will shed some light on the problem; the Station will be glad to answer any further questions Headquarters may have.

<p>3. LIMITED is a different problem complicated by the fact that we are no longer sure what the name refers to. Originally we bought LIMITED and then sold it in January 1965 to LIMOUSINE who put up a new building on the lot and saved an apartment for our use. LIMOUSINE now owns the new building, but "MEXI 02, LIMITED Safehouse" is shown on the Real Property Report as "purchased" by WOFIRM in 1955 - should this not be corrected? A further complication is that HMMA -31164, GERENDE's January 1967 security review, speaks of LILYRIC in its present new location, inhabited by LIEMPTY/13, /14 and /27. Has the old LIMITED been re-christened LILYRIC because of its new inhabitants? When was it completed and are we still withholding rent from LIMOUSINE in settlement of his payment to us for the property. The REAL Property Report shows LILYRIC, MEXI 41, as having been leased in 1958 and costing \$1030 to maintain (\$856 rent, \$44 repairs, and \$130 utilities). It also shows MEXI 132 LIEMPTY, LIMOUSINE, LILYRIC as having been rented in October 1966 for \$2880 a year (which is more than the 2,300<sup>00</sup> monthly rent for the flat in his new building which LIMOUSINE agreed that we would withhold for a period of two years after completion in partial settlement of his purchase of the LIMITED property.) SUBJECT	LIERFACE/LIEMTY - Transfer of Responsibility for the LIEMTY Vehicle		
ACTION REQUIRED - REFERENCES			
<p>Action Required: For your information</p> <p>References : MEXICO CITY-2600 MEXICO CITY-2654</p> <p>1. In July 1967 the responsibility for the LIEMTY Project passed from the Station Support Section to the RENTOP Section, where it more reasonably belongs. However, the LIEMTY segment of the LIEMTY Project has little to do with RENTOP activities and more rightly belongs in the Support Section. The Station, therefore, decided to transfer the LIEMTY vehicle, LIEMTY-10 and LIEMTY-11 to the LIERFACE Project with LIERFACE-3 to be the Principal Agent. This decision was based on both security and operational efficiency considerations. The formal change of command was made on 10 August 1967 in a meeting between GRENDE, LIEMTY-10 and LIERFACE-3.</p> <p>2. Certain members of the LIERFACE surveillance team were already knowledgeable of the existence of the LIEMTY vehicle and its operations from past operations and also from the old LIPSTICK Project. Conversely, LIEMTY-10 was knowledgeable of the existence of the surveillance team and knew some of the members of the team (LIERFACE-4 is the step-son of LIEMTY-10). By placing the vehicle under the command of LIERFACE-3, there was no breakdown of compartmentation.</p> <p style="text-align: right;">continued...</p> <p>Distribution: ③ - Chief/AM</p> <p>16 Oct 67: Oral message sent back to station via Al Reynolds to the effect that we feel it impolitic to present a surveillance project in the neighborhood of \$62,000, so please keep the truck under LIEMTY for admin. purposes (and use it anyway you want.) C/WH/1 did not want to send a written message on this. NP</p>

3. On the other hand, the LIENTRAP vehicle was the most vulnerable part of the LIEMTY complex and a roll-up of the truck could lead to Raymond H. GENSEN, Principal Agent for LIEMTY, and from GENSEN to the sensitive LIEMTY photo basehouses. Thus, by attaching the LIENTRAP vehicle to the LIEMFACE surveillance team we have actually improved the security of the LIEMTY Project somewhat.

4. On the operational efficiency side, the benefits which will accrue from having the truck tied-in with the surveillance team for use in dispatching are obvious. In many areas of the city, such as around the market areas and third class hotels, an ostensibly empty truck attracts much less attention than a person on foot or even a passenger car. The ability to dispatch a target and at the same time take photographs of the target and any companions has its operational advantages. Hopefully, in some of the target-of-opportunity coverages now provided by the surveillance team, it will be possible to take photographs of the person with whom the PJSTEAL officer meets. Certainly, if the team takes an unidentified subject home after a target-of-opportunity discovery, by allowing the team leader to place the photo truck on the home we will speed-up the receipt of photographs.

5. LIEMFACE-3 was told that LIEMTY-10 and 11 have certain accommodation addresses which they must check on a routine basis and that any assistance given the LIEMFACE team should not interfere with this task. It was stressed to LIEMFACE-3 that under no circumstances should team members transport or otherwise assist in the servicing of the accommodation addresses. LIEMFACE-3 was briefed on the normal activity of the LIENTRAP truck in providing photographic coverage of addresses in which the Station has an interest. As for handling the use of the truck, the following caveats were laid upon LIEMFACE-3:

- a. LIEMFACE-3 should discuss the normal activities of LIENTRAP only with LIEMFACE-1, the assistant team leader.
- b. The truck is not to be used in active mobile surveillance without the approval of the Station.
- c. The truck will be used for dispatching purposes only in those areas in which passenger vehicle and/or foot dispatching are not feasible.
- d. LIEMTY-10 and LIEMTY-11 will not be used for active surveillance nor will they be introduced to team members who do not presently know their true identities.

6. Operationally, the efficacy of the use of the LIENTRAP truck in coordination with the LIEMFACE team has been proven in the coverage and surveillance of a letter-drop on Mexico City. Please see references for details of this operation, which could not have been accomplished in a secure manner without the truck assisting the team. No problems have been noted as a result of the change in command structure for the LIENTRAP truck.

