- 1. With reference to your memorandum dated 24 June 1963 attaching PRQ Part II and requesting an Operational Approval for Subject's use, your attention is directed to derogatory information forwarded by Station Mexico to the effect that an ODEEX report dated 25 August 1959 stated that Sol. Action Communist and one of the most influential members of the Cuban Embassy staff.
- 2. On 18 September 1962 we requested SAS, which then had Head-quarters responsibility for this case, to request Station Mexico City to determine the basis for Mexico G-2's allegation, to obtain any evidence substantiating the allegation, and to conduct such investigation as was possible to determine the truth or falseness of the allegation. It was further agreed that SAS would determine whether the Station had direct access to Subject and would recommend polygraphing him if it were feasible. We have no indication that any of this has been accomplished or attempted.
- 3. On 20 February 1963, because of the exigencies of the situation at that particular time, a Provisional Operational Approval was granted only for training of Subject. The Provisional Operational Approval specified that approval for operational use of the Subject was deferred pending satisfactory resolution of the derogatory information, which CI Staff did not consider to have seen accomplished. The PRQ Part II on Subject clearly shows that he has been used operationally for the past year without any approval.
- 4. Operational Approval for Subject's use cannot be granted until there has been compliance with our previous request to resolve the derogatory information as reported by ODIBEX from Mexican G-2.

SUBJECT OF FOLDER: LITAMIL-9

201 NUMBER, IF ANY 329609

INCLUSIVE DATES OF FILE MATERIAL JULY 62 THROUGH AUGUST 72.

RELEVANCE OR NON-RELEVANCE TO OSWALD & JFK ASSASSINATION:

REASON OR ASSUMED REASON FOR INCLUSION IN THIS COLLECTION: In the HSCA testimony of Silvia Duran she indicated that she knew him and he was the Cultural Attache at the Cuban Consulate when she was there. This info was not in the 201 file.

SUMMARY OF INFORMATION WITHIN FILE:

LITAMIL-9 was recruited by the Mexico City Station in late 62 while he was assigned to the Cuban Embassy as Cultural Attache. He provided the Station intelligence while he was in this assignment. He was deactivated in March 1965 when he returned to Cuba and was seen only occasionally after that. His contract was terminated in 1970 because of his lack of access. Only one relevant document was found which indicated that Proenza, who worked at the Cuban Embassy, believed that the strong objection to the Mexican Government by the Cuban Embassy over the Duran's detention was a diplomatic error. This document was processed for release.

SUBJECT

: Operational Approval for LITAMIL-9

1. The Provisional Operational Approval for LITANIL-9 (C-101331) is due to expire 8 January 1965.

- 2. In discussions with the field case officer for this operation, WH/1/Kexico has found that there is no way to determine when, or whether, LITAMIL-9 will again leave Cuba. Por reasons of personal security, LITAMIL-9 has not been able to function as cuba in early Earch 1965. Letters to his brother, LITANIL-17, and reports from occasional Cuban official travelers transiting Mexico indicate that LITANIL-9 is well and is employed by the Kational Cultural Council.
- 3. LITANIL-9 is now an inactive agent. The Station has recently proposed that his salary cease accumulating as of 30 June 1966. If and when he again manages to leave Cuba, he will be contacted and a full assessment of his future usefulness will be made. Owing to the fact that his sister-in-law is a secretary to Fidel Castro it is expected that he will be a valuable source of information, at least for an initial debriefing period.
- 4. It would be appreciated if the POA on LITABIL 9 could be extended for six months. If at the end of that time he has not left Cuba, it will be proposed that the POA be allowed to expire.

Translation of a rost card from Kira KOSOVSEA to LITA Kira is the wife of Anguel KOSOVSKI, who was a Second in the Eulgarian Erhassy in Havana as of October 1965. They are now back in Scfia, Bulgaria. The card was nailed from Bulgaria to Cuba.

Dear Luis, how are you? Before leaving I called you to verify your address and, of course, to say "the last goodbye" (for three months!), but you weren't there. Surely you had your mind on the countryside after the hurricane. If you did, I wish that you could climb like during the fifteen days of Girón, that would suit you very well.

We have been in Bulgaria for three days now: one day in Sofia and the in Yarna in the guest house of the Bulgarian. The trip went fine, but it was very fatiguing; we couldn't sleep because it wasn't night -- at 9 the sun set and at 12 came out again. In Prague we spent one day while waiting for the plane to Sofia. We are living like Counts of Luxembourg in a luxury betel. In Sofia everything is fine. It is quite hot during the day, but the nights are very cold. Here in Varna it's the same story, but all the hotels are full of tourists who get brave and go swimming in the cold sea. As for us, we haven't gone swimming yet. And generally after Cuba I am indifferent to the sea. Luis, until later.

Translation of a post card from Kira KOSOVSKA to LITAMIL—9. Kira is the wife of Anguel KOSOVSKI, who was a Second Secretary in the Bulgarian Embassy in Havana as of October 1965. They are now back in Sofia, Bulgaria. The card was mailed from Bulgaria to Cuba.

