MEMORANDUM FOR: Mr. John W. Coffey

I want to express my appreciation to you personally and through you to Howard Osborn and the other of your associates who contributed so effectively to the visit of the President on Friday. The arrangements were flawless; the security first-class without being intrusive. I am well aware of the amount of work and planning which went into the successful outcome. I particularly want to commend the good sense and judgment which prevailed throughout. It is easy to push people around. It is difficult to take proper precautions and at the same time make everyone feel as though it were his or her party. Thank you very much. Well done!

SUBJECT

Notification of Non-eligibility for Designation as a Participant in the ClA Retirement and Disability System

- 1. As you may know, we are in the process of reviewing the employment history and current career field of all employees in the Agency to identify those who are eligible for designation as a participant in the new CIA Retirement and Disability System. In this process, the initial review of each case is made by the individual's Career Service. If the Head of his Career Service nominates him for participation in the system, this nomination is reviewed by the CIA Retirement Board which recommends final action to me. However, if the Head of the Career Service advises that the employee does not meet the basic requirements of HR 20-50 for participation, I have accepted this finding without further review by the CIA Retirement Board. This practice has been adopted in the interest of expediting this screening process so that those employees who are eligible to participate in the system may be designated participants as soon as possible.
- 2. In your case, the Head of your Career Service has advised me that you do not meet the requirements of HR 20-50 for designation as a participant and I have accordingly made the formal determination required by the regulation that you are not eligible for designation. From a review of your record it appears that the decision of your Career Service was based upon the fact that you do not have sufficient time prior to completing 15 years of service with the Agency in which you could complete a minimum of 60 months of qualifying service as required by regulation. My determination that you are not eligible at this time for designation in no way affects your current status under the Civil Service Retirement System, nor does it preclude reconsideration of your eligibility to participate in the CiA System if you should meet the requirements for designation in the future.
- 3. Should you desire further information concerning the requirements for designation as a participant in the CIA Retirement System, I suggest that you read paragraph e of HR 20-50 and paragraph 5 of the Employee Bulletin dated 30 July 1965, entitled "Public Law 88-643, The Central Intelligence Agency Retirement Act of 1964 for Certain Employees."
- 4. It is always possible that the records upon which the determination made in your case may have been incomplete or inaccurate regarding your actual employment history with the Agency. If, after studying the materials cited above, you have questions regarding the determination that you are not eligible to participate in the CIA Retirement System, please feel from to contact officials of your Career Service. They are familiar with the details of your case and will gladly discuss them with you. In addition, you may wish to discuss your case with the CIA Retirement Staff located in Room 65-1319 Headquarters (extension 6001). If such discussions do not resolve any questions you have regarding your eligibility, you may request that your case be formally considered by the Board. However, this request must be made within 30 days of the date of this memorandum.

MEMORANDUM FOR: Director of Personnel

SUBJECT

: Narrative Fitness Report
Mr. James P. O'Connell
Deputy Director of Security for
Physical, Technical and Overseas Security

- 1. This Fitness Report covers the period from I April 1971 to 31 March 1972. The rating period covers the third full year that Mr. O'Connell has served as the Deputy Director of Security for Physical, Technical and Overseas Security.
- 2. The directorate which Mr. O'Connell supervises is geographically widely separated in the Headquarters area. This separation adds complexities to the task of supervising the directorate and coordinating the activities of three Divisions, operating over a broad spectrum of activities and responsibilities. During the reporting period, one of the Divisions of Mr. O'Connell's directorate took on an important, added responsibility -- the security of automatic data processing. This function covers the complexity of maintaining security in a rapidly expanding activity replete with serious security problems because of the severe compaction of information resulting from rapid advances and acceptability of technology in the field of data handling. The achievements of the Physical Security Division, the Technical Division, and the Overseas Security Support Division require a high degree of coordination in order to avoid contradictions detrimental to a unified security policy.
- 3. In spite of the difficulty of supervising divisions remotely located from his office, Mr. O'Connell has applied and achieved effective supervision. The Divisions moved forward in an

EVES CHLY

innovative manner and have been effective in discharging their responsibilities...

- 4. Mr. O'Connell also spearheads the security program which furnishes Security Officers to overseas stations and domestic operations as necessary. Mr. O'Connell has taken a personal interest in this activity and has been of considerable assistance to the Office of Security Career Board in the assignment of Security careerists to those positions.
- 5. During the last Fitness Report, the description of Mr. O'Connell's performance was raised from "Strong" to "Outsteading," He has continued his performance in such a manner as to warrant an OUTSTANDING rating.

