### NARRATIVE COMMENTS

Indicate significant strengths is weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, it required for current position. Amplify or explain ratings given in Section B to provide best applicable.

Manner of performance of managerial or supervisory duties must be described, if

Subject has shown a decided proficiency in the supervision of the type of unit for which he has responsibility. His men respect him and follow his orders readily. He is resourceful, acts with initiative, and delegates responsibility. In his field he thinks clearly and is decisive and versatile in his actions. He is capable of handling larger units of personnel and assuming greater responsibility in the PM field. If he were required to accept duties of a broader nature in the intelligence field involving less supervision of his own activities, he would need to improve in the areas of written and oral expression and in his understanding of KUEARK requirements and responsibilities. In this regard he would need additional training and exposure to more extensive KUEARK fields as he has not had the opportunity for participating in such KUEARK activities. Subject does not have the proficiency of the language used.

### Continuation of FITNESS REPORT, Section D:

Subject is a well-qualified, para-military specialist, who has fully mastered the tools of his trade. Subject applies all of his para-military knowledge in the performance of his current duties as the senior outside case officer for a thirty-man commande group, which is capable of carrying out a variety of different missions. These missions include caching operations, sabotage raids, tactical intelligence reconnaissance activities and contingency missions related to war plans. Subject is at his best in dealing with mon and military equipment. Subject's major weakness is in records management and reports writing. Despite this minor weakness, Subject's over-all performance warrants an evaluation of Proficient.

Subject has the potential to train and operationally exploit para-silitary forces in units which have a T/O strength of not more than 60 men. Subject could command a conventional military formation at the battalion level. Subject is capable of mounting counter-insurgency operations with the use of forces up to battalion strength.

Subject's work comes to the attention of the Reviewing Officer on a bi-weekly basis.

Subject's future assignments should be in the para-military field. If Subject is to remain in operations in Latin America, he must be given an opportunity to study Spanish on a formal basis.

SUBJECT: Housing Allowance

ATTN: Chief/Support, JAWAVE

- 1. The writers' contract, as Career Agent, states in Para 4: "Allowance: You will be entitled to: (a) living quarters allowance in conformance with applicable government regulations. You may be provided quarters by your cover facility or the government and, in such event, you will not be entitled to the living quarters allowance herein indicated.
- (b) Cost of living allowance in conformance with applicable government regulations including, but not limited to, a post allowance or an equalization allowance in lieu thereof, a supplementary post allowance, a transfer allowance, a basic service transfer allowance, an education allowance, and a separation allowance."
- 2. It appears clear to the writer that any housing allowance which applies to staffers also applies to the writer. This would then necessarily have to commence at the same time for both types in order to be equal.
- 3. It is requested the writers' housing allowance be timed to commence on the same date as the Staffers in order to comply with the intent of the contract.

- 1. The subject report being due, the writer is the only person observing DEVUONO's work and has statements and commendations which should be reflected in his fitness report. The contents of this memorandum will be established in DEVUONO's file in other form at later date by the writer.
- 2. DEVUONO has completed one year with CUSOG. In this period he has shown a complete and practical knowledge of paramilitary techniques and tactics. This knowledge is born of experience and application. His application of this knowledge for KUBARK has resulted in visible progress in the technical abilities of CUSOG personnel.
- 3. He has shared CUSOG responsibilities of organization, administration and operational preparation in a manner to follow out KUBARK practices to its credit.
- 4. He carries out clear instructions to the letter, reflecting a military background.
- 5. Contrary to observances noted in a previous fitness report DEVUONO has been found to be anything but naive in his dealings with PBRUMENS during the period observed.
- $\boldsymbol{6.}$  His administrative and accounting procedures within CUSOG are in order.
- 7. Hesitating to call them weaknesses, the writer must state that DEVUONO's entire experience with KUBARK has been field experience, usually far out on a long string of contacts into a KUBARK installation, a fact which has prevented a look at any of the administrative side of paramilitary as conducted by KUBARK.