7. Financially, one possible problem is evident in the new arrangement. Headquarters has limited the costs of the LIEMFACE Project to US\$ 50,000 per year and it will not be possible for the Project to remain within this figure with the LIENTRAP vehicle and personnel included therein. The Station does not see this as a great problem because the Operational Program includes the cost of these assets in the LIEMTY Project and the transfer will merely mean a decrease in LIEMTY equal to the increase in LIEMFACE.

14. As approved by Headquarters, the present LIENTRAP vehicle will be replaced by a new Ford "Econoline" truck in the near future. Before the old LIENTRAP vehicle is sold, it will be used to cover residences of the RUSPEAL/NOXIS opposition who are living in Mexico City.

1. Station wishes to correct somewhat the information provided in Reference B. Because of changing of plans and an error on Raymond H. GEREDE's part, the number of floors of the building located at Gelati #2 was given incorrectly in Reference B. The plans forwarded as attachments to Reference B were correct. The description in the dispatch should be corrected to show a ground-floor, three floors with two apartments each and a penthouse.

2. The occupants of the building, all of whom were checked and approved by the Station before leasing are:

Ground Floor Business - A beauty salon is located on this floor which is operated by Nelly Infante de Garcia. Her lease was signed on 1 December 1966 and is valid until 31 May 1969. She pays \$152.00 US per month rent.

Second Floor - Apartment 1 - Dr. Hector MUNOZ Franco. His lease was signed on 1 September 1966 and is valid until 31 August 1967. He pays \$128.00 US per month rent.

Apartment 2 - Alicia MADRIGAL Osorio rented this apartment on 1 November 1966 and she plans to vacate at the end of April 1967. She pays \$64.00 US per month.

As such, she sometimes assists LIEMPTY-4 in the photo processing work. She is carried as a part-time basehousekeeper because she must remain at home as added security when photographs are being processed and/or being held until the scheduled meeting between LIEMPTY-4 and Raymond H. GEFURDE takes place and the photographs passed for onward transmittal to the Station.</p> <p>2. The Station regrets that LIEMPTY-5 was not included in the last Project Renewal Request, but the oversight probably resulted because LIEMPTY-5 does not receive a salary at the present time. 2. Approved for: 1 December 1965 - 30 November 1966;  
\$41,500  
FY 1966 - \$35,520  
FY 1967 - \$15,980
3. Proposed successive fiscal year budget: Same
4. Brief statement of project aims, character and structure:

The purpose of this project is to provide support for mobile (1 truck) and stationary ( 3 base houses ) photographic surveillance; one base house is also used as a dispatching base for a physical surveillance team. This project covers one Mexican Contract Agent who serves as Principal Agent for the eight Mexican field agents under the Project.

B. Funding History

1. The Contract Agent receives his salary directly from the Mexico City Station Case Officer (\$540/month). He also receives money from the Station which he uses to pay the field agents their salaries (total of \$1,700/month) and operational expenses. Receipts are received.
2. Funds have always been handled in this manner.

MEMORANDUM FOR: FI/OPS-Projects Branch

SUBJECT: Justification for Automobiles under Project LIGHTY

1. It is requested that the Mexico City Station be authorized to purchase three used sedans for use by the LIGHTY surveillance team. The Station plans to expand the LIGHTY surveillance team into a larger, well-trained physical surveillance asset. They will need three automobiles. Private automobiles or commercial transportation will not be satisfactory since the cars must be outfitted with two-way radios.

2. Authority is also requested to purchase a panel truck to be used in the LIGHTRAP operation under this Project which mounts mobile photographic surveillances.

3. It is also requested that a quasi-personal car be authorized for Oliver C. Scantling (ps). Scantling is an indigenous agent under oral contract. A car is a prerequisite for his work for KIMBER which includes casings, surveillances, and investigations. Because of the sensitive nature of his work, and the heavy use made of the car, the Station has decided that Scantling should be furnished a GP car.

4. LIGHTY agents were formerly carried under the LIGHTY and LIPSTICK Projects. The vehicles used by the LIGHTY agents under these other Projects will be disposed of and new ones will be purchased after the above TVA has been approved. The vehicles which will be replaced are MV 2148, MV 2147, MV 2138, and MV 2041. One of the surveillance cars will be new and will not replace an old car. It was decided that these vehicles should be replaced rather than transferred to the LIGHTY Project for security reasons and because of the age of the automobiles. The automobiles are 1951 and 1952 models and have been used for sensitive surveillance work for over two years. The panel truck which was used in the LIGHTRAP operation under the LIPSTICK Project has been operating for two years in all parts of the city and has become a security threat. The fact that the LIPSTICK surveillance team knows that the truck exists, even to the point that one of the team members is the listed owner of the truck, also dictates replacement of this vehicle.

MEMORANDUM FOR: WH/Personnel

SUBJECT : Request for Staff Agent to fill BAP-8100 Slot  
in Mexico City

1. It is requested that WH/Personnel locate a Staff Agent to fill the BAP-8100, IO (FI), GS-12 slot in Mexico City which was recently vacated by Wilfred O. CLOMER(ps).

2. This Agent must be bilingual in Spanish and should have operational experience, especially in physical surveillance techniques. It would be helpful if the candidate also has area knowledge. He will be expected to spot, develop, recruit, and direct surveillance assets.

3. It is requested that a suitable candidate be located as soon as possible so that the Contract Agent now performing these functions can be relieved of this responsibility and can devote his time to other tasks.