6. Mr. O'Connell has seen this Fitness Report.

: Narrative Fitness Report

Mr. James P. O'Connell

Deputy Director of Security for

Physical, Technical and Overseas Security

- 1. This is a narrative Fitness Report which covers the period from 1 April 1970 through 31 March 1971.
- 2. During this entire period, Mr. O'Connell has served as the Deputy Director of Security for Physical, Technical and Overseas Security. The rating period covers his second full year in that position. The Directorate which Mr. O'Connell heads has gained added importance and increased attention during the year. It encompasses an area of activity which is vitally important to the Office of Security and the Agency as a whole. Mr. O'Connell has given considerable attention to efforts which decrease our vulnerability at the hands of foreign opposition as well as from domestic efforts resulting from national unrest. Mr. O'Connell has shown improvement in the over-all coordination of his responsibilities throughout the current rating period. He supervises his people in an effective manner and anticipates problems so as to simplify their solutions.
- 3. During the previous rating period, Mr. O'Connell's performance was considered to be STRONG with several outstanding features. During the year, I consider that there has been sufficient addition to the outstanding areas of his performance to raise his over-all rating to CUTSTANDING.

4. Mr. O'Connell has seen this Fittiess Report.

1. This Fitness Report covers the period from 1 April 1968 through 31 March 1969.

- 2. Mr. O'Connell was appointed Deputy Director of Security for Physical, Technical and Overseas Security in August 1968 and this Rating covers his performance during this period as well as his performance as Executive Officer from 1 April 1968 to 1 August 1968.
- 3. Mr. O'Connell, as Deputy Director of Security for Physical, Technical and Overseas Security, is responsible for the supervision of three large and complex divisions of this Office. In addition, he is responsible for providing policy and technical guidance to our Area Security Officers assigned to other components of the Agency and in the field. Upon assuming his duties in August 1968, Mr. O'Connell was quick to grasp the general scope and nature of these varied and complex activities. He is an alert and intelligent supervisor and he recommended and put into effect several significant personnel and organizational changes within his Directorate which have resulted in significant improvement in the overall efficiency and effectiveness of the Directorate. Recently, he was instrumental in creating a new Overseas Security Support Division made necessary by the dissolution of this Office's regional security staff in Frankfurt, West Germany. He is an astute manager and an

4. Mr. O'Connell is personable and articulate and is able to express himself well in both written and oral form. His career is marked by steady advancement and consistently high level performances. He possesses all of the requisite qualities of a senior Security executive. However, I feel that he has not as yet applied all of these qualities to their maximum potential in his performance as DD/PTOS. Mr. O'Connell has one Division Chief who is extraordinarily capable and effective in producing results. Conversely, however, he presents one of the most difficult supervisory problems in the Office because of certain personal characteristics. I don't feel, and I believe that Mr. O'Connell would agree with me, that he has yet gotten on top of this individual as well as he should. I am convinced, however, that he is fully aware of the problem and is working hard to achieve the proper supervisory balance. I rate his performance, on balance, as STRONG with many outstanding features. I have complete confidence in Mr. O'Connell's ability, judgment and excellent potential. He is a valued career asset to this Office and the Agency.

Narrative Fitness Report James P. O'Connell Chief, Executive Staff

- 1. Mr. O'Connell has served as Chief, Executive Staff of this Office from 1 April 1967 to 31 March 1968, the rating period covered by this Fitness Report.
- 2. Mr. O'Connell has been most effective in the administration and direction of the complex and varied activities encompassed in the functions in the Executive Staff of this Office. He has been effective in directing the staff in the formulation and implementation of basic security policies and procedures. In addition, he has performed diligently in continuing review of the considerable volume of paper that transits the Office of the Director of Security. He has been meticulous in ensuring that staff work and correspondence leaving this office is up to the highest standards and has been very effective in arranging priority action in meeting short deadlines. As the initial professional recipient of the majority of correspondence received by this Office for action, he has been very effective in applying his knowledge of the basic organization of the Office to the assignment of action with appropriate coordination.
- 3. Mr. O'Connell is a personable and articulate senior executive who writes particularly well. He has had extensive experience as a Security careerist, both in Headquarters and overseas, and his career has been marked by rather rapid advancement and a record of fine performances in positions of increasing responsibility. I have no reservations about rating his performance in this position over the past year as OUTSTANDING.

4. In searching for an area where Mr. O'Connell might strive for further improvement, I am hard put to find any in the light of his consistently high performance record. I do believe, however, that Mr. O'Connell has lost or appears to have lost some of his enthusiasm and eager initiative which marked his performance for the first six months in this position. It is possible that this is due to the fact that the problems we encounter today require more measured and considered judgment as opposed to enthusiasm and initiative. Nonetheless I would like to see Mr. O'Connell strive for a better balance in these essential performance characteristics