8. This man has good potential for helping KUBARK's paramilitary effort, which potential will be more effective when he has been schooled in the terminologies and pecularities of paramilitary KUBARK-style. It is recommended a tour by DEVUONO where such schooling can be conducted as on-the-job training would most bring out this potential.

Project Children Reports.

billian Robertson - Grayeton Lynch)

REFERENCE:

Made from Chief, CA/RAG to Chief, WH/4; I June 1801, Subject: Assignment of Ambertson and Lynch to WH Division.

- 1. Paragraph y of Reference requested that CA/C,PAG be keptinformed of the standard of performance, and of the equisition of additional appabilities by either training or experience, of Robertson and Lynch during the period of their assignment to kH Division.
- 2. As Robertson and Lynch raw have been employed operationally by WH/4 for a period of six months, and as they are the first to have been engaged under the new ERITHER program, it would be appreciated if we could have reports from Chief, WH/4 on these men at an early date. In addition to the data required on regular Fitness Reports, we are interested particularly in knowing from WH/4:
  - a. How there don are being used, i.e., whether they are engaged in operations, training, planning, etc.; and the extent to which this has been exclusively in the field of PM activities.
  - b. If engaged in agent operations, whether they are employed as singleton agents, principal agents, recruiters, etc.
  - c. The degree and general location of their possible exposure to hexardous duty, if any.
  - d. The degree to which they may nave been compromised in terms of personal security, if at all, and the general location where this may have happened.
  - e. Any new skills they may have acquired either by training or experience.

J. Also, since CAPMG has alimite responsibility for these ZRJAWEL personnel after their operational usufalower to WR Davision has ended, it would be very helpful to us in planning the future conduct of the ZRJAWEL program if occasionally we could have a report directly from each of these men personally, giving us their own appraisal of their current utilization. In this regard we would appropriate your view as to whether this would be fessible, within the bounds of operational accurity, and whether it could best be accomplished by requesting written reports, or by oral de-briefings when these zen are in the Kashington area.

**MEMORANDUM** 

SUBJECT:

Pelicy Concerning Guests at Award Ceremonies

- 1. The Office of the Director has determined that when inviting quests to award ceremonies, the Agency will be as liberal as possible within the bounds of available space and security considerations since one of the purposes of an award ceremony is to let the family, friends, and associates of the recipient know that he has been honored.
- 2. In implementing this policy the points listed below will be guiding criteria:
  - a. Any Apercy employee who is a friend of a recipient may come to the ceremony, up to the limit of space available, if the recipient asks that he be present.
  - b. Any Government employee (who is not employed by the Agency but who is witting of the recipient's employment) can come so long as there are no operational security reasons that would make his presence inappropriate.
  - c. Any friend who is not employed by the Government may be invited only if it is obviously desirable (Example-- A-very close old friend who stood in the relationship of "family" to the recipient when subject had no immediate family). Friends who are not employed by the Government normally would be discouraged.

MEMORANDUM FOR: Chief, WH/4

SUBJECT:

Assignment of Robertson and Lyrak to

- 1. This is in response to your oral request for the transfer or assignment of Robertson and Lynch from this Stall to WH Division.
- 2. Those employess were recruited as Career Agents under CA/PMG Project ZAJEWZL, and therefore are to be administered in accordance with the terms of this Project.
- 3. Under the terms of Project ZRJEWEL, CA/C/PMG is responsible initially for their selection and recruitment, and subsequently for their training and developmental assignments will they are transferred to an existing operational project under jurisciption of an operating division.
- 4. Solection and recruitment involves complete processing to contract status under provisions of HB 20-1900-1, and requires also:
  - a. Security Clearances
  - b. Modical Clearances
  - c. Provision of Cover
  - d. Financial Briofing
  - e. Assessment and Evaluation
- 5. Training and development requires that subjects as he provided interial or group training, according to their individual needs, to qualify them as senior PM officers capable of serving overceas as