Good morning, Luis! How are you? We are well. We frequently think of Havana and of our friends (I - of a "bored" man too). After the Black Sea we spent one week in Sofia, and the following week we relaxed at the Radio Sofia tourist house (before leaving for Cuba I worked for Radio Sofia), located on the Vitusha, near Sofia. The Bulgarians call this mountain "lungs of the capital". It's a very lovely place. Living in the grass and looking at the sky, listening to the silence. Isn't that true? On Vitosha (sic) we remembered all that we are now in Sofia, preparing to continue our tour through the mountains. I like to walk a lot, and now I have the opportunity. We plan to climb the highest peak in Bulgaria -- Mus-ala (2925 meters). It isn't difficult -- it's not very high. What a good country Bulgaria is, but in my opinion she all too practical. Until later, Luis!

Kira KOSOVSKA

Translation of a letter from Eira KOSOVSKA to LITAMIL-9. Kira is the bife of Anguel KOSOVSKI, who was a Second Secretary in the Bulgarian Erbassy in Havana as of October 1965. They are now back in Sofia, Bulgaria. The letter was mailed from Bulgaria to Cuba.

Good evening, Luis! How have you been? Working a lot as always? Which to choose -- of two opinions on work ("horses choose the second, isn't it?

We are still in Varna, more exactly some 15 kilometers from the city of Varna; this doesn't matter because everything here is the area of beaches, hotels, etc. The weather improved, and now we go swimming and sunbathing, but we do so without eagerness -- we are spoiled permanently by the Santa María and Atlantic beaches and by the Cuban sun! At the same time it is very nice that here there are no sharks and one can swim anywhere one wants.

In the course of two years we forgot many things and now we are enjoying the climate, nature, etc. It's true—full of the dir is absolutely different: fresh, healthful, from the coast the mountains, covered with forests, begin am very sorry that you, Luis, cannot see all this, but I wisit Bulgaria. Be you know what they say about the formation of the country? When God was dividing the Earth among the because he was working. Then when he came, there was no land took a knife and cut a little piece of paradise for the Bul-

I am not exaggerating -- really the coast of the Black Sea in Bulgaria is very pretty. Now there are about 25 - 30 thousand foreigners here on vacation. And what is very interesting -- the majority from the capitalistic countries. At every step one hears French, German, Swedish. We have an acquaintance -- the manager of one of the hotels; he, for example, says that some families from Switzerland and from Belgium have been living in his hotel for 28 days, and that all are very happy, saying that the vacation in Bulgaria is pleasant and inexpensive at the same time, less expensive than in Nice or Italy. Thus Bulgaria is developing interna-

tional tourism intensively and, of course, is bringing in a lot of noney.

Eut what be ing things I'm writing! I'm sure that you are already sleepy. Not by any means do I want you to think that these are exercises in Spanish so as net to forget it. I simply want to relate some of ny impressions and observations, and you, a man so good and fine, can understand, can't you?

One more interesting thing about the tourist service here. There are some typical national restaurants open where Bulgarian fantasy is represented. For example, one represents a place where there are sheep (I don't know what it is in Spanish). It's a large patio divided into small patios, everything like in a town. There is a stone hearth in the floor, where something bells in a big bashet. There are some farm buildings, everything true to life. To make the picture complete, in one of the small patios there is a burro another, some sheep, and ... they all have a terrible odor! But everybody is happy and taking pictures, etc. The waiters are dressed in national costumes and the national orchestra plays too. Can you imagine it, Luis? It's very nice! The other restaurant, for example, represents the interior of (I don't know in Spanish, in French — the mill). There is the stone for grinding, there are filled sacks where you sit, but let's not talk about food — there is everything in abundance. After the first admirations ("what delicious cherries!", what big peaches!", etc.), I discovered a great danger for me in all this. If, for example, Anguel gains 2 — 4 pounds, it's no problem but for me it's problem \$1!

I'll close now. Before closing I'll tell you a joke (appropriate!). A family went to bed one night. Suddenly a loud noise was heard -- the cat knocked something over in the kitchen. But the frightened woman cried: "Run, my husband is coming!" and her husband, frightened also, jumped out of the window in his pajamas.

Until later, Luis. I give you my hand. The letter -- between us, is that all right?

Kira KOSCVSKA

Translation of a post card from Kira KOSOVSKA to LITAM L-9. Kira is the wife of Anguel KOSOVSKI, who was a Second Secretary in the Bulgarian Embassy in Havana as of October 1965. They are now back in Sofia, Bulgaria. The card was mailed from Bulgaria to Cuba.

Dear Luis, how are you? Before leaving I called you to verify your address and, of course, to say "the last goodbye" (for three months!), but you weren't there. Surely you had mind on the countryside after the hurricane. If you did, I wish that you could climb like during the fifteen days of Girón, that would suit you very well.