1.

case officers, instructors, advisors, or consultants; and capable of developing indigenous forces, airocting operations, and personally participating in operations. The training envisioned normally would include, but not be limited to:

- a. Larguage apilitude tosting and subsequent language training.
  - b. Clandestine tradecraft.
  - c. Paramilitary operations training.
- d. Covert Action Operations training and CI Familiarisation.
- 6. Although both subjects are now under contract, as of this time, of all of the above-mentioned items of processing, training and development, the following yet remains to be done:

Robertson - medical clearance, provision of cover, financial briefing, spanish language aptitude test and Spanish language training. Clandeatine refresher training as deemed advisable.

Lynch - provision of cover, financial briefing, assessment and evaluation, language aptitude test and possible language training, and all basic Clandestine Operations training.

- 7. Project ZNJEWEL further provides that administrative responsibility for these employees including compensation, operational security, etc. will be transferred to the Operating Division for each periods of time as the employees are under the jurisdiction of the Division for operational duties. For administrative purposes, it is eaggested that WH Division assume these responsibilities for both hobortees and Lynch as of 1 June 1961.
- 8. Une of the major considerations in the centract employment of these two officers has been that their tack of association with the Agency, thus far, permits their operational utilization in circametances

where staff employees cannot participate, and their long range continued employment is, to a cortain extent, dependent on their being able to maintain this posture. It is requested, therefore, that you have every reasonable precaution to maintain their 'denixele status.

9. Since the CA Stail will each again become responsible for these officers whenever such time may come that you no longer have a requirement for those, it would be very much appreciated if this office would be kept adviced us to their standard of performance, acquisition of additional capabilities, by either training or experience, and we should be consulted before any changes or an endments are made in their contracts which might become commitments to be assumed by the CA Staff.

Signed . ALFRED T. COX

#### MEMORANDUM FOR THE RECORD

1.3

SUBJECT: Contract Negotiations with Mr. Grayston L. Lynch

- 1. After discussing the proposed contract for Mr. Lynch with Messrs, Earman, Collins, Barnes, King, Esterline, and others and obtaining their agreement that the proposed contract was a fair one, I met with Mr. Lynch on the morning of 24 May 1961. I outlined, in detail, to him at that time the many advantages accruing to him through the new contract over the previous contract. Mr. Lynch stated that he had not been fully aware of these benefits, that he was afraid he had given the wrong impressions to us with regard to his salary demands, and that he would be glad to sign the contract as offered.
  - 2. Mr. Lynch signed the contract later in the morning.
- 3. I also had advised Mr. Lynch that Colonel King and Mr. Esterline had been requested to look into the possibility and desirability of obtaining for him a bonus award because of his services on the Project. I told him that they had agreed to look into this, that no promises could be made, and that any such award was a matter entirely outside the scope of his contractual arrangements and employment by this Staff.
- 4. I then called Mr. Earman and advised him of the above. Mr. Earman indicated that he was sure the Director would be very pleased to hear that a suitable agreement had been reached, but that the Director also would undoubtedly raise the question of the bonus award at some future date. I, therefore, undertook on behalf of Mr. Earman to re-raise the question of the award with Mr. Esterline early in the week of May 29, 1961.

## GRAYCTON L. LYNCH - COMPANISON OF CONTRACTS

#### 1. TYPE OF CONTRACT

- a. Under his present contract LYNCH is serving as a Contract Employee.
- b. The new contract would make him a Career Agent. Under R 20-1000, a Career Agent is an individual who has demonstrated his operational value to the Agency over a period normally of not less than three years for U.S. citizens. LYNCH has served with the Agency only for a period of about three months.

#### 2. COMPENSATION

- a. Rate of pay under present contract is \$9,500 per annum, plus a post differential in accordance with regulations.
- b. New rate of pay would be \$11,000, plus post differential, plus ingrade promotions and legislative pay adjustments effecting Government personnel.

#### 3. ALLOWANCES

- a. Present contract does not provide for any special allowances.
- b. The new contract provides for (1) living quarters allowances, and (2), cost of living allowance including but not limited to, a post allowance or equivalent, supplementary post allowance, transfer allowance, home service transfer allowance, education allowance, and separation allowance.

#### 4. TRAVEL

- a. Present contract pays cost of operational travel, plus per diem in lieu of subsistence.
- b. New contract pays cost of operational travel and per diem, plus: (1) cost of PCS travel and transportation for dependents, household effects and automobile; (2), storage of household and personal effects not shipped; and (3), after two years overseas, all travel for self and dependents from duty station to home residence and return to duty station.

## 5. OPERATIONAL EXPENSES

- a. Present contract authorizes operational expenses as specifically approved.
- b. New contract expands this to include operational entertainment and purchase of information.

#### 6. BENEFITS

- a. Present contract provides death and disability tenefits under Federal Employees Compensation Act, and benefits under the Missing Persons act; and states that Social Security deductions will be withheld by the Covernment.
- b. New contract provides for these same benefits; but would make deductions for the Civil Service Retirement Fund instead of the Social Security. In addition the new contract provides for, (1) Sick and Annual leave equal to that of Staff employees; (2), cost of hospitalization and travel for illness or injury incurred in line of duty, while PCS abroad; (3) cost of hospitalization and travel of dependents while abroad; and (4), authorization to apply for enrollment in the Agency health insurance program.

#### 7. TERM

- a. The term of the present contract is for one year, subject to termination upon 30 days notice.
- b. The new contract is for an indefinite term, subject to termination upon 90 days notice.

#### 8. SPECIAL BONUS

- a. There is an Amendment to the present contract, dated 2 May 1961, and made retroactive to cover the period 28 March thru 28 April 1961, only, which authorizes a tonus of 40% of normal monthly compensation while LYNCH was serving aboard ship involved in clandestine maritime activity.
- b. There can be no provision in any new contract for declaring a bonus for unforeseen future activities.

9. COMMENT

a. During our first discussions with INNER 10 May 1961, on the quention of salary, he stated that he would not accept a new contract at the rate of pay (\$9,500) of his present contract, because the Director had promised that he would receive more; however, he would not give us a figure that he would accept. Refore the new contract was written he was told that it would be for \$11,000, and he voiced no objection. After the contract was written and presented to him for signature, he stated that he wanted \$12,500, plus "hazardous duty pay", and that he wanted to take the contract to the Director for review.

b. At the time of his retirement, LYNCH was an Army Captain with 20 years service, and I understand that he was in jump status. Remuneration for this service was about \$9,425 per annum, including all allowances. His present retirement pay is \$281 per month, or \$3,372 per year, and I understand that he would be authorized to retain this in addition to all pay and allowances received from an Agency contract.

MEMORANDUM FOR: Chief, WH/L/Personnel

SUBJECT

Recall of Captain Rydberg and Mr. Lynch for further Testimony

- 1. Er. Eduardo Garcia, owner of the ships used in the JMATE operation, has requested a \$250. bonus for each of the men employed by him. This is consistent with the bonus arrangement for all Cubans participating in the operation.
- 2. Chief, WH Division, has approved the payment of such a bonus to all Carcia personnel, except the survivors of the Rio Escondido. He is withholding approval for these personnel, pending a further investigation into alleged mutinous acts by the survivors, while aboard the Blagar. He has requested that additional information on this subject be obtained from both Captain Rydberg and Mr. Lynch.
- 3. It is requested that you contact Captain Rydberg and Mr. Lynch, and have them return to Washington at their earliest convenience for the purpose of giving further testimony in this regard.

MEMORANDUM FOR THE RECORD

SUBJECT: G.L. Lynch - ZRJEWSL.