We have been in Bulgaria for three days now: one day in Sofia and two in Varna in the guest house of the Bulgarian MINREX. The trip went fine, but it was very fatiguing; we couldn't sleep because it wasn't night — at 9 the sun set and at 12 cane out again. In Prague we spent one day while waiting for the plane to Sofia. We are living like Counts of Luxembourg in a luxury hotel. In Sofia everything is fine. It is quite hot during the day, but the nights are very cold. Here in Varna it's the same story, but all the hotels are full of tourists who get brave and go swimming in the cold sea. As for us, we haven't gone swimming yet. And generally after Cuba I am indifferent to the sea. Luis, until later.

Kira KOSOVSKA

Translation of a post card from Kira KOSOVSKA to LITAMIL-9. Kira i the wife of Anguel KOSOVSKI, who was a Second Secretary in the Bulgarian Embassy in Havana as of October 1965. They are now back in Sofia, Bulgaria. The card was mailed from Bulgaria to Cuba.

Good morning, Luis! How are you? We are well. We frequently think of Havana and of our friends (I - of a "bored" man too). After the Black Sea we spent one week in Sofia, and the following week we relaxed at the Radio Sofia tourist house (before leaving for Cuba I worked for Fadio Sofia), located on the Vitusha, near Sofia. The Bulgarians call this mountain "lungs of the capital". It's a very lovely place. Living in cities, at fine the grass and looking at the sky, listening to the silence. Isn't that true? On Vitosha (sic) we remembered all that we are now in Sofia, preparing to continue our tour through the mountains. I like to walk a lot, and now I have the opportunity. We plan to climb the highest pear in Bulgaria -- Mus-ala (2925 meters). It isn't difficult -- it's not very high. What a good country Bulgaria is, but in my opinion she lacks contemplative men. Yes, yes, that's true. They are all too practical. Until later, Luis:

Translation of a letter from Kira KOSOVSKA to LITAUIL-9 is the bife of Anguel kOSOVSKI, who was a Second Secretary in the Sulgarian Embassy in Havana as of October 1965. They are now back in Sefia, Bulgaria. The letter was mailed from Bulgaria to Cuba.

Good evening, Luis! How have you been? Working a as always? which to choose -- of two opinions on work ("herses choose the second, isn't it?"

he are still in Varna, more exactly some 15 kilometers from the city of Varna; this doesn't natter because every-improved, and now we go swimming and sunbathing, but we do so without eagerness -- we are spoiled permanently by the Santa María and Atlantic beaches and by the Cuban sun! At the same time it is very nice that here there are no sharks and one can swim anywhere one wants.

In the course of two years we forgot many things and now we are enjoying the clirate, nature, etc. It's true -full of the air is absolutely different: fresh, healthful, from the coars of grass and trees. Some 500 - 400 meters I am very sorry that you, Luis, cannot see all this, but I wisit Bulgaria. Do you know what they say about the formation English, the French, and others, the Bulgarian could not because he was working. Then when he came, there was no land took a knife and cut a little piece of paradise for the Bul-

I am not exaggerating -- really the coast of the Black Sea in bulgaria is very pretty. Now there are about 25 - 30 thousand foreigners here on vacation. And what is very interesting -- the najority from the capitalistic countries. At every step one hears French, Gernan, Swedish. We have an accuaintance -- the manager of one of the hotels; he, for Belgium have been living in his hotel for 28 days, and that all are very happy, saying that the vacation in Bulgaria is pleasant and inexpensive at the same time, less expensive than in Nice or Italy. Thus Bulgaria is developing interna-

tional tourism intensively and, of course, is bringing in a lot of money.

But what boring things I'm writing! I'm sure that you are already sleepy. Not by any means do I want you to think that these are exercises in Spanish so as not to forget it. I simply want to relate some of my impressions and observations, and you, a man so good and fine, can understand, can't you?

One more interesting thing about the tourist service here. There are some tyrical national restaurants open where Bulgarian fantasy is represented. For example, one represents a place where there are sheep (I con't know what it is in Spanish). It's a large patio divided into small patios, everything like in a town. There is a stone hearth in the fluor, where something boils in a nig basket. There is a stone stove, also with a fire inside. There are some farm buildings, everything true to life. To make the picture complete, in one of the small paties there is a burro, in another, some sheep, and ... they all have a terrible odor! But everybody is happy and taking pictures, etc. The waiters are dressed in national costumes and the national orchestra plays too. Can you imagine it, Luis? It's very nice! The other restaurant, for example, represents the interior of (I don't know in Spanish, in French -- the mill). There is the stone for grinding, there are filled sacks where you sit, etc., etc. The food is served in national dishes ... but let's not talk about food -- there is everything in abundance. After the first admirations ("what delicious cherries!" what big peaches!", etc.), I discovered a great danger for me in all this. If, for example, Anguel gains 2 - 4 pounds, it's no problem but for me it's problem #1!

I'll close now. Before closing I'll tell you a joke (appropriate!). A family went to bed one night. Suddenly a loud noise was heard -- the cat knocked something over in the kitchen. But the frightened woman cried: "Run, my husband is coming!" and her husband, frightened also, jumped out of the window in his pajamas.

Until later, Luis. I give you my hand. The letter -- between us, is that all right?