- 1. Lynch called today at 1200 noon. He said that he wanted to let me know that he was back, and to find out what had been done about his contract.
- 2. It bid him that I had heard nothing since he had left. I said that before he left we had rather leaned over backwards to write a contract for him which he had not accepted; that instead he had taken the matter to the Director, and that I had then been requested to deliver a copy of the contract to the Director's office which I had done. I said that I had then acted as a messenger boy only, and had not discussed the matter at the Director's office, nor heard anything about it since.
- 3. Lynch said that he could fill me in from there. He said that at the Director's office the contract had been turned over to the Director's Executive Officer who was to review it and recommend a salary figure. Lynch said that he had agreed to accept whatever figure the Executive Officer recommended, and was told to call CA/C/PMG/Mr. Cox on his return.
- 4. I asked Lynch where he could now be reached, and he said that he was at Bob Moore's office on X-8912.

CA/PMG/EFF & 77

NOTE:

Since his precipitate meeting with the Director about 1730 hours on 16 May 1961, Lynch has not been heard from. Presumably he returned to his home in Fayetteville, North Carolina.

On 18 May 1961, CA/PT had calls from the office of both WH/4 and C/WH asking if we knew of Lynch's whereabout, and whether we had a record of his Fayetteville address. The answer to both questions was negative. Subsequently his address was located in files and WH was informed.

MEMORANDUM FOR: Chief, WH/4

SUBJECT: Assignment of Robertson and Lynch to Wil Division

- 1. This is in response to your oral request for the transfer or assignment of Robertson and Lynch from this Staff to WH Division.
- 2. These employees were recruited as Career Agents under CA/PMC Project PRJEWEL, and therefore are to be saministered in accordance with the terms of this Project.
- 3. Under the terms of Project ZAJEWEL, CA/C/PMD is responsible initially for their selection and recruitment, and subsequently for their training and developmental assignments until they are transferred to an existing operational project under furishiction of an operating division.
- 4. Selection and recruitment involves complete processing to contract under provisions of HB 20-1000-1, and requires also:
  - a. security clearances
  - b. Medical Clearances
  - C. provision of cover
  - d. Financial Briefing
  - e. Assessment and Evaluation
- 5. Training and development requires that subject to be provided tutorial or group training, according to their individual needs, to qualify them as senior PM Officers capable of serving overseas as case officer, institutors, advisers, or consultants; and capable of developing additionous forces, directing operations, and personally participating in operations. The training envisioned normally would include, but not be limited to:
  - a. Language aptitude testing and subsequent language training
  - b. Clandestine tradecraft
  - c. Paramilitary operations training
  - d. Covert Action Operations training and CI F miliarization
- 6. Although both subjects are now under contract, as of this time, of all of the above mentioned items of processing, training and development, the following yet remains to be done:

Robertson: Medical clearance, provision of cover, financial briefing, Spanish language aptitude test and spanish language training, Clambertine refresher training as deemed adviseable.

#### COPY

Lynch - provision of cover, Cinancial brieffing, assessment and evaluation, language aptitude test and possible language training, and all basic Clandestine Operations training.

- 7. Project ZNINVELL further provides that administrative responsibility for these employees including compensation, operational security etc. will be transferred to the Operating Division for such periods of time as the employees are under the furisdiction of the Division for operational duties. For administrative purposes, it is suggested that WH Division assume these responsibilities for both Robertson and Lynch as of 1 June 1961.
- 8. On of the major considerations in the contract employment of these two officers has been that their lack of association with the Agency, thus far, permits their operational utilization in circumstances where staff employees cannot participate, and their long range continued employment is, to a certain extent, dependent on their being abot to maintain this posture. It is requested, therefore, that you take every reasonable precaution to maintain their "deniable" status.
- 9. Since the CA Staff will once again become responsible for these officers whenever such time any come that you no longer have a regione, emt for the, of which be very is a stresponded of the office would be kept advised as to their standard of performance, acquisition of additional dapabilities, by either training or experience, and we should be consulted before any changes or amendments are made in their contracts which might become commitments to be assumed by the CA Staff
